FORT WILLIAM.
FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at.................. Bengal.
Ditto..............Ditto........... Madras.
Ditto..............Ditto........... Bombay.
Per Spanish Dollar, Ditto...... China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

LIGHT AT FALSE POINT—BAY OF BENGAL.

NOTICE.

REFERRING to the Notice published from this Office under date 19th July last, Notice is given that on the 1st day of March next a Light will be exhibited at False Point on a Tripod, in Latitude 20° 19′ 25″ N. and Longitude 86° 48′ 8″ E.

The Light will be exhibited from an elevation of about 65 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 15 feet above the surface of the Sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lantern to the top of the permanent Building. It will subsequently, viz. on and after the 1st March, 1838, be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 18 to 20 miles in clear weather, from the height of 15 feet from the surface of the Sea.

The Pilots' Station will be continued as heretofore, off Point Palmyras, during the S. W. Monsoon, that is from the 15th March to the 15th September, during which period the Pilot Vessels cruize during the day off the Point, anchoring during the night in a line East and West, in Latitude 20° 42′ to 20° 48′ N. with the Point bearing West to W. by S.; the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till day light.

Commanders, on making the Light on False Point, are recommended after bringing it to bear West in from 13 to 14 fathoms, to steer to the N. E. keeping in from 13 to 18 fathoms as the wind may hang to the Westward or Eastward, on no account coming under the former depth. In this track the Blue Light and Maroon abovementioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September, the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and will then be found in a line between Point Palmyras and the Floating Light at the entrance of the Eastern Channel. Vessels therefore about that period, if the wind hangs to the Eastward or has a threatening appearance, are recommended after leaving False Point on no account to approach Point Palmyras, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel, and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March the Pilot Vessels cruize during the day between Saugor Sand and the Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10′ North.

Vessels approaching either Station during the day, are requested to make for that Vessel on board of which they

will see a large red Flag flying at the Main whenever they can do so without great inconvenience or delay. In the night during the N. E. Monsoon, that is from 15th September to 15th March, at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour, and in thick weather every half hour, and as before stated, at the Point Palmyras Station, during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without reference to turn or rotation, and that this latter is only allowed when no delay is occasioned thereby.

III. And it is hereby enacted, that it shall be lawful for the Governor of the Presidency of Fort William in Bengal from time to time by notice in the Official Gazette to fix a value for any article liable to *ad valorem* duty, and that the value so fixed by the Governor of the said Presidency shall, till altered by a similar notice, be taken to be the value of such article for the purpose of levying duty on the same.

IV. And it is hereby enacted, that every Master of a Vessel, who shall remove from such Vessel or put on board thereof any Goods, or cause or suffer any Goods to be removed thence or put on board thereof between sun-set and sun-rise, or on any day when the Custom House is closed for business, without leave in writing obtained from the Collector of Customs, shall be punished with a fine not exceeding 500 Rupees.

V. LIGHT AT FALSE POINT—BAY OF BENGAL.

NOTICE.

REFERRING to the Notice published from this Office under date 19th July last, Notice is given that on the 1st day of March next a Light will be exhibited at False Point on a Tripod, in Latitude 20° 19′ 25″ N. and Longitude 86° 48′ 8″ E.

The Light will be exhibited from an elevation of about 65 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 15 feet above the surface of the Sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lantern to the top of the permanent Building It will subsequently, viz. on and after the 1st March, 1838, be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 18 to 20 miles in clear weather, from the height of 15 feet from the surface of the Sea.

The Pilots' Station will be continued as heretofore, off Point Palmyras, during the S. W. Monsoon, that is from the 15th March to the 15th September, during which period the Pilot Vessels cruize during the day off the Point, anchoring during the night in a line East and West, in Latitude 20° 42′ to 20° 48′ N. with the Point bearing West to W by S.; the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till day light.

Commanders, on making the Light on False Point, are recommended after bringing it to bear West in from 13 to 14 fathoms, to steer to the N. E. keeping in from 13 to 18 fathoms as the wind may hang to the Westward or Eastward, on no account coming under the former depth. In this track the Blue Light and Maroon abovementioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September, the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and will then be found in a line between Point Palmyras and the Floating Light at the entrance of the Eastern Channel. Vessels therefore about that period, if the wind hangs to the Eastward or has a threatening appearance, are recommended after leaving False Point on no account to approach Point Palmyras, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel, and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March the Pilot Vessels cruize during the day between Saugor Sand and the Western Sea Reef, anchoring in the night East and West of each other in Latitude 21° to 21° 10′ North.

Vessels approaching either Station during the day, are requested to make for that Vessel on board of which they will see a large red Flag flying at the Main whenever they can do so without great inconvenience or delay. In the night during the N. E. Monsoon, that is from 15th September to 15th March, at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour, and in thick weather every half hour, and as before stated, at the Point Palmyras Station, during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without reference to turn or rotation, and that this latter is only allowed when no delay is occasioned thereby.

By Order of the Marine Board,

C. B. GREENLAW, *Secretary.*

LIGHT AT FALSE POINT—BAY OF BENGAL.

NOTICE.

REFERRING to the Notice published from this Office under date 19th July last, Notice is given that on the 1st day of March next a Light will be exhibited at False Point on a Tripod, in Latitude 20° 19′ 25″ N. and Longitude 86° 48′ 8″ E.

The Light will be exhibited from an elevation of about 65 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 15 ft above the surface of the Sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lantern to the top of the permanent Building. It will subsequently, viz. on and after the 1st March, 1838, be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 18 to 20 miles in clear weather, from the height of 15 feet from the surface of the Sea.

The Pilots' Station will be continued as heretofore, off Point Palmyras, during the S. W. Monsoon, that is from the 15th March to the 15th September, during which period the Pilot Vessels cruize during the day off the Point, anchoring during the night in a line East and West, in Latitude 20° 42′ to 20° 48′ N. with the Point bearing West to W. by S.; the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till day light.

Commanders, on making the Light on False Point, are recommended after bringing it to bear West in from 13 to 14 fathoms, to steer to the N. E. keeping in from 13 to 18 fathoms as the wind may hang to the Westward or Eastward, on no account coming under the former depth. In this track the Blue Light and Maroon abovementioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September, the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and will then be found in a line between Point Palmyras and the Floating Light at the entrance

of the Eastern Channel. Vessels therefore about that period, if the wind hangs to the Eastward or has a threatening appearance, are recommended after leaving False Point on no account to approach Point Palmyras, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel, and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March the Pilot Vessels cruize during the day between Saugor Sand and the Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10′ North.

Vessels approaching either Station during the day, are requested to make for that Vessel on board of which they will see a large red Flag flying at the Main whenever they can do so without great inconvenience or delay. In the night during the N. E. Monsoon, that is from 15th September to 15th March, at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour, and in thick weather every half hour, and as before stated, at the Point Palmyras Station, during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without reference to turn or rotation, and that this latter is only allowed when no delay is occasioned thereby.

LIGHT AT FALSE POINT—BAY OF BENGAL. NOTICE.

REFERRING to the Notice published from this Office under date 19th July last, Notice is given that on the 1st day of March next a Light will be exhibited at False Point on a Tripod, in Latitude 20° 19′ 25″ N. and Longitude 86° 48′ 8″ E.

The Light will be exhibited from an elevation of about 65 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 15 ft above the surface of the Sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lantern to the top of the permanent Building. It will subsequently, viz. on and after the 1st March, 1838, be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 18 to 20 miles in clear weather, from the height of 15 feet from the surface of the Sea.

The Pilots' Station will be continued as heretofore, off Point Palmyras, during the S. W. Monsoon, that is from the 15th March to the 15th September, during which period the Pilot Vessels cruize during the day off the Point, anchoring during the night in a line East and West, in Latitude 20° 42′ to 20° 48′ N. with the Point bearing West to W. by S.; the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till day light.

Commanders, on making the Light on False Point, are recommended after bringing it to bear West in from 13 to 14 fathoms, to steer to the N. E. keeping in from 13 to 18 fathoms as the wind may hang to the Westward or Eastward, on no account coming under the former depth. In this track the Blue Light and Maroon abovementioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September, the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and will then be found in a line between Point Palmyras and the Floating Light at the entrance of the Eastern Channel. Vessels therefore about that period, if the wind hangs to the Eastward or has a threatening appearance, are recommended after leaving False Point on no account to approach Point Palmyras, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel, and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March the Pilot Vessels cruize during the day between Saugor Sand and the Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10′ North.

Vessels approaching either Station during the day, are requested to make for that Vessel on board of which they will see a large red Flag flying at the Main whenever they can do so without great inconvenience or delay. In the night during the N. E. Monsoon, that is from 15th September to 15th March, at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour, and in thick weather every half hour, and as before stated, at the Point Palmyras Station, during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without reference to turn or rotation, and that this latter is only allowed when no delay is occasioned thereby.

Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorised Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at.................. Bengal.
Ditto..............Ditto............ Madras.
Ditto..............Ditto............ Bombay.
Per Spanish Dollar, Ditto...... China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

LIGHT AT FALSE POINT—BAY OF BENGAL.
NOTICE.

REFERRING to the Notice published from this Office under date 19th July last, Notice is given that on the 1st day of March next a Light will be exhibited at False Point on a Tripod, in Latitude 20° 19′ 25″ N. and Longitude 86° 48′ 8″ E.

The Light will be exhibited from an elevation of about 65 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 15 ft above the surface of the Sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lantern to the top of the permanent Building. It will subsequently, viz. on and after the 1st March, 1838, be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 18 to 20 miles in clear weather, from the height of 15 feet from the surface of the Sea.

The Pilots' Station will be continued as heretofore, off Point Palmyras, during the S. W Monsoon, that is from the 15th March to the 15th September, during which period the Pilot Vessels cruize during the day off the Point, anchoring during the night in a line East and West, in Latitude 20° 42′ to 20° 48′ N. with the Point bearing West to W. by S.; the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till day light.

Commanders, on making the Light on False Point, are recommended after bringing it to bear West in from 13 to 14 fathoms, to steer to the N. E. keeping in from 13 to 18 fathoms as the wind may hang to the Westward or Eastward, on no account coming under the former depth. In this track the Blue Light and Maroon abovementioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September, the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and will then be found in a line between Point Palmyras and the Floating Light at the entrance of the Eastern Channel. Vessels therefore about that period, if the wind hangs to the Eastward or has a threatening appearance, are recommended after leaving False Point on no account to approach Point Palmyras, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel, and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March the Pilot Vessels cruize during the day between Saugor Sand and the Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10′ North.

Vessels approaching either Station during the day, are requested to make for that Vessel on board of which they will see a large red Flag flying at the Main whenever they can do so without great inconvenience or delay. In the night during the N. E. Monsoon, that is from 15th September to 15th March, at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour, and in thick weather every half hour, and as before stated, at the Point Palmyras Station, during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without reference to turn or rotation, and that this latter is only allowed when no delay is occasioned thereby.

N. B. Parties applying for the above Packages, will be pleased to send Invoices, or Bills, shewing contents and value, and to depute persons to be present at the opening of them at this Office. The Collector has nothing to do with the business of Landing Packages from Ships, nor with forwarding them to their owners, or their destination.

The fact of Articles being destined for PRIVATE USE, and not for Sale, does not exempt them from payment of Duty, of they be of a kind which is chargeable with Duty under the Regulation.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 4TH SEPTEMBER, 1837.

Resolution.—It appears to be on many accounts expedient, that, in a short time, the Governor General should visit the North Western Provinces of the Presidency of Fort William, unattended by any Member of the Council of India.

It is provided by Parliament (Section 70 Act 3 and 4 Wm. 4th Cap. 85,) that, on such occasions "it shall be lawful for the said Governor General "in Council, previously to the departure of the "said Governor General, to nominate some Mem- "ber of the Council of India to be President of "the said Council, in whom during the absence "of the said Governor General from the said "Presidency of Fort William in Bengal, the "powers of the said Governor General in assem- "blies of the said Council, shall be reposed."

It is also provided by Parliament that, "it shall "be lawful, in every such case for the said Gover- "nor General in Council, by a Law or Regulation "for that purpose to be made, to authorize the "Governor General alone to exercise all or any "of the powers which might be exercised by the "said Governor General in Council, except the "power of making Laws or Regulations."

His Lordship in Council has determined, in the exercise of the powers entrusted to him by Parliament, to pass a Legislative Act conferring all the executive powers of the Supreme Government on the Governor General during his absence. Though new in form, this arrangement is by no means new in substance. On the contrary, it has virtually existed whenever a Governor General has been separated from his Council; and the only novel circumstance is, that what on former occasions was effected by means of an understanding between the Members of the Government, will now, according to the directions of Parliament, be effected by a Legislative enactment; but the same understanding will yet exist, and the same mutual references be made upon matters of importance as have been hitherto found sufficient to facilitate the cordial co-operation of the two authorities and to ensure harmony and confidence in the transaction of public affairs.

The business of the Legislative Department during the absence of the Governor General, will be conducted in the manner prescribed by the Act of Parliament,—Drafts of Acts will be promulgated for general information by the authority of the President in Council; but none will be finally passed without the assent of the Governor General signified in writing.

The business of the Supreme Government in other departments, will be conducted according to arrangements to be agreed upon between the Governor General and the President in Council.

The business of the Government of Bengal will, during the absence of the Governor General, be conducted by a Deputy Governor.

The Lieutenant Governor of the N. W. Provinces has, to the great regret of His Lordship in Council, signified his intention to retire in a short time from the Public Service. It appears to His Lordship in Council that to appoint a Lieutenant Governor of those Provinces at a time when the Governor General is actually residing within them, would be to incur large expense without proportionably adding to the efficiency of the administration. His Lordship in Council is satisfied that he shall best conform to the spirit of the existing Acts of Parliament, and best consult the Public interests by taking the N. W. Provinces, after the departure of the Lieutenant Governor, into the immediate charge of the Supreme Government. The Governor General who will hold all the Executive powers of the Supreme Government, will himself, during his residence in those Provinces, perform the functions now performed by the Lieutenant Governor, in communication with the President in Council, in such mode as may be determined upon between the two authorities.

The following Draft of a proposed Act is accordingly published for general information.

ACT NO. —— OF 1837.

It is hereby enacted, that from the day on which it shall be notified by an Order of the Governor General of India in Council published in the Official Gazette that the said Governor General has quitted his Council for the purpose of proceeding to the N. W. Provinces, till the time at which the said Governor General shall, next after the said notification, rejoin his Council, the said Governor General shall have all the powers of Governor General in Council except the power of making Laws or Regulations.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 14th day of October next.

W. H. MACNAGHTEN,
Secy. to the Govt. of India.

"*Reply to letter, dated 22d December*, 1836, (*No. 90*) Submit for the consideration and Orders of the Court copy of a G. O. issed by the Commander in Chief in consequence of the publication in a Calcutta Newspaper of a letter from Colonel Vans Kennedy, of the Bombay Establishment, on the subject of his alleged grievances.

1. We cannot too strongly condemn the conduct of Colonel Kennedy in addressing the Officers of the Army of India, through a Newspaper for the purpose of controverting opinions expressed in General Orders by the Commander in Chief of the Presidency to which he belongs.

2. The want of a due sense of Military subordination which is evinced in this act, is in the highest degree reprehensible and merits our most severe disapprobation. We are only restrained by a consideration for Colonel Kennedy's former services from now visiting him with a more severe mark of our displeasure.

3. You will publish these paras. in General Orders."

FORT WILLIAM.
FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

Notice is hereby given, that under Instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. *d.*		
	Per Company's Rupee for Advances made at....................	Bengal.
	Ditto................Ditto............	Madras.
	Ditto................Ditto............	Bombay.
	Per Spanish Dollar, Ditto.......	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

The following Act, passed by the Right Hon'ble the Governor General of India in Council on the 3d July, 1837, is hereby promulgated for general information:

Act No. XVI. of 1837.

I. It is hereby enacted, that from the 15th day of July, 1837, Regulation XV. 1817 of the Bengal Code, shall be repealed.

II. And it is hereby enacted, that when the Customs Duties fixed to be levied upon Goods exported by sea from any Port of Bengal or Orissa shall be *ad valorem*, the value of such Goods shall be declared by the Exporter in the manner prescribed by Regulation VI. 1833 of the Bengal Code for Goods imported into Calcutta by sea, and the provisions of that Regulation for cases of disputed value (excepting Section IV. thereof, which prescribes the levy of duty when the Goods are taken for Government) shall apply to Goods intended to be exported by sea in like manner as for imported Goods, and the value so to be declared by the Exporter shall include the packages or materials in which the Goods may be contained.

III. And it is hereby enacted, that it shall be lawful for the Governor of the Presidency of Fort William in Bengal from time to time by notice in the Official Gazette to fix a value for any article liable to *ad valorem* duty, and that the value so fixed by the Governor of the said Presidency shall, till altered by a similar notice, be taken to be the value of such article for the purpose of levying duty on the same.

IV. And it is hereby enacted, that every Master of a Vessel, who shall remove from such Vessel or put on board thereof any Goods, or cause or suffer any Goods to be removed thence or put on board thereof between sun-set and sun-rise, or on any day when the Custom House is closed for business, without leave in writing obtained from the Collector of Customs, shall be punished with a fine not exceeding 500 Rupees.

V. And it is hereby enacted, that when upon application from the Commander of any Vessel the Custom House Officer shall be removed from on board thereof under the provisions to that effect contained in Section XVI. of the Act XIV. of 1836, if the Commander of such Vessel shall before a Custom House Officer have again been placed in such Vessel, put on board of such Vessel or cause or suffer to be put on board of such Vessel any Goods whatever, such Commander shall be punished with a fine not exceeding 1,000 Rupees, and the Goods shall be liable to be relanded for examination at the expence of the Shipper or Shippers upon requisition to that effect from the Collector of Customs.

VI. And it is hereby enacted, that the Commander of every Vessel who is bound to receive a Custom House Officer on board of such Vessel shall also be bound to receive on board one Servant of such Officer, and to provide such Officer and such Servant with suitable shelter and accommodation, and likewise with a due allowance of fresh water, and with the means of cooking on board, and if any Commander of a Vessel shall wilfully disobey the directions contained in this Section he shall be punished with fine not exceeding 500 Rupees.

VII. And it is hereby enacted, that no Cargo boat laden with Goods intended for exportation by sea shall make fast to, or lie alongside of any Vessel unless there shall be on board the boat or have been received by the Custom House Officer on board of the Vessel, a Custom House Permit or Order for the shipment of the Goods. And the Goods on board of any boat that may so lie alongside or be made fast to a Vessel if such Goods be not covered by a Custom House Pass accompanying them, or previously received by the Customs Officer on board the said Vessel, shall be liable to confiscation.

VIII. And it is hereby enacted, that when Goods shall be sent from on board ship for the purpose of being landed and passed for importation, there shall be sent with each boat-load or other separate dispatch, a boat-note specifying the number of packages and the marks and numbers or other description thereof, and such boat-note shall be signed by an Officer of the Vessel and likewise by the Customs Officer that may be on board, and if any imported Goods be found in a boat proceeding to land without a boat-note, or if being accompanied by a boat-note they be found out of the proper track between the Ship and the Custom House Wharf or other Wharf or Ghaut at which they have been permitted to be landed, the boat containing such Goods may be detained by any Inspector or by any other Officer of the Preventive Service of the Custom House duly authorized by the Collector of Customs, and unless the cause of deviation be explained to the satisfaction of the Officers of Customs, the Goods shall be liable to confiscation.

IX. And it is hereby enacted, that when Goods shall be brought to be passed through the Custom House, either for importation or exportation by Sea, if the packages in which the same may be contained shall be found not to correspond with the description of them given in the application for passing them through the Custom House, or if the contents thereof be found not to have been correctly described in regard to sort, quality or quantity, or if any Goods not stated in the application be found concealed in or mixed up with the specified articles, all such packages with the whole of the Goods contained therein, shall be liable to confiscation.

XII. And it is hereby enacted in modification of Section XVIII. of the Act XIV. of 1836, that when Goods shall be shipped after Port Clearance, if the same be imported Goods entitled to drawback, such drawback shall be forfeited but no separate duty shall be levied thereon.

XIII. And it is hereby enacted in modification of Section XV. of Act XIV. of 1836, that if Goods landed at the Custom House be not claimed and cleared from the Custom House within three months from the date of entry of the Ship in which such Goods were imported, it shall be competent to the Collector to sell the Goods on account of the Duties, Freight and other charges incurred and due thereon.

XIV. And it is hereby enacted, that no payment shall be made of drawback upon any Goods exported from any Port of Bengal or Orissa unless the export be made within two years from the date of the import in the Custom House Registers, nor unless the claim to receive such drawback be made at the time of exportation, nor unless the amount due thereupon be demanded within one year from the date of entry for shipment in the Custom House Registers.

XV. And it is hereby enacted, that drawback shall not be allowed upon Goods shipped in Dhonies and Native Craft not navigated by Pilots and not having Custom House Officers on board.

XVI. And it is hereby enacted in modification of Section LI. Regulation IX. of 1810, that the Board of Customs, Salt and Opium shall have power to fix, and from time to time to alter the rates of Wharfage and Godown rent charges, and to determine the time for which Goods shall be allowed to remain on the Wharfs or in the Godowns of the Custom House, free of charge, while the Goods are being passed for import and export by sea.

XVII. And it is hereby enacted, that it shall be lawful for the Collector of Customs, whenever he shall see fit to require that Goods brought by sea and stowed in bulk shall be weighed on board ship before being sent to land and to levy duty according to the result of such weighing.

XVIII. And it is hereby enacted, that whoever shall intentionally offer any obstruction to the weighing directed by the preceding Section, shall be punished with a fine not exceeding 500 Rupees.

POLITICAL DEPARTMENT,

FORT WILLIAM, THE 26TH JUNE, 1837.

The Right Honorable the Governor General of India in Council is pleased to publish for general information, the substance of the arrangements concluded on the 28th of November, 1836, between Colonel Pottinger, the Agent to the Governor General for the Affairs of Sinde and the Ameers of Hyderabad, with a view to protect the interests of Commerce on the Indus.

To obviate the difficulties Vessels might meet with from the low-lying nature of the Coast, in approaching the mouths of the River by the proper entrance, a channel will be laid down by Buoys; and landmarks will be erected along the shore at such spots as may appear most eligible. A Survey of the whole line of the Coast and of the Harbours of Cutch and Sinde from Mundavee to Kurachee is in progress, under the direction of the Bombay Government, and it is of course understood that any Port shall be available to Vessels compelled there by stress of weather or otherwise prevented from proceeding on their intended course.

Syud Azeem ood deen Hossan, the Native Agent of the British Government, will reside at one of the mouths of the River. He has been recognized also by the Hyderabad Government as a Referee qualified to decide upon any disputes respecting Tolls or other dues, and it has been arranged that Goods imported in anticipation of the opening of the River may be landed and warehoused either at Vikkur or Tattah under the Seal of the Syud.

Instead of the former variable charges, a fee of half a Rupee shall hereafter be leviable from all Boats anchoring at Vikkur or other Ports (Bunder) at the mouths of the River, and all other duties or demands, not expressly authorized by the Treaty are held to be unwarranted and illegal.

The Ameers of Hyderabad have further agreed to establish, if it be found convenient, in co-operation with the British Government, an Annual Fair at Tattah (or at Vikkur if it be preferred) which may be expected to be the resort of Merchants from all surrounding Countries: and finally, they have undertaken to facilitate the River navigation as far as may be by clearing away the jungle on the banks.

By Order of the Right Honorable the Governor General of India in Council,

W. H. MACNAGHTEN,
Secy. to Govt. of India.

LIGHT AT FALSE POINT—BAY OF BENGAL.

NOTICE.

REFERRING to the Notice published from this Office under date 19th July last, Notice is given that on the 1st day of March next a Light will be exhibited at False Point on a Tripod, in Latitude 20° 19′ 25″ N. and Longitude 86° 48′ 8″ E.

The Light will be exhibited from an elevation of about 65 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 15 feet above the surface of the Sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lantern to the top of the permanent Building. It will subsequently, viz. on and after the 1st March. 1839, be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 18 to 20 miles in clear weather, from the height of 15 feet from the surface of the Sea.

The Pilots' Station will be continued as heretofore, off Point Palmyras, during the S. W. Monsoon, that is from the 15th March to the 15th September, during which period the Pilot Vessels cruize during the day off the Point, anchoring during the night in a line East and West, in Latitude 20° 42′ to 20° 48′ N. with the Point bearing West to W. by S.; the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till day light.

Commanders, on making the Light on False Point, are recommended after bringing it to bear West in from 13 to 14 fathoms, to steer to the N. E. keeping in from 13 to 18 fathoms as the wind may hang to the Westward or Eastward, on no account coming under the former depth. In this track the Blue Light and Maroon abovementioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September, the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and will then be found in a line between Point Palmyras and the Floating Light at the entrance of the Eastern Channel. Vessels therefore about that period, if the wind hangs to the Eastward or has a threatening appearance, are recommended after leaving False Point on no account to approach Point Palmyras, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel, and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March the Pilot Vessels cruize during the day between Saugor Sand and the Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10′ North.

Vessels approaching either Station during the day, are requested to make for that Vessel on board of which they will see a large red Flag flying at the Main whenever they can do so without great inconvenience or delay. In the night during the N. E. Monsoon, that is from 15th September to 15th March, at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour, and in thick weather every half hour, and as before stated, at the Point Palmyras Station, during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without reference to turn or rotation, and that this latter is only allowed when no delay is occasioned thereby.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 3D JULY, 1837.

The following Act, passed by the Right Hon'ble the Governor General of India in Council on the 3d July, 1837, is hereby promulgated for general information:

ACT. No. XVI. OF 1837.

I. It is hereby enacted, that from the 15th day of July, 1837, Regulation XV. 1817 of the Bengal Code, shall be repealed.

II. And it is hereby enacted, that when the Customs Duties fixed to be levied upon Goods exported by sea from any Port of Bengal or Orissa shall be *ad valorem*, the value of such Goods shall be declared by the Exporter in the manner prescribed by Regulation VI. 1833 of the Bengal Code for Goods imported into Calcutta by sea, and the provisions of that Regulation for cases of disputed value (excepting Section IV. thereof, which prescribes the levy of duty when the Goods are taken for Government) shall apply to Goods intended to be exported by sea in like manner as for imported Goods, and the value so to be declared by the Exporter shall include the packages or materials in which the Goods may be contained.

III. And it is hereby enacted, that it shall be lawful for the Governor of the Presidency of Fort William in Bengal from time to time by notice in the Official Gazette to fix a value for any article liable to *ad valorem* duty, and that the value so fixed by the Governor of the said Presidency shall, till altered by a similar notice, be taken to be the value of such article for the purpose of levying duty on the same.

IV. And it is hereby enacted, that every Master of a Vessel, who shall remove from such Vessel or put on board thereof any Goods, or cause or suffer any Goods to be removed thence or put on board thereof between sun-set and sun-rise, or on any day when the Custom House is closed for business, without leave in writing obtained from the Collector of Customs, shall be punished with a fine not exceeding 500 Rupees.

V. And it is hereby enacted, that when upon application from the Commander of any Vessel the Custom House Officer shall be removed from on board thereof under the provisions to that effect contained in Section XVI. of the Act XIV. of 1836, if the Commander of such Vessel shall before a Custom House Officer have again been placed in such Vessel, put on board of such Vessel or cause or suffer to be put on board of such Vessel any Goods whatever, such Commander shall be punished with a fine not exceeding 1,000 Rupees, and the Goods shall be liable to be relanded for examination at the expence of the Shipper or Shippers upon requisition to that effect from the Collector of Customs.

VI. And it is hereby enacted, that the Commander of every Vessel who is bound to receive a Custom House Officer on board of such Vessel shall also be bound to receive on board one Servant of such Officer, and to provide such Officer and such Servant with suitable shelter and accommodation, and likewise with a due allowance of fresh water, and with the means of cooking on board, and if any Commander of a Vessel shall wilfully disobey the directions contained in this Section he shall be punished with fine not exceeding 500 Rupees.

VII. And it is hereby enacted, that no Cargo boat laden with Goods intended for exportation by sea shall make fast to, or lie alongside of any Vessel unless there shall be on board the boat or have been received by the Custom House Officer on board of the Vessel, a Custom House Permit or Order for the shipment of the Goods. And the Goods on board of any boat that may so lie alongside or be made fast to a Vessel if such Goods be not covered by a Custom House Pass accompanying them, or previously received by the Customs Officer on board the said Vessel, shall be liable to confiscation.

VIII. And it is hereby enacted, that when Goods shall be sent from on board ship for the purpose of being landed and passed for importation, there shall be sent with each boat-load or other separate dispatch, a boat-note specifying the number of packages and the marks and numbers or other description thereof, and such boat-note shall be signed by an Officer of the Vessel and likewise by the Customs Officer that may be on board, and if any imported Goods be found in a boat proceeding to land without a boat-note, or if being accompanied by a boat-note they be found out of the proper track between the Ship and the Custom House Wharf or other Wharf or Ghaut at which they have been permitted to be landed, the boat containing such Goods may be detained by any Inspector or by any other Officer of the Preventive Service of the Custom House duly authorized by the Collector of Customs, and unless the cause of deviation be explained to the satisfaction of the Officers of Customs, the Goods shall be liable to confiscation.

IX. And it is hereby enacted, that when Goods shall be brought to be passed through the Custom House, either for importation or exportation by Sea, if the packages in which the same may be contained shall be found not to correspond with the description of them given in the application for passing them through the Custom House, or if the contents thereof be found not to have been correctly described in regard to sort, quality or quantity, or if any Goods not stated in the application be found concealed in or mixed up with the specified articles, all such packages with the whole of the Goods contained therein, shall be liable to confiscation.

X. And it is hereby enacted, that if any person after Goods have been landed and before they have been passed through the Custom House, removes or attempts to remove them with the intention of defrauding the the Revenue, the Goods shall be liable to confiscation.

XII. And it is hereby enacted in modification of Section XVIII. of the Act XIV. of 1836, that when Goods shall be shipped after Port Clearance, if the same be imported Goods entitled to drawback, such drawback shall be forfeited but no separate duty shall be levied thereon.

XIII. And it is hereby enacted in modification of Section XV. of Act XIV. of 1836, that if Goods landed at the Custom House be not claimed and cleared from the Custom House within three months from the date of entry of the Ship in which such Goods were imported, it shall be competent to the Collector to sell the Goods on account of the Duties, Freight and other charges incurred and due thereon.

XIV. And it is hereby enacted, that no payment shall be made of drawback upon any Goods exported from any Port of Bengal or Orissa unless the export be made within two years from the date of the import in the Custom House Registers, nor unless the claim to receive such drawback be made at the time of exportation, nor unless the amount due thereupon be demanded within one year from the date of entry for shipment in the Custom House Registers.

XV. And it is hereby enacted, that drawback shall not be allowed upon Goods shipped in Dhonies and Native Craft not navigated by Pilots and not having Custom House Officers on board.

No. 138 of 1837.—Under instructions from the Hon'ble the Court of Directors, His Lordship in Council is pleased to direct, that Family Remittances from Non-Commissioned Officers and Privates of King's Regiments serving in India, be strictly confined to the spirit of the Secretary at War's Circulars of the 30th April, 1822 and 23d January, 1827, the former of which gave rise to the indulgence of such Remittances from Soldiers on foreign stations.

It was never intended by these Regulations that money accumulated in a long course of years by individuals belonging to Regiments under Orders for Europe, should be considered in the light of Family Remittances, or possess a claim to be forwarded to England through the medium of the Hon'ble Company's Treasuries at any of the Presidencies.

The object contemplated was, to afford to Soldiers on foreign Stations, the means of contributing periodically, by *bonâ fide savings from their Pay*, without loss or risk, to the support of their families or connexions during their absence; or to send such savings periodically to England, to be held in deposit for their own advantage on their return.

LIGHT AT FALSE POINT—BAY OF BENGAL.

NOTICE.

REFERRING to the Notice published from this Office under date 19th July last, Notice is given that on the 1st day of March next a Light will be exhibited at False Point on a Tripod, in Latitude 20° 19′ 25″ N. and Longitude 86° 48′ 8″ E.

The Light will be exhibited from an elevation of about 65 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 15 feet above the surface of the Sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lantern to the top of the permanent Building. It will subsequently, viz. on and after the 1st March, 1838, be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 18 to 20 miles in clear weather, from the height of 15 feet from the surface of the Sea.

The Pilots' Station will be continued as heretofore, off Point Palmyras, during the S. W. Monsoon, that is from the 15th March to the 15th September, during which period the Pilot Vessels cruize during the day off the Point, anchoring during the night in a line East and West, in Latitude 20° 42′ to 20° 48′ N. with the Point bearing West to W. by S.; the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till day light.

Commanders, on making the Light on False Point, are recommended after bringing it to bear West in from 13 to 14 fathoms, to steer to the N. E. keeping in from 13 to 16 fathoms as the wind may hang to the Westward or Eastward, on no account coming under the former depth. In this track the Blue Light and Maroon abovementioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September, the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and will then be found in a line between Point Palmyras and the Floating Light at the entrance of the Eastern Channel. Vessels therefore about that period, if the wind hangs to the Eastward or has a threatening appearance, are recommended after leaving False Poin- on no account to approach Point Palmyras, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel, and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March the Pilot Vessels cruize during the day between Saugor Sand and the Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10′ North.

Vessels approaching either Station during the day, are requested to make for that Vessel on board of which they will see a large red Flag flying at the Main whenever they can do so without great inconvenience or delay. In the night during the N. E. Monsoon, that is from 15th September to 15th March, at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour, and in thick weather every half hour, and as before stated, at the Point Palmyras Station, during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without reference to turn or rotation, and that this latter is only allowed when no delay is occasioned thereby.

FORT WILLIAM,

GENERAL DEPARTMENT.

FOREIGN.

THE 12TH JULY, 1837.

The following List of the Light Houses on the Danish Coasts, forwarded by the Board of Customs and Commerce at Copenhagen, and communicated to this Government by the Government of Serampore, is published for general information.

LIST OF THE LIGHT-HOUSES ON THE DANISH COASTS. 1836.

Published by Order of the Royal Board of Customs and Trade.

COPENHAGEN.

The Danish Light Houses are kept lighted every night throughout the year till sunrise. In summer: from Easter to Michaelmas, they are lighted one hour; and in winter: from Michaelmas to Easter, half an hour after sunset.

The distances at which these light houses can be seen from the deck of a common trading vessel, or when the eye of the observer is about 10 feet above the level of the sea, are in this list put down in geographical miles, the other measures in Danish feet or ells, and the directions according to the Azimuth Compass.

IN THE CATTEGATE.

SKAGEN'S LIGHT HOUSE.

A fixed lamp-light on the Northernmost point of Jutland (called "Skagen's Odde" or "Grenen") in a tower, situated about 5000 ells W. by N. from the extreme end of the Peninsula,—the light is 67 feet above the level of the Sea and visible at a distance of 3¼ miles.

FREDERICKSHAVEN'S HARBOUR LIGHT.

A fixed lamp-light on the Southern head of the harbour, 22 feet above the Sea, and visible at a distance of 2¼ miles.

LÆSOE LIGHT VESSEL.

This is situated about in E. S. E. 5-6 cables' length from the ground "Trindelen" in 7 fathoms water, and in N. E. ¾ N. about 1½ mile from the Easternmost point of the island of Læsoe, called "Syrodden." The Vessel has a lamp-light around the mizen mast, and is rigged somewhat like a Schooner, the sides of the Vessel are painted red with a white cross. During the day she shows a red flag on the foretop-mast, and when the weather is thick and foggy, the Ship-bell is rung frequently; the light is hoisted 25 feet above the level of the Sea, and can be seen at a distance of 2¼ miles The Vessel may, if the preceding winter renders it feasible, be expected at her Station at the very beginning of March, and will remain there till the 21st of December, unless an unexpected severe frost or unforeseen mishaps should oblige her to quit the station earlier.

The light on the Island of *Anholt* is in a tower situated a little above ¼ mile W. by N. within the Eastern point of the island. The main light is a fixed lamp-light 119 feet above the level of the sea and visible at a distance of 4 miles.

As a farther guide to avoid approaching the eastern reef of Anholt ("Knoben") too near, a fixed additional light is provided on the eastern side of the tower about 63 feet under the main light.

NAKKEHOVED TWO LIGHTS.

On the Northern Coast of Sealand, about 2¾ miles N. W. from the Castle of Kronborg are fixed lamp-lights in 2 light houses, distant from each other about 640 ells. Of these lights the Western is 143 feet, the Eastern 95 feet above the level of the Sea; the former is visible at a distance of 4¼, the latter of 3¾ miles.

KRONBORG LIGHT HOUSE

is erected as a guide for Vessels entering the Sound from the North, consists of a fixed lamp-light in the North-eastern tower of Kronborg-Castle, 107 feet above the level of the sea, and is visible from the North at a distance of about 3½ miles.

THE LIGHT AT TREKRONER.

A fixed lantern-fire on the eastern side of the Fort "Trekroner," at the entrance of the outer harbour of Copenhagen, 30 feet above the water and visible at a distance of 2½ miles.

THRENOE LIGHT.

A fixed lamp light in the Church Steeple of the said island, situated between Jutland and Samsoe, 97 feet above the water and visible at a distance of 3¾ miles all around the island.

Kyholm's Light, a temporary twinkling light at the quarantine establishment of the island of Kyholm, on the North eastern side of Samsoe, 56 feet high and visible at a distance of 3 miles.

The fixed lights at "Kundshoved" near Nyborg and at Halsko near Korsoe, besides the two fixed harbour lights of Korsoe, are erected to guide the passage of the post and of ferry boats across the Great Belt between the aforesaid tower, and are kept lighted every night, whereas the twinkling light at Sprogoe is only so when the post passes.

IN THE BALTIC.

STEVN'S LIGHT.

A revolving lamp or twinkling light at Stevn's Klint, on the Eastern Coast of Sealand; the building in the Eastern gable of which the light is put up, stands 2,200 ells in N. 38° E. from Hojerup Church, at the Southern extremity of Stevn's Klint; the 6 lamps with reverbers revolve in 3 minutes, so that a twinkle is seen every half minute; the height of the light above the level of the sea is 110 feet, and can be seen at a distance of 4¼ miles.

GJEDSER LIGHT

Consists of a fixed lamp-light on the Southern extremity of island of Falster, called "Gjedserodde," in a turret, situated about ¼ mile within the extreme point of the island. Its height above the level of the sea is 44 feet, and it is visible at a distance of 2¾ miles.

As a caution in the day time against the dangerous grounds Tundelen, situated in S. E. ¾ S. from Gjedserodde, a black painted barrel on a pole is put up on the high acclivity near the coast. This day mark, in a line with the light house, shows the direction to the aforesaid grounds.

The Light Marienleuchte at Tchmarn, at the edge of the old castle (Ohlenberg), near the reef of Putgarden, on the North-eastern side of the island. It has 6 lamps with reverbers, which revolve in 3 minutes, so that during this space of time are seen alternately 6 twinkles, each of which is visible for 10 seconds and disappear again for 20 seconds, the light is 92 feet above the level of the sea, and is visible all around the island at a distance of about 3¾ miles, except in the direction between S 7° W. og S. 15° E. where the light is concealed by the land at a distance less than 1¼ mile.

TAKKEBJERG, OR GULDSTAR LIGHT.

A fixed lamp light on an high hill called Takkebjerg, situated in the South of the island of Langeland, in N. N. E. ¼ mile from the end of this island. Guldstar, 125 feet above the level of the sea, and visible at a distance of 4 miles.

BULK LIGHT.

A fixed lamp light on the coast to the North of the Frith of Kjel, put up in projecture of the Eastern gable of the pilot house, about 33 feet above the water, and visible at a distance of 2½ miles.

FREDERICKSORT'S LIGHT.

A fixed lamp light in a house on the ramparts of Frederiksort, at the Western side of the Frith of Kjel, to caution against the thence issuing grounds.

Hammershuu's Light at Bornholm, also called "Hammerens" or Steilebjerg Light, is a "sea coal flambeau light" in a lantern on the so-called Steilebjerg, about ½ mile in S. W. within this Northernmost point of the island; the height of this light above the level of the sea is 272 feet, and it is visible at a distance of 5¾ miles.

CHRISTIANSOE LIGHT.

A revolving lamp or twinkling light on the rock island, Christiansoe, about 3¼ miles E. from the Northern point of Bornholm, the 3 lamps of the light with 9 reverbers revolve in 3 minutes, during which are visible 9 twinkles, alternating with equally long intervals, viz. a twinkle every 20th second. The light is 92 feet above the level of the Sea Coast, visible at a distance of 3½ miles.

IN THE NORTH SEA.

The Light and Pilot Vessel at the mouth of the Eyder is stationed in the so-called Dove vyfvaden, between "Vatterne," in 4½ fathoms of water It has a lamp light around the foremas , 31 feet above the level of the sea, and visible at a distance of 2¼ miles.

Ships coming from the West and having the Light Vessel E. S. E. may with safety direct their course towards her, and may, if bad weather or low water should render a further entrance insecure, anchor to the E. of her in 5 fa-

thoms of water. The Vessel has two masts, and her sides are painted red with a white border; during the day she shews on her foretop a small Danish flag, which is about 60 feet above the level of the sea. On board the vessel are 8 Pilots to conduct ships on the Eyder up to Tonugen, on the Heven to Husum, and on the Elb to Bosel.

As a guide to her station for Ships, who in thick and foggy weather miss the mouth of the Eyder, a gun is fired and a bell rung as soon as a Ship out of her way comes within sight; no skipper is, however, on this account, obliged to approach the Light Vessel.

The Light and Pilot Vessel is sent to her station in the Spring towards the end of February, or as soon as the sea is free from ice, and will continue there till the 30th November, unless unforeseen circumstances should force her to leave the Station earlier.

LIGHT AT FALSE POINT—BAY OF BENGAL.

NOTICE.

REFERRING to the Notice published from this Office under date 19th July last, Notice is given that on the 1st day of March next a Light will be exhibited at False Point on a Tripod, in Latitude 20° 19′ 25″ N. and Longitude 86° 48′ 5″ E.

The Light will be exhibited from an elevation of about 65 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 15 feet above the surface of the Sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lantern to the top of the permanent Building. It will subsequently, viz. on and after the 1st March, 1838, be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 18 to 20 miles in clear weather, from the height of 15 feet from the surface of the Sea.

The Pilots' Station will be continued as heretofore, off Point Palmyras, during the S. W. Monsoon, that is from the 15th March to the 15th September, during which period the Pilot Vessels cruize during the day off the Point, anchoring during the night in a line East and West, in Latitude 20° 42′ to 20° 48′ N. with the Point bearing West to W. by S.; the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till day light.

Commanders, on making the Light on False Point, are recommended after bringing it to bear West in from 13 to 14 fathoms, to steer to the N. E. keeping in from 13 to 18 fathoms as the wind may hang to the Westward or Eastward, on no account coming under the former depth. In this track the Blue Light and Maroon abovementioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September, the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and will then be found in a line between Point Palmyras and the Floating Light at the entrance of the Eastern Channel. Vessels therefore about that period, if the wind hangs to the Eastward or has a threatening appearance, are recommended after leaving False Point on no account to approach Point Palmyras, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel, and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March the Pilot Vessels cruize during the day between Saugor Sand and the Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10′ North.

Vessels approaching either Station during the day, are requested to make for that Vessel on board of which they will see a large red Flag flying at the Main whenever they can do so without great inconvenience or delay. In the night during the N. E. Monsoon, that is from 15th September to 15th March, at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour, and in thick weather every half hour, and as before stated, at the Point Palmyras Station, during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without reference to turn or rotation, and that this latter is only allowed when no delay is occasioned thereby.

LIGHT AT FALSE POINT—BAY OF BENGAL.
NOTICE.

REFERRING to the Notice published from this Office under date 19th July last, Notice is given that on the 1st day of March next a Light will be exhibited at False Point on a Tripod, in Latitude 20° 19′ 25″ N. and Longitude 86° 48′ 8″ E.

The Light will be exhibited from an elevation of about 65 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 15 feet above the surface of the Sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lantern to the top of the permanent Building. It will subsequently, viz. on and after the 1st March, 1838, be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 18 to 20 miles in clear weather, from the height of 15 feet from the surface of the Sea.

The Pilots' Station will be continued as heretofore, off Point Palmyras, during the S. W. Monsoon, that is from the 15th March to the 15th September, during which period the Pilot Vessels cruize during the day off the Point, anchoring during the night in a line East and West, in

Latitude 20° 42′ to 20° 48′ N. with the Point bearing West to W. by S.; the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till day light.

Commanders, on making the Light on False Point, are recommended after bringing it to bear West in from 13 to 14 fathoms, to steer to the N. E. keeping in from 13 to 16 fathoms as the wind may hang to the Westward or Eastward, on no account coming under the former depth. In this track the Blue Light and Maroon abovementioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September, the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and will then be found in a line between Point Palmyras and the Floating Light at the entrance of the Eastern Channel. Vessels therefore about that period, if the wind hangs to the Eastward or has a threatent ing appearance, are recommended after leaving False Poin- on no account to approach Point Palmyras, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel, and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March the Pilot Vessels cruize during the day between Saugor Sand and the Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10′ North.

Vessels approaching either Station during the day, are requested to make for that Vessel on board of which they will see a large red Flag flying at the Main whenever they can do so without great inconvenience or delay. In the night during the N. E. Monsoon, that is from 15th September to 15th March, at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour, and in thick weather every half hour, and as before stated, at the Point Palmyras Station, during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without reference to turn or rotation, and that this latter is only allowed when no delay is occasioned thereby.

FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

Notice is hereby given, that under instructions just received from the Honourable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.		
	Per Company's Rupee for Advances made at..................	Bengal.
	Ditto.............Ditto...........	Madras.
	Ditto.............Ditto...........	Bombay.
	Per Spanish Dollar, Ditto.......	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

LIGHT AT FALSE POINT—BAY OF BENGAL.

NOTICE.

REFERRING to the Notice published from this Office under date 19th July last, Notice is given that on the 1st day of March next a Light will be exhibited at False Point on a Tripod, in Latitude 20° 19′ 25″ N. and Longitude 86° 48′ 8″ E.

The Light will be exhibited from an elevation of about 65 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 15 feet above the surface of the Sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lantern to the top of the permanent Building. It will subsequently, viz. on and after the 1st March, 1838, be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 18 to 20 miles in clear weather, from the height of 15 feet from the surface of the Sea.

The Pilots' Station will be continued as heretofore, off Point Palmyras, during the S. W. Monsoon, that is from the 15th March to the 15th September, during which period the Pilot Vessels cruize during the day off the Point, anchoring during the night in a line East and West, in Latitude 20° 48′ to 20° 48′ N. with the Point bearing West to W. by S.; the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till day light.

Commanders, on making the Light on False Point, are recommended after bringing it to bear West in from 13 to 14 fathoms, to steer to the N. E. keeping in from 13 to 18 fathoms as the wind may hang to the Westward or Eastward, on no account coming under the former depth. In this track the Blue Light and Maroon abovementioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September, the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and will then be found in a line between Point Palmyras and the Floating Light at the entrance of the Eastern Channel. Vessels therefore about that period, if the wind hangs to the Eastward or has a threatening appearance, are recommended after leaving False Point on no account to approach Point Palmyras, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel, and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March the Pilot Vessels cruize during the day between Saugor Sand and the Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10′ North.

Vessels approaching either Station during the day, are requested to make for that Vessel on board of which they will see a large red Flag flying at the Main whenever they can do so without great inconvenience or delay. In the night during the N. E. Monsoon, that is from 15th September to 15th March, at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour, and in thick weather every half hour, and as before stated, at the Point Palmyras Station, during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without reference to turn or rotation, and that this latter is only allowed when no delay is occasioned thereby.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s.	d.

		Ditto..................Ditto............	Madras.
		Ditto..................Ditto............	Bombay.
		Per Spanish Dollar, Ditto......	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 24TH JULY, 1837.

The following Act, passed by the Right Hon'ble the Governor General of India in Council, on the 24th July, 1837, is hereby promulgated for general information:

ACT No. XVII. OF 1837.

I. It is hereby enacted, that Regulation XI. of 1830 of the Bombay Code, shall be repealed.

II. And it is hereby enacted, that the exclusive right of conveying letters by post for hire from place to place within the Territories of the East India Company, shall be in the Governor General of India in Council.

III. Provided always, that it shall be competent to the said Governor General of India in Council, and to any authority thereunto empowered by the said Governor General in Council, to grant to any

person or persons a license permitting such person or persons to convey letters by post for hire from place to place within the said Territories, and that it shall be lawful for any person or persons having such a license to convey letters in conformity with the terms of such license.

IV. And it is hereby enacted, that it shall be lawful for the said Governor General in Council, and for any authority which may have granted any such license as is described in the preceding Section, to revoke such license at pleasure.

V. And it is hereby enacted, that whoever otherwise than under the authority of the said Governor General in Council, or in conformity with the terms of such a license as is aforesaid, knowingly conveys any letter by post for hire from place to place within the said Territories, or receives any letter or packet of letters, in order to such conveyance, or delivers any letter according to its direction knowing the same to have been so conveyed, or is accessary to such conveyance, receipt or delivery, shall be punished with fine not exceeding Fifty Rs. for every letter so conveyed, received or delivered.

VI. And it is hereby enacted that inland postage duties shall be levied on the conveyance of letters and packets by the Government Post at the rates set forth in the Schedule marked A, which is annexed to this Act, and that the full postage shall be paid either on receipt or on delivery at the option of the sender, and that, if the thing conveyed be transferred from a Post Office in one Presidency to a Post Office in another Presidency, no additional charge shall be made on account of such transfer.

VII. And it is hereby enacted, that when there is a banghy established on a line of road, no person shall be entitled to demand that any letter or packet exceeding 12 tolas in weight shall be conveyed by the letter post on that line of road.

VIII. And it is hereby enacted, that when there is no banghy established on a line of road, letters and packets exceeding 12 tolas in weight, and not exceeding 40 tolas in weight, shall be conveyed on that line of road by the letter post, and every such letter or packet shall be charged with the postage of a letter or packet of the same description of 12 tolas weight sent by letter post.

IX. And it is hereby enacted, that no packet of the description mentioned in Table 2 of Schedule A, shall contain any writing whatever other than writing which is necessarily part of the documents which such packet is stated to contain, by attestation on the cover of such packet, and that whoever shall send any such packet by the Government Post, knowing that it contains any writing not necessarily part of the documents which such packet is stated to contain by attestation on the cover, shall be punished with a fine of Fifty Rupees.

X. And it is hereby enacted, that no packet of the description mentioned in Table 3 of Schedule A, shall contain any writing whatever, except the direction on the cover, and that whoever shall send any such packet by the Government Post, knowing that it contains any writing other than the direction on the cover, shall be punished with a fine of Fifty Rupees.

XI. And it is hereby enacted, that proof sheets marked as such may be sent by letter post at the rates set forth in Table 3 of Schedule A, provided they be brought to the Dispatching Office open, and be sealed in presence of the person in charge of such Office.

XII. And it is hereby enacted, that the said Governor General in Council shall frame a scale of distances as nearly as practicable according to the distance by the nearest road between Post Office Stations, and that the rates of inland postage shall be calculated according to this scale.

XIII. And it is hereby enacted, that Steam Postage, according to such rates as may from time to time be fixed by the Governor General in Council, shall be levied on all letters and packets sent or received by any Government Steamer, and that such Steam Postage shall be in excess of any inland postage to which such letters or packets may be liable.

XIV. And it is hereby enacted, that Ship Postage, according to the rates fixed in Schedule B, annexed to this Act, shall be levied on all letters or packets sent or received by sea through any Government Post Office, and not liable to Steam Postage.

XV. And it is hereby enacted, that when any Vessel arrives by sea at any place within the said Territories, at which there is a Government Post Office, the Commander of such Vessel shall as speedily as possible, cause every letter and packet on board of such Vessel which is directed to that place, and which was not specially entrusted for separate delivery, to be delivered either at the Post Office or to some Officer of the Post Office authorised to receive the same; and that if there be on board any letter or packet directed to any other place, and not specially entrusted for separate delivery, the said Commander shall, as speedily as possible, report the same to the Post Master General or Post Master of the place at which he has arrived, and shall act according to such directions as he may receive from such Post Master General or Post Master; and that the receipt of such Post Master General, or Post Master shall discharge such Commander of all responsibility in respect of such letter or packet.

XVI. And it is hereby enacted, that every Commander of a Vessel who shall wilfully disobey any of the directions contained in the preceding Section shall be punished with fine not exceeding 1,000 Rupees.

XVII. And it is hereby enacted, that for every letter or packet delivered by a Commander of a Ship, in conformity with the directions of Section XV. of this Act, the Officer in charge of the Post Office shall pay to the said Commander the sum of One Anna.

XVIII. And it is hereby enacted, that whenever any letter or packet is transhipped for transmission to any other place within the said Territories the Commander of the Vessel, which originally brought such letter or packet shall be entitled to receive One Anna for every such letter or packet, and that the Commander of the Vessel into which the letter or packet is transhipped, shall be entitled to receive Half an Anna from the person in charge of the Post Office at the place of delivery, provided that the said last mentioned Commander delivers the same in conformity with the directions contained in Section XV. of this Act.

XIX. Provided always, that no payment shall be made to the Commander of any Vessel on account of the delivery of any letter or packet unless the claim of such Commander shall be preferred before the Vessel leaves the place at which the letter or packet was delivered, or before the expiration of three months from the date of the arrival of the packet at the place of ultimate delivery.

XX. And it is hereby enacted, that the Commander of every Vessel leaving any place in the said Territories by sea, shall receive on board of such his Vessel every letter and packet which he shall be required to receive by any Officer of the Post Office and shall sign a receipt for such letters and packets; and that every Commander of a Vessel who shall wilfully disobey any direction of this Clause shall be punished with a fine not exceeding 1,000 Rupees.

XXI. And it is hereby enacted, that whenever any letter or packet, the postage of which has not been paid, shall be delivered by any person employed by the Post Office, the person to whom it is delivered shall not be bound to pay the postage if he returns the letter or packet unopened, but if he opens the same he shall be bound to pay the postage due thereon; provided always, that if the letter or packet shall appear to have been maliciously sent for the purpose of annoying the person to whom it is directed, the Post Master General or Post Master of the Office, from which the delivery took place, shall remit the said postage.

XXII. And it is hereby enacted, that every letter or packet which is rejected unopened by the person to whom it is directed shall be returned by post to the sender, and that the said sender shall be bound to pay the return postage thereon unless direct postage has already been paid thereon.

XXIII. And it is hereby enacted, that whenever any letter or packet, the sender of which is unknown, shall be rejected unopened by the person to whom it is directed, such letter or packet shall be

opened by the Officer in charge of the Post Office from which such letter or packet was delivered to that person.

XXIV. And it is hereby enacted, that if any person shall refuse to pay any postage which he is legally bound to pay for any letter or packet, it shall be lawful for the Officer in charge of the Post Office, from which such letter or packet was delivered to withhold from the person so refusing till such postage be paid, any letter directed to that person upon which postage has not been paid by the sender.

XXV. And it is hereby enacted, that all letters and packets which have remained three months unclaimed at any Post Office shall be transmitted to the General Post Office of the Presidency.

XXVI. And it is hereby enacted, that at intervals not exceeding three months, lists of all unclaimed letters and packets which are in the General Post Office of any Presidency, shall be published in the Official Gazette of that Presidency.

XXVII. And it is hereby enacted, that every letter and packet which may have remained eighteen months unclaimed in the General Post Office of any Presidency, shall be opened by the Post Master General of that Presidency, and that all valuable property which such letter or packet may contain shall be paid into the Government Treasury for the benefit of any party who may have a right thereto, and that when twelve months shall have elapsed after the opening of such unclaimed letter or packet, it shall be lawful for the said Post Master General, if such letter or packet still continues to be unclaimed, to destroy the same.

LIGHT AT FALSE POINT—BAY OF BENGAL.

NOTICE.

REFERRING to the Notice published from this Office under date 19th July last, Notice is given that on the 1st day of March next a Light will be exhibited at False Point on a Tripod, in Latitude 20° 19′ 25″ N. and Longitude 86° 48′ 8″ E.

The Light will be exhibited from an elevation of about 65 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 15 feet above the surface of the Sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lantern to the top of the permanent Building. It will subsequently, viz. on and after the 1st March, 1838, be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 18 to 20 miles in clear weather, from the height of 15 feet from the surface of the Sea.

The Pilots' Station will be continued as heretofore, off Point Palmyras, during the S. W. Monsoon, that is from the 15th March to the 15th September, during which period the Pilot Vessels cruize during the day off the Point, anchoring during the night in a line East and West, in Latitude 20° 42′ to 20° 48′ N. with the Point bearing West to W. by S.; the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till day light.

Commanders, on making the Light on False Point, are recommended after bringing it to bear West in from 12 to 14 fathoms, to steer to the N. E. keeping in from 13 to 18 fathoms as the wind may hang to the Westward or Eastward, on no account coming under the former depth. In this track the Blue Light and Maroon abovementioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September, the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and will then be found in a line between Point Palmyras and the Floating Light at the entrance of the Eastern Channel. Vessels therefore about that period, if the wind hangs to the Eastward or has a threatening appearance, are recommended after leaving False Point on no account to approach Point Palmyras, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel, and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March the Pilot Vessels cruize during the day between Saugor Sand and the Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10′ North.

Vessels approaching either Station during the day, are requested to make for that Vessel on board of which they will see a large red Flag flying at the Main whenever they can do so without great inconvenience or delay. In the night during the N. E. Monsoon, that is from 15th September to 15th March, at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour, and in thick weather every half hour, and as before stated, at the Point Palmyras Station, during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without reference to turn or rotation, and that this latter is only allowed when no delay is occasioned thereby.

FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

Notice is hereby given, that under Instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

Ist.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s.	d.		
		Per Company's Rupee for Advances made at	Bengal.
		Ditto..................Ditto............	Madras.
		Ditto..................Ditto............	Bombay.
		Per Spanish Dollar, Ditto......	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

The Pilots' Station will be continued as heretofore, off Point Palmyras, during the S. W. Monsoon, that is from the 15th March to the 15th September, during which period the Pilot Vessels cruize during the day off the Point, anchoring during the night in a line East and West, in Latitude 20° 42′ to 20° 48′ N. with the Point bearing West to W. by S.; the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till day light.

Commanders, on making the Light on False Point, are recommended after bringing it to bear West in from 13 to 14 fathoms, to steer to the N. E. keeping in from 13 to 18 fathoms as the wind may hang to the Westward or Eastward, on no account coming under the former depth. In this track the Blue Light and Maroon abovementioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September, the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and will then be found in a line between Point Palmyras and the Floating Light at the entrance of the Eastern Channel. Vessels therefore about that period, if the wind hangs to the Eastward or has a threatening appearance, are recommended after leaving False Point on no account to approach Point Palmyras, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel, and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March the Pilot Vessels cruize during the day between Saugor Sand and the Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10′ North.

Vessels approaching either Station during the day, are requested to make for that Vessel on board of which they will see a large red Flag flying at the Main whenever they can do so without great inconvenience or delay. In the night during the N. E. Monsoon, that is from 16th September to 15th March, at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour, and in thick weather every half hour, and as before stated, at the Point Palmyras Station, during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during

the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without reference to turn or rotation, and that this latter is only allowed when no delay is occasioned thereby.

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorised Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

IV. And it is hereby enacted, that it shall be lawful for the said Governor General in Council, and for any authority which may have granted any such license as is described in the preceding Section, to revoke such license at pleasure.

V. And it is hereby enacted, that whoever otherwise than under the authority of the said Governor General in Council, or in conformity with the terms of such a license as is aforesaid, knowingly conveys any letter by post for hire from place to place within the said Territories, or receives any letter or packet of letters, in order to such conveyance, or delivers any letter according to its direction knowing the same to have been so conveyed, or is accessary to such conveyance, receipt or delivery, shall be punished with fine not exceeding Fifty Rs. for every letter so conveyed, received or delivered.

And it is hereby enacted that inland postage duties shall be levied on the conveyance of letters and packets by the Government Post at the rates set forth in the Schedule marked A, which is annexed to this Act, and that the full postage shall be paid either on receipt or on delivery at the option of the sender, and that, if the thing conveyed be transferred from a Post Office in one Presidency to a Post Office in another Presidency, no additional charge shall be made on account of such transfer.

VII. And it is hereby enacted, that when there is a banghy established on a line of road, no person shall be entitled to demand that any letter or packet exceeding 12 tolas in weight shall be conveyed by the letter post on that line of road.

VIII. And it is hereby enacted, that when there is no banghy established on a line of road, letters and packets exceeding 12 tolas in weight, and not exceeding 40 tolas in weight, shall be conveyed on that line of road by the letter post, and every such letter or packet shall be charged with the postage of a letter or packet of the same description of 12 tolas weight sent by letter post.

XIII. And it is hereby enacted, that Steam Postage, according to such rates as may from time to time be fixed by the Governor General in Council, shall be levied on all letters and packets sent or received by any Government Steamer, and that such Steam Postage shall be in excess of any inland postage to which such letters or packets may be liable.

And it is hereby enacted, that when any Vessel arrives by sea at any place within the said Territories, at which there is a Government Post Office, the Commander of such Vessel shall, as speedily as possible, cause every letter and packet on board of such Vessel which is directed to that place, and which was not specially entrusted for separate delivery, to be delivered either at the Post Office or to some Officer of the Post Office authorised to receive the same ; and that if there be on board any letter or packet directed to any other place, and not specially entrusted for separate delivery, the said Commander shall, as speedily as possible, report the same to the Post Master General or Post Master of the place at which he has arrived, and shall act according to such directions as he may receive from such Post Master General or Post Master ; and that the receipt of such Post Master General or Post Master shall discharge such Commander of all responsibility in respect of such letter or packet.

XVI. And it is hereby enacted, that every Commander of a Vessel who shall wilfully disobey any of the directions contained in the preceding Section shall be punished with fine not exceeding 1,000 Rupees.

XVII. And it is hereby enacted, that for every letter or packet delivered by a Commander of a Ship, in conformity with the directions of Section XV. of this Act, the Officer in charge of the Post Office shall pay to the said Commander the sum of One Anna.

XXI. And it is hereby enacted, that whenever any letter or packet, the postage of which has not been paid, shall be delivered by any person employed by the Post Office, the person to whom it is delivered shall not be bound to pay the postage if he returns the letter or packet unopened, but if he opens the same he shall be bound to pay the postage due thereon ; provided always, that if the letter or packet shall appear to have been maliciously sent for the purpose of annoying the person to whom it is directed, the Post Master General or Post Master of the Office, from which the delivery took place, shall remit the said postage.

XXII. And it is hereby enacted, that every letter or packet which is rejected unopened by the person to whom it is directed shall be returned by post to the sender, and that the said sender shall be bound to pay the return postage thereon unless direct postage has already been paid thereon.

XXIII. And it is hereby enacted, that whenever any letter or packet, the sender of which is unknown, shall be rejected unopened by the person to whom it is directed, such letter or packet shall be opened by the Officer in charge of the Post Office from which such letter or packet was delivered to that person.

XXIV. And it is hereby enacted, that if any person shall refuse to pay any postage which he is legally bound to pay for any letter or packet, it

shall be lawful for the Officer in charge of the Post Office, from which such letter or packet was delivered to withhold from the person so refusing till such postage be paid, any letter directed to that person upon which postage has not been paid by the sender.

XXV. And it is hereby enacted, that all letters and packets which have remained three months unclaimed at any Post Office shall be transmitted to the General Post Office of the Presidency.

XXVI. And it is hereby enacted, that at intervals not exceeding three months, lists of all unclaimed letters and packets which are in the General Post Office of any Presidency, shall be published in the Official Gazette of that Presidency.

XXVII. And it is hereby enacted, that every letter and packet which may have remained eighteen months unclaimed in the General Post Office of any Presidency, shall be opened by the Post Master General of that Presidency, and that all valuable property which such letter or packet may contain shall be paid into the Government Treasury for the benefit of any party who may have a right thereto, and that when twelve months shall have elapsed after the opening of such unclaimed letter or packet, it shall be lawful for the said Post Master General, if such letter or packet still continues to be unclaimed, to destroy the same.

FORT WILLIAM, LEGISLATIVE DEPARTMENT,

ACT No. —— OF 1837.

I. It is hereby enacted, that it shall be competent for the Governor of the Presidency of Fort William in Bengal, and for the Lieut.-Governor of the North Western Provinces, respectively, to appoint a Superintendent of Police in the Lower and Western Provinces.

II. And it is hereby enacted, that whenever a Superintendent of Police may be appointed under this Act, Sec. 7 Reg. I. 1829 of the Bengal Code, shall cease to have effect in the Territories which may be comprised within the jurisdiction of such Superintendent—and such Superintendent shall be guided in the execution of the duties of his office by the Rules contained in Reg. X. 1808 and other Regulations of the Bengal Code, subsequently enacted, in regard to the same Office.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India, after the 12th day of September next.

W. H. MACNAGHTEN,
Secy. to the Govt. of India.

FORT WILLIAM, LEGISLATIVE DEPARTMENT,

THE 31ST JULY, 1837.

Resolution.—The Governor General in Council having again taken into consideration the several Provisions contained in the Draft of Act promulgated for general information on the 13th of March last, (published in the *Calcutta Gazette* of the 18th of the same month,) and having maturely weighed the several objections urged against the proposed enactment, is of opinion that these objections are not of a nature to counterbalance the advantages which will thereby be attained in the more speedy adjudication of Civil Claims and in the relief of the European Judges from functions which interfere with their primary duty of effectually superintending and controlling the general judicial administration. His Lordship in Council is unable to discern any good reason for interdicting the highest grade of Native Judges, who are already competent to try Suits to the extent of 5000 Rupees, from trying Suits involving a larger amount,—and, in a similar spirit of confidence in their efficiency, he deems it proper not to maintain the rule which precludes the Native Judges from adjudicating claims to which the Government or its Officers may be a party. His Lordship in Council is, however, satisfied, from the discussions which have passed on the subject, that it is expedient to provide for a direct appeal to the Court of Sudder Dewanny Adawlut from the decisions of the highest grade of Native Judges in Suits in which from the amount at issue, these Officers have not heretofore been competent to exercise jurisdiction.

2. The Governor General in Council is, at the same time, fully sensible of the justice and expediency of duly augmenting the allowances of the Native Judges when the public finances will permit, and thereby adding to the securities already existing for the faithful administration of Justice. He has learned that, in the opinion of the best authorities, those allowances, as regards a provision for the ministerial establishments of the Native Judges, are generally inadequate, and that they are, in some cases, fixed on a scale so low as urgently to require revision. Some improvement in the personal allowances and position of the highest and of the lowest grade of the Native Judges, is also found to be an object of high importance,—there not being at present, to the former class, the prospect of further honorable promotion, and the number of the latter being so great, as, in frequent cases, to debar the most meritorious Servants from any but a very distant and uncertain chance of advancement. For the intermediate class of Native Judges, or the Sudder Ameens, who are greatly less numerous than the Moonsiffs, adequate means of reward are presented in the existing rules and practice respecting their promotion to the office of Principal Sudder Ameen, a promotion which will be much more valuable under the modification in the pay of that office now about to be introduced. Upon these grounds, His Lordship in Council has resolved to increase the allowances of the Native Judges by adding 200 Rupees per mensem to the Personal Salaries of one-fourth, to be selected as a Superior Class according to merits and service, of the Principal Sudder Ameens, and 50 Rupees to the Personal Salaries of one-fourth, to be similarly selected, of the Moonsiffs, as well as to increase the allowances already received for the maintenance of Establishments by the Principal Sudder Ameens, Sudder Ameens, and Moonsiffs, by adding 50 Rupees per mensem to the allowances at present granted on that account, to the entire first class of Officers, and 30 Rupees per mensem to that received on the same account, by all of the two last named classes of Officers. By this measure, a large immediate increase of expenditure will be occasioned. But having in view the essential object of promoting the efficient and satisfactory administration of justice,—considering also the present less unfavorable condition and prospects of the Indian Finances, and the propriety of applying, with prudence and caution, to purposes of pressing public improvement, the growing resources from enhancement in the Bengal Land Revenues and other sources,—and looking also to early equivalent reductions from measures now in progress in the Judicial Department of the Bengal Presidency, His Lordship in Council is prepared to sanction this addition to the Public Burthens. The opportunity of promulgating the subjoined Draft of Rules for expediting and improving the administration of Civil Justice, has also been taken to introduce certain Subsidiary Rules for regulating the costs of Suit and form of Appeal in certain cases, as well as, in connection with the main object of the Draft and of the Resolution now promulgated, for more efficiently securing the independence and respectability of the Ministerial Officers of the Native Judges' Establishments, by rendering the appointment and removal of those Officers subject to the confirmation of the European Judges.

The following Draft of a proposed Act was accordingly read in Council on the 31st Instant:

ACT No. —— OF 1837.

I. It is hereby enacted, in modification of Sec. XVIII. Reg. V. 1831, of the Bengal Code, that from the day of , no Zillah or City Judge within the Territories subject to the Presidency of Fort William in Bengal, shall be precluded by reason of the amount or value of the property for the recovery of which a Suit is instituted, from referring that suit to any Principal Sudder Ameen.

II. And it is hereby enacted, that in all Suits which shall, under the authority of this Act, be referred to a Principal Sudder Ameen, the Appeal from the decision of such Principal Sudder Ameen shall be direct to the Court of Sudder Dewanny Adawlut, and shall be conducted in all respects according to the same Rules as if it were an Appeal from the decision of a Zillah Judge to the said Court of Sudder Dewanny Adawlut.

III. And it is hereby enacted, that so much of Clause Second, Sec. XXI. Reg. VII. 1822, and Sec. XIX. Reg. VIII. 1831, of the Bengal Code, as declares that Suits of the description therein referred to, shall not be cognizable by, or referable to, any Sudder Ameen or Moonsiff, be repealed.

IV. And it is hereby enacted, that it shall be competent to a Zillah or City Judge to refer for trial and decision any Suit preferred under the Provisions of Clause First, Sec. XXX. Reg. II. 1819, of the Bengal Code, to any Principal Sudder Ameen, any thing in the existing Regulations to the contrary notwithstanding.

V. And it is hereby enacted, that whenever a Zillah or City Judge, in the exercise of the discretion vested in him by Sec. VII. Reg. V. 1831, of the Bengal Code, shall refer for trial to a Sudder Ameen or Principal Sudder Ameen, a Suit within the competency of a Moonsiff to decide, such Suit shall be subject to the same rules in regard to Stamp Duties, and to the same rules in regard to Appeal as the said Suit would

have been subjected to had it been received and tried by the Moonsiff in the first instance.

VI. Provided, however, that when any such Suit shall have been decided by a Principal Sudder Ameen, the Appeal from such decision shall lie to the Zillah or City Judge, and shall be tried by him only, and that the decision of the Zillah or City Judge on such appeal, shall be final, any thing in the existing Regulations to the contrary notwithstanding.

VII. And it is hereby enacted, that whenever a Zillah or City Judge shall refer for trial to a Principal Sudder Ameen a Suit within the competency of a Sudder Ameen to decide, such Suit shall be subject to the same rules in regard to Stamp duties, and to the same rules in regard to Appeal, as the said Suit would have been subjected to, had it been referred to, and tried by, the Sudder Ameen in the first instance.

VIII. And it is hereby enacted, that Clause First, Sec. XXV. Reg. V. 1831, of the Bengal Code, be repealed.

IX. And it is hereby enacted, that the rule contained in the Second Clause of the aforesaid Section, be extended to the Ministerial Officers of the Moonsiffs' Courts.

X. And it is hereby enacted, that all Officers of the Courts of the Moonsiffs, Sudder Ameens, and Principal Sudder Ameens, whose salaries shall exceed 10 Rupees per mensem, shall be held to be Ministerial Officers, and that such Officers shall be nominated and appointed by those Courts respectively, subject to the approval and confirmation of the Zillah and City Judges within whose jurisdictions the said Courts may be situated, and that no Ministerial Officer of the said Courts shall be removed without the sanction of the said Zillah and City Judges.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India after the 12th day September next.

" Para. 1.—Having had under our consideration the Regulations affecting the Appointment of Officers to established Brigade Commands, we have resolved that such Brigadiers of the 1st and 2d Classes as are Regimental Colonels, and who have succeeded to the benefits of the Off-reckoning Fund, shall be required to vacate their respective Commands after having held the Appointment of Brigadier for five years: this Regulation however to be subject to the same modification as the Appointment of General Officers to the Staff, viz. that if on any particular occasion you should be of opinion that the continued service of any Brigadier is indispensable to the public interests, you may continue him in the Command until our decision on his case shall be made known to you. Upon every such occasion you will furnish us with the requisite information, with the least practicable delay.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.		
	Per Company's Rupee for Advances made at....................	Bengal.
	Ditto...............Ditto............	Madras.
	Ditto...............Ditto............	Bombay.
	Per Spanish Dollar, Ditto......	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances

made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

I. 1829 of the Bengal Code, shall cease to have effect in the Territories which may be comprised within the jurisdiction of such Superintendent—and such Superintendent shall be guided in the execution of the duties of his office by the Rules contained in Reg. X. 1808 and other Regulations of the Bengal Code, subsequently enacted, in regard to the same Office.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India, after the 12th day of September next.

Secy. to the Govt. of India.

FORT WILLIA[illegible],

[illegible]ISLATIVE DEPARTMENT,

THE 31ST JULY, 1837.

Resolut[illegible]—The Governor General in Council having again taken into consideration the several Provisions contained in the Draft of Act promulgated for general information on the 13th of March last, (published in the *Calcutta Gazette* of the 18th of the same month,) and having maturely weighed the several objections urged against the proposed enactment, is of opinion that these objections are not of a nature to counterbalance the advantages which will thereby be attained in the more speedy adjudication of Civil Claims and in the relief of the European Judges from functions which interfere with their primary duty of effectually superintending and controlling the general judicial administration. His Lordship in Council is unable to discern any good reason for interdicting the highest grade of Native Judges, who are already competent to try Suits to the extent of 5000 Rupees, from trying Suits involving a larger amount,—and, in a similar spirit of confidence in their efficiency, he deems it proper not to maintain the rule which precludes the Native Judges from adjudicating claims to which the Government or its Officers may be a party. His Lordship in Council is, however, satisfied, from the discussions which have passed on the subject, that it is expedient to provide for a direct appeal to the Court of Sudder Dewanny Adawlut from the decisions of the highest grade of Native Judges in Suits in which from the amount at issue, these Officers have not heretofore been competent to exercise jurisdiction.

2. The Governor General in Council is, at the same time, fully sensible of the justice and expediency of duly augmenting the allowances of the Native Judges when the public finances will permit, and thereby adding to the securities already existing for the faithful administration of justice. He has learned that, in the opinion of the best authorities, those allowances, as regards a provision for the ministerial establishments of the Native Judges, are generally inadequate, and that they are, in some cases, fixed on a scale so low as urgently to require revision. Some improvement in the personal allowances and position of the highest and of the lowest grade of the Native Judges, is also found to be an object of high importance,—there not being at present, to the former class, the prospect of further honorable promotion, and the number of the latter being so great, as, in frequent cases, to debar the most meritorious Servants from any but a very distant and uncertain chance of advancement. For the intermediate class of Native Judges, or the Sudder Ameens, who are greatly less numerous than the Moonsiffs, adequate means of reward are presented in the existing rules and practice respecting their promotion to the office of Principal Sudder Ameen, a promotion which will be much more valuable under the modification in the pay of that office now about to be introduced. Upon these grounds, His Lordship in Council has resolved to increase the allowances of the Native Judges by adding 200 Rupees per mensem to the Personal Salaries of one-fourth, to be selected as a Superior Class according to merits and service, of the Principal Sudder Ameens, and 50 Rupees to the Personal Salaries of one-fourth, to be similarly selected, of the Moonsiffs, as well as to increase the allowances already received for the maintenance of Establishments by the Principal Sudder Ameens, Sudder Ameens, and Moonsiffs, by adding 50 Rupees per mensem to the allowances at present granted on that account, to the entire first class of Officers, and 30 Rupees per mensem to that received on the same account, by all of the two last named classes of Officers. By this measure, a large immediate increase of expenditure will be occasioned. But having in view the essential object of promoting the efficient and satisfactory administration of justice,—considering also the present less unfavorable condition and prospects of the Indian Finances, and the propriety of applying, with prudence and caution, to purposes of pressing public improvement, the growing resources from enhancement in the Bengal Land Revenues and other sources,—and looking also to early equivalent reductions from measures now in progress in the Judicial Department of the Bengal Presidency, His Lordship in Council is prepared to sanction this addition to the Public Burthens. The opportunity of promulgating the subjoined Draft of Rules for expediting and improving the administration of Civil Justice, has also been taken to introduce certain Subsidiary Rules for regulating the costs of Suit and form of Appeal in certain cases, as well as, in connection with the main object of the Draft and of the Resolution now promulgated, for more efficiently securing the independence and respectability of the Ministerial Officers of the Native Judges' Establishments, by rendering the

appointment and removal of those Officers subject to the confirmation of the European Judges.

The following Draft of a proposed Act was accordingly read in Council on the 31st Instant:

ACT No. —— OF 1837.

I. It is hereby enacted, in modification of Sec. XVIII. Reg. V. 1831, of the Bengal Code, that from the day of , no Zillah or City Judge within the Territories subject to the Presidency of Fort William in Bengal, shall be precluded by reason of the amount or value of the property for the recovery of which a Suit is instituted, from referring that suit to any Principal Sudder Ameen.

II. V. 1831, of the Bengal Code, shall refer for trial to a Sudder Ameen or Principal Sudder Ameen, a Suit within the competency of a Moonsiff to decide, such Suit shall be subject to the same rules in regard to Stamp Duties, and to the same rules in regard to Appeal as the said Suit would have been subjected to had it been received and tried by the Moonsiff in the first instance.

VI. Provided, however, that when any such Suit shall have been decided by a Principal Sudder Ameen, the Appeal from such decision shall lie to the Zillah or City Judge, and shall be tried by him only, and that the decision of the Zillah or City Judge on such appeal, shall be final, any thing in the existing Regulations to the contrary notwithstanding.

VII. And it is hereby enacted, that whenever a Zillah or City Judge shall refer for trial to a Principal Sudder Ameen a Suit within the competency of a Sudder Ameen to decide, such Suit shall be subject to the same rules in regard to Stamp duties, and to the same rules in regard to Appeal, as the said Suit would have been subjected to, had it been referred to, and tried by, the Sudder Ameen in the first instance.

VIII. And it is hereby enacted, that Clause First, Sec. XXV. Reg. V. 1831, of the Bengal Code, be repealed.

IX. And it is hereby enacted, that the rule contained in the Second Clause of the aforesaid Section, be extended to the Ministerial Officers of the Moonsiffs' Courts.

X. And it is hereby enacted, that all Officers of the Courts of the Moonsiffs, Sudder Ameens, and Principal Sudder Ameens, whose salaries shall exceed 10 Rupees per mensem, shall be held to be Ministerial Officers, and that such Officers shall be nominated and appointed by those Courts respectively, subject to the approval and confirmation of the Zillah and City Judges within whose jurisdictions the said Courts may be situated, and that no Ministerial Officer of the said Courts shall be removed without the sanction of the said Zillah and City Judges.

LIGHT AT FALSE POINT—BAY OF BENGAL.

NOTICE.

REFERRING to the Notice published from this Office under date 19th July last, Notice is given that on the 1st day of March next a Light will be exhibited at False Point on a Tripod, in Latitude 20° 19′ 25″ N. and Longitude 86° 48′ 8″ E.

The Light will be exhibited from an elevation of about 65 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 15 feet above the surface of the Sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lantern to the top of the permanent Building. It will subsequently, viz. on and after the 1st March, 1838, be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 18 to 20 miles in clear weather, from the height of 15 feet from the surface of the Sea.

The Pilots' Station will be continued as heretofore, off Point Palmyras, during the S. W. Monsoon, that is from the 15th March to the 15th September, during which period the Pilot Vessels cruize during the day off the Point, anchoring during the night in a line East and West, in Latitude 20° 42′ to 20° 48′ N. with the Point bearing West to W. by S.; the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till day light.

Commanders, on making the Light on False Point, are recommended after bringing it to bear West in from 13 to 14 fathoms, to steer to the N. E. keeping in from 13 to 18 fathoms as the wind may hang to the Westward or Eastward, on no account coming under the former depth. In this track the Blue Light and Maroon abovementioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September, the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and will then be found in a line between Point Palmyras and the Floating Light at the entrance of the Eastern Channel. Vessels therefore about that period, if the wind hangs to the Eastward or has a threatening appearance, are recommended after leaving False Point on no account to approach Point Palmyras, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel, and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March the Pilot Vessels cruize during the day between Saugor Sand and the Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10′ North.

Vessels approaching either Station during the day, are requested to make for that Vessel on board of which they will see a large red Flag flying at the Main whenever they can do so without great inconvenience or delay. In the night during the N. E. Monsoon, that is from 15th September to 15th March, at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour, and in thick weather every half hour, and as before stated, at the Point Palmyras Station, during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without reference to turn or rotation, and that this latter is only allowed when no delay is occasioned thereby.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 31ST JULY, 1837.

Resolution.—The Governor General in Council having again taken into consideration the several Provisions contained in the Draft of Act promulgated for general information on the 13th of March last, (published in the *Calcutta Gazette* of the 18th of the same month,) and having maturely weighed the several objections urged against the proposed enactment, is of opinion that these objections are not of a nature to counterbalance the advantages which will thereby be attained in the more speedy adjudication of Civil Claims and in the relief of the European Judges from functions which interfere with their primary duty of effectually superintending and controlling the general judicial administration. His Lordship in Council is unable to discern any good reason for interdicting the highest grade of Native Judges, who are already competent to try Suits to the extent of 5000 Rupees, from trying Suits involving a larger amount,—and, in a similar spirit of confidence in their efficiency, he deems it proper not to maintain the rule which precludes the Native Judges from adjudicating claims to which the Government or its Officers may be a party. His Lordship in Council is, however, satisfied, from the discussions which have passed on the subject, that it is expedient to provide for a direct appeal to the Court of Sudder Dewanny Adawlut from the decisions of the highest grade of Native Judges in Suits in which from the amount at issue, these Officers have not heretofore been competent to exercise jurisdiction.

2. The Governor General in Council is, at the same time, fully sensible of the justice and expediency of duly augmenting the allowances of the Native Judges when the public finances will permit, and thereby adding to the securities already existing for the faithful administration of justice. He has learned that, in the opinion of the best authorities, those allowances, as regards a provision for the ministerial establishments of the Native Judges, are generally inadequate, and that they are, in some cases, fixed on a scale so low as urgently to require revision. Some improvement in the personal allowances and position of the highest and of the lowest grade of the Native Judges, is also found to be an object of high importance,—there not being at present, to the former class, the prospect of further honorable promotion, and the number of the latter being so great, as, in frequent cases, to debar the most meritorious Servants from any but a very distant and uncertain chance of advancement. For the intermediate class of Native Judges, or the Sudder Ameens, who are greatly less numerous than the Moonsiffs, adequate means of reward are presented in the existing rules and practice respecting their promotion to the office of Principal Sudder Ameen, a promotion which will be much more valuable under the modification in the pay of that office now about to be introduced. Upon these grounds, His Lordship in Council has resolved to increase the allowances of the Native Judges by adding 200 Rupees per mensem to the Personal Salaries of one-fourth, to be selected as a Superior Class according to merits and service, of the Principal Sudder Ameens, and 50 Rupees to the Personal Salaries of one-fourth, to be similarly selected, of the Moonsiffs, as well as to increase the allowances already received for the maintenance of Establishments by the Principal Sudder Ameens, Sudder Ameens, and Moonsiffs, by adding 50 Rupees per mensem to the allowances at present granted on that account, to the entire first class of Officers, and 30 Rupees per mensem to that received on the same account, by all of the two last named classes of Officers. By this measure, a large immediate increase of expenditure will be occasioned. But having in view the essential object of promoting the efficient and satisfactory administration of justice,—considering also the present less unfavorable condition and prospects of the Indian Finances, and the propriety of applying, with prudence and caution, to purposes of pressing public improvement, the growing resources from enhancement in the Bengal Land Revenues and other sources,—and looking also to early equivalent reductions from measures now in progress in the Judicial Department of the Bengal Presidency, His Lordship in Council is prepared to sanction this addition to the Public Burthens. The opportunity of promulgating the subjoined Draft of Rules for expediting and improving the administration of Civil Justice, has also been taken to introduce certain Subsidiary Rules for regulating the costs of Suit and form of Appeal in certain cases, as well as, in connection with the main object of the Draft and of the Resolution now promulgated, for more efficiently securing the independence and respectability of the Ministerial Officers of the Native Judges' Establishments, by rendering the appointment and removal of those Officers subject to the confirmation of the European Judges.

The following Draft of a proposed Act was accordingly read in Council on the 31st Instant:

ACT NO. —— OF 1837.

I It is hereby enacted, in modification of Sec. XVIII. Reg. V. 1831, of the Bengal Code, that from the day of , no Zillah or City Judge within the Territories subject to the

Presidency of Fort William in Bengal, shall be precluded by reason of the amount or value of the property for the recovery of which a Suit is instituted, from referring that suit to any Principal Sudder Ameen.

II. And it is hereby enacted, that in all Suits which shall, under the authority of this Act, be referred to a Principal Sudder Ameen, the Appeal from the decision of such Principal Sudder Ameen shall be direct to the Court of Sudder Dewanny Adawlut, and shall be conducted in all respects according to the same Rules as if it were an Appeal from the decision of a Zillah Judge to the said Court of Sudder Dewanny Adawlut.

III. And it is hereby enacted, that so much of Clause Second, Sec. XXI. Reg. VII. 1822, and Sec. XIX. Reg. VIII. 1831, of the Bengal Code, as declares that Suits of the description therein referred to, shall not be cognizable by, or referable to, any Sudder Ameen or Moonsiff, be repealed.

IV. And it is hereby enacted, that it shall be competent to a Zillah or City Judge to refer for trial and decision any Suit preferred under the Provisions of Clause First, Sec. XXX. Reg. II. 1819, of the Bengal Code, to any Principal Sudder Ameen, any thing in the existing Regulations to the contrary notwithstanding.

V. And it is hereby enacted, that whenever a Zillah or City Judge, in the exercise of the discretion vested in him by Sec. VII. Reg. V. 1831, of the Bengal Code, shall refer for trial to a Sudder Ameen or Principal Sudder Ameen, a Suit within the competency of a Moonsiff to decide, such Suit shall be subject to the same rules in regard to Stamp Duties, and to the same rules in regard to Appeal as the said Suit would have been subjected to had it been received and tried by the Moonsiff in the first instance.

VI. Provided, however, that when any such Suit shall have been decided by a Principal Sudder Ameen, the Appeal from such decision shall lie to the Zillah or City Judge, and shall be tried by him only, and that the decision of the Zillah or City Judge on such appeal, shall be final, any thing in the existing Regulations to the contrary notwithstanding.

VII. And it is hereby enacted, that whenever a Zillah or City Judge shall refer for trial to a Principal Sudder Ameen a Suit within the competency of a Sudder Ameen to decide, such Suit shall be subject to the same rules in regard to Stamp duties, and to the same rules in regard to Appeal, as the said Suit would have been subjected to, had it been referred to, and tried by, the Sudder Ameen in the first instance.

VIII. And it is hereby enacted, that Clause First, Sec. XXV. Reg. V. 1831, of the Bengal Code, be repealed.

IX. And it is hereby enacted, that the rule contained in the Second Clause of the aforesaid Section, be extended to the Ministerial Officers of the Moonsiffs' Courts.

X. And it is hereby enacted, that all Officers of the Courts of the Moonsiffs, Sudder Ameens, and Principal Sudder Ameens, whose salaries shall exceed 10 Rupees per mensem, shall be held to be Ministerial Officers, and that such Officers shall be nominated and appointed by those Courts respectively, subject to the approval and confirmation of the Zillah and City Judges within whose jurisdictions the said Courts may be situated, and that no Ministerial Officer of the said Courts shall be removed without the sanction of the said Zillah and City Judges.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India after the 12th day September next.

W. H. MACNAGHTEN,

Secy. to the Govt. of India.

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 31ST JULY, 1837.

The following Draft of a proposed Act published for general information in the Official *Gazette* of the 17th of May last, was read and re-considered under this date :

ACT No. —— of 1837.

I. It is hereby enacted, that from the day of in every case in which any person is now required by any Regulation of any Presidency, or by any Act of the Indian Government to make Oath to the truth of any Statement made to any Collector of Sea or Land Customs, or of Town Duties, a written declaration subscribed by that person to the same effect with the Oath which that person is now required to make, shall be received by such Collector of Customs instead of such Oath.

II. And it is hereby enacted, that whoever in any written declaration made and subscribed under the authority of this Act instead of an Oath, shall knowingly state an untruth, shall be punished on conviction before a Magistrate with imprisonment for a term not exceeding one year, or fine, or both.

RESOLUTION.

It appears to His Lordship in Council that the principle on which the Draft now under re-consideration has been framed, may with advantage be carried much further.

2. The Draft under consideration provides only for cases in which the law now requires Oaths to be taken before a Collector of Customs or of Town Duties. These are, however, by no means the only cases in which useless Oaths are imposed : and it appears to be indisputable that an Oath which is useless must be worse than useless. The Regulations of all the Presidencies now enjoin the taking of Oaths on many occasions, which are not so important as to justify the employment of a sanction, the efficacy of which, as experience has amply proved, is likely to be in proportion to its rarity.

3. In cases therefore in which the existing Regulations require the taking of Oaths, His Lordship in Council is inclined, with one important reservation, to grant to the Governments of the three Presidencies and to the Lieutenant Governor of the N. W. Provinces, the power of dispensing with those Oaths, and of requiring in their stead written declarations.

4. This dispensing power will not extend to Oaths which the law now requires to be taken in any stage of any judicial proceeding.

5. His Lordship in Council is perfectly satisfied that the high functionaries to whom he proposes to confide the power of dispensing with Oaths, will exercise that power in conformity with the intentions of the Legislature. In every part of India the judicial administration, the fiscal administration and the Police are so intermingled with each other, that it is not always easy to distinguished between them. Many proceedings which in their essential character are judicial, are not judicial in form ; and it is evident that the propriety of taking evidence on Oath must depend, not on the form, but on the essential character of the proceeding. His Lordship in Council has no doubt that the law which is now published will, if it shall be finally enacted, be executed in the same spirit in which it has been framed, and that the Governments of the three Presidencies and the Lieutenant Governor of the N. W. Provinces will be particularly careful not to dispense with any Oath which the law now imposes in any stage of any proceeding which is in substance judicial.

6. In conformity with these views, the following Draft of an Act has been prepared, and is herewith published for general information :

ACT No. —— of 1837.

I. It is hereby enacted, that from the day of it shall be lawful for the Governor in Council of any Presidency of which there is a Council, and for the Governor of any Presidency of which there is no Council, to dispense with any Oath which by any Regulation of that Presidency or by any Act of the Governor General of India in Council is now required to be taken, and that it shall be lawful for the Lieutenant Governor of the

N. W. Provinces to dispense with any Oath which by any Regulation or any Act of the Governor General of India in Council now in force within those Provinces is now required to be taken.

II. Provided always, that the dispensing power given by this Act shall not extend to any Oath now required by Law to be taken in any stage of any judicial proceeding.

III. And it is hereby enacted, that whenever any Oath is dispensed with under the authority given by this Act, the person who but for such dispensation would have been legally required to take such Oath shall, in the presence of the functionary by whom, but for such dispensation such Oath would have been administered, make and subscribe a declaration in writing to the same effect with such Oath.

IV. And it is hereby enacted, that whoever shall, in any declaration made and subscribed according to the provisions of this Act, knowingly state any untruth such that if that untruth had been stated on Oath, the person stating it would have been guilty of Perjury, shall be punished with imprisonment for a term not exceeding one year, or fine, or both.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India, after the 19th day of September next.

W. H. MACNAGHTEN,
Secy. to the Govt. of India.

3. LIGHT AT FALSE POINT—BAY OF BENGAL.

NOTICE.

REFERRING to the Notice published from this Office under date 19th July last, Notice is given that on the 1st day of March next a Light will be exhibited at False Point on a Tripod, in Latitude 20° 19′ 25″ N. and Longitude 86° 48′ 8″ E.

The Light will be exhibited from an elevation of about 65 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 15 feet above the surface of the Sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lantern to the top of the permanent Building. It will subsequently, viz. on and after the 1st March, 1839, be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 18 to 20 miles in clear weather, from the height of 15 feet from the surface of the Sea.

The Pilots' Station will be continued as heretofore, off Point Palmyras, during the S. W. Monsoon, that is from the 15th March to the 15th September, during which period the Pilot Vessels cruize during the day off the Point, anchoring during the night in a line East and West, in Latitude 20° 42′ to 20° 48′ N. with the Point bearing West to W. by S.; the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till day light.

Commanders, on making the Light on False Point, are recommended after bringing it to bear West in from 18 to 14 fathoms, to steer to the N. E. keeping in from 13 to 18 fathoms as the wind may hang to the Westward or Eastward, on no account coming under the former depth. In this track the Blue Light and Maroon abovementioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September, the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and will then be found in a line between Point Palmyras and the Floating Light at the entrance of the Eastern Channel. Vessels therefore about that period, if the wind hangs to the Eastward or has a threatening appearance, are recommended after leaving False Point on no account to approach Point Palmyras, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel, and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March the Pilot Vessels cruize during the day between Saugor Sand and the Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10′ North.

Vessels approaching either Station during the day, are requested to make for that Vessel on board of which they will see a large red Flag flying at the Main whenever they can do so without great inconvenience or delay. In the night during the N. E. Monsoon, that is from 15th September to 15th March, at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour, and in thick weather every half hour, and as before stated, at the Point Palmyras Station, during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without reference to turn or rotation, and that this latter is only allowed when no delay is occasioned thereby.

FORT WILLIAM, LEGISLATIVE DEPARTMENT,

THE 31ST JULY, 1837.

The following Draft of a proposed Act published for general information in the Official *Gazette* of the 17th of May last, was read and re-considered under this date :

ACT No. —— of 1837.

I. It is hereby enacted, that from the day of in every case in which any person is now required by any Regulation of any Presidency, or by any Act of the Indian Government to make Oath to the truth of any Statement made to any Collector of Sea or Land Customs, or of Town Duties, a written declaration subscribed by that person to the same effect with the Oath which that person is now required to make, shall be received by such Collector of Customs instead of such Oath.

II. And it is hereby enacted, that whoever in any written declaration made and subscribed under the authority of this Act instead of an Oath, shall knowingly state an untruth, shall be punished on conviction before a Magistrate with imprisonment for a term not exceeding one year, or fine, or both.

RESOLUTION.

It appears to His Lordship in Council that the principle on which the Draft now under re-consideration has been framed, may with advantage be carried much further.

2. The Draft under consideration provides only for cases in which the law now requires Oaths to be taken before a Collector of Customs or of Town Duties. These are, however, by no means the only cases in which useless Oaths are imposed : and it appears to be indisputable that an Oath which is useless must be worse than useless. The Regulations of all the Presidencies now enjoin the taking of Oaths on many occasions, which are not so important as to justify the employment of a sanction, the efficacy of which, as experience has amply proved, is likely to be in proportion to its rarity.

3. In cases therefore in which the existing Regulations require the taking of Oaths, His Lordship in Council is inclined, with one important reservation, to grant to the Governments of the three Presidencies and to the Lieutenant Governor of the N. W. Provinces, the power of dispensing with those Oaths, and of requiring in their stead written declarations.

4. This dispensing power will not extend to Oaths which the law now requires to be taken in any stage of any judicial proceeding.

5. His Lordship in Council is perfectly satisfied that the high functionaries to whom he proposes to confide the power of dispensing with Oaths, will exercise that power in conformity with the intentions of the Legislature. In every part of India the judicial administration, the fiscal administration and the Police are so intermingled with each other, that it is not always easy to distinguished between them. Many proceedings which in their essential character are judicial, are not judicial in form ; and it is evident that the propriety of taking evidence on Oath must depend, not on the form, but on the essential character of the proceeding. His Lordship in Council has no doubt that the law which is now published will, if it shall be finally enacted, be executed in the same spirit in which it has been framed, and that the Governments of the three Presidencies and the Lieutenant Governor of the N. W. Provinces will be particularly careful not to dispense with any Oath which the law now imposes in any stage of any proceeding which is in substance judicial.

6. In conformity with these views, the following Draft of an Act has been prepared, and is herewith published for general information :

ACT No. —— of 1837.

I. It is hereby enacted, that from the day of it shall be lawful for the Governor in Council of any Presidency of which there is a Council, and for the Governor of any Presidency of which there is no Council, to dispense with any Oath which by any Regulation of that Presidency or by any Act of the Governor General of India in Council is now required to be taken, and that it shall be lawful for the Lieutenant Governor of the N. W. Provinces to dispense with any Oath which by any Regulation or any Act of the Governor General of India in Council now in force within those Provinces is now required to be taken.

II. Provided always, that the dispensing power given by this Act shall not extend to any Oath now required by Law to be taken in any stage of any judicial proceeding.

III. And it is hereby enacted, that whenever any Oath is dispensed with under the authority given by this Act, the person who but for such dispensation would have been legally required to take such Oath shall, in the presence of the functionary by whom, but for such dispensation such Oath would have been administered, make and subscribe a declaration in writing to the same effect with such Oath.

IV. And it is hereby enacted, that whoever shall, in any declaration made and subscribed according to the provisions of this Act, knowingly state any untruth such that if that untruth had been stated on Oath, the person stating it would have been guilty of Perjury, shall be punished with imprisonment for a term not exceeding one year, or fine, or both.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India, after the 19th day of September next.

W. H. MACNAGHTEN,

Secy. to the Govt. of India.

LIGHT AT FALSE POINT—BAY OF BENGAL.

NOTICE.

REFERRING to the Notice published from this Office under date 19th July last, Notice is given that on the 1st day of March next a Light will be exhibited at False Point on a Tripod, in Latitude 20° 19′ 25″ N. and Longitude 86° 48′ 8″ E.

The Light will be exhibited from an elevation of about 65 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 15 feet above the surface of the Sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lantern to the top of the permanent Building. It will subsequently, viz. on and after the 1st March, 1838, be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 18 to 20 miles in clear weather, from the height of 15 feet from the surface of the Sea.

The Pilots' Station will be continued as heretofore, off Point Palmyras, during the S. W. Monsoon, that is from the 15th March to the 15th September, during which period the Pilot Vessels cruize during the day off the Point, anchoring during the night in a line East and West, in Latitude 20° 42′ to 20° 48′ N. with the Point bearing West to W. by S.; the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till day light.

Commanders, on making the Light on False Point, are recommended after bringing it to bear West in from 13 to 14 fathoms, to steer to the N. E. keeping in from 13 to 18 fathoms as the wind may hang to the Westward or Eastward, on no account coming under the former depth. In this track the Blue Light and Maroon abovementioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September, the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and will then be found in a line between Point Palmyras and the Floating Light at the entrance of the Eastern Channel. Vessels therefore about that period, if the wind hangs to the Eastward or has a threatening appearance, are recommended after leaving False Point on no account to approach Point Palmyras, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel, and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March the Pilot Vessels cruize during the day between Saugor Sand and the Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10′ North.

Vessels approaching either Station during the day, are requested to make for that Vessel on board of which they will see a large red Flag flying at the Main whenever they can do so without great inconvenience or delay. In the night during the N. E. Monsoon, that is from 15th September to 15th March, at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour, and in thick weather every half hour, and as before stated, at the Point Palmyras Station, during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without reference to turn or rotation, and that this latter is only allowed when no delay is occasioned thereby.

SUPPLEMENT TO

The Calcutta Gazette.

Published by Authority.

WEDNESDAY, AUGUST 16, 1837.

FORT WILLIAM, LEGISLATIVE DEPARTMENT,

THE 31ST JULY, 1837.

The following Draft of a proposed Act published for general information in the Official *Gazette* of the 17th of May last, was read and re-considered under this date :

ACT No. —— of 1837.

I. It is hereby enacted, that from the day of in every case in which any person is now required by any Regulation of any Presidency, or by any Act of the Indian Government to make Oath to the truth of any Statement made to any Collector of Sea or Land Customs, or of Town Duties, a written declaration subscribed by that person to the same effect with the Oath which that person is now required to make, shall be received by such Collector of Customs instead of such Oath.

II. And it is hereby enacted, that whoever in any written declaration made and subscribed under the authority of this Act instead of an Oath, shall knowingly state an untruth, shall be punished on conviction before a Magistrate with imprisonment for a term not exceeding one year, or fine, or both.

RESOLUTION.

It appears to His Lordship in Council that the principle on which the Draft now under re-consideration has been framed, may with advantage be carried much further.

2. The Draft under consideration provides only for cases in which the law now requires Oaths to be taken before a Collector of Customs or of Town Duties. These are, however, by no means the only cases in which useless Oaths are imposed : and it appears to be indisputable that an Oath which is useless must be worse than useless. The Regulations of all the Presidencies now enjoin the taking of Oaths on many occasions, which are not so important as to justify the employment of a sanction, the efficacy of which, as experience has amply proved, is likely to be in proportion to its rarity.

3. In cases therefore in which the existing Regulations require the taking of Oaths, His Lordship in Council is inclined, with one important reservation, to grant to the Governments of the three Presidencies and to the Lieutenant Governor of the N. W. Provinces, the power of dispensing with those Oaths, and of requiring in their stead written declarations.

4. This dispensing power will not extend to Oaths which the law now requires to be taken in any stage of any judicial proceeding.

5. His Lordship in Council is perfectly satisfied that the high functionaries to whom he proposes to confide the power of dispensing with Oaths, will exercise that power in conformity with the intentions of the Legislature. In every part of India the judicial administration, the fiscal administration and the Police are so intermingled with each other, that it is not always easy to distinguished between them. Many proceedings which in their essential character are judicial, are not judicial in form ; and it is evident that the propriety of taking evidence on Oath must depend, not on the form, but on the essential character of the proceeding. His Lordship in Council has no doubt that the law which is now published will, if it shall be finally enacted, be executed in the same spirit in which it has been framed, and that the Governments of the three Presidencies and the Lieutenant Governor of the N. W. Provinces will be particularly careful not to dispense with any Oath which the law now imposes in any stage of any proceeding which is in substance judicial.

6. *In conformity with these views, the following* Draft of an Act has been prepared, and is herewith published for general information :

ACT No. —— of 1837.

I. It is hereby enacted, that from the day of it shall be lawful for the Governor in Council of any Presidency of which there is a Council, and for the Governor of any Presidency of which there is no Council, to dispense with any Oath which by any Regulation of that Presidency or by any Act of the Governor General of India in Council is now required to be taken, and that it shall be lawful for the Lieutenant Governor of the N. W. Provinces to dispense with any Oath which by any Regulation or any Act of the Governor General of India in Council now in force within those Provinces is now required to be taken.

II. Provided always, that the dispensing power given by this Act shall not extend to any Oath now required by Law to be taken in any stage of any judicial proceeding.

III. And it is hereby enacted, that whenever any Oath is dispensed with under the authority given by this Act, the person who but for such dispensation would have been legally required to take such Oath shall, in the presence of the functionary by whom, but for such dispensation such Oath would have been administered, make and subscribe a declaration in writing to the same effect with such Oath.

IV. And it is hereby enacted, that whoever shall, in any declaration made and subscribed according to the provisions of this Act, knowingly state any untruth such that if that untruth had been stated on Oath, the person stating it would have been guilty of Perjury, shall be punished with imprisonment for a term not exceeding one year, or fine, or both.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India, after the 19th day of September next.

W. H. MACNAGHTEN,

Secy. to the Govt. of India.

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 31ST JULY, 1837.

The following Draft of a proposed Act was read in Council for the first time on the 31st July, 1837.

ACT No. —— of 1837.

1. It is hereby enacted, that from the day of neither the Criminal Judge nor the Magistrate of the Zillah of Chingleput shall have any jurisdiction in respect of offences committed within the Collectorate of Madras against any Regulation relating to the public revenue.

2. And it is hereby enacted, that the whole jurisdiction now belonging to the said Criminal Judge, and also the whole jurisdiction now belonging to the said Magistrate in respect of such offences, shall from the day of belong to the Superintendent of Police of the Town of Madras, and to every one of the Deputies of the said Superintendent, and shall be exercised by the said Superintendent and by every one of the said Deputies, according to the rules by which the said Criminal Judge and the said Magistrate are now bound to exercise the same.

3. Provided always, that in the exercise of this jurisdiction the said Superintendent of Police and the said Deputies shall not be subject to the orders of the Court of Circuit for the Centre Division of the Madras Territories, nor be bound by any rule in the Madras Code of Regulations to furnish any Calendar, List, or Report to that Court, but shall be immediately subject to the orders of the Court of Foujdarry Adawlut, and shall furnish to the Court of Foujdarry Adawlut such Lists or Calendars of Charges preferred before them, or of persons sentenced to punishment by them, as the said Court of Foujdarry Adawlut may direct.

4. Provided also, that it shall be lawful for the said Superintendent and every one of the said Deputies in cases in which the said Criminal Judge or the said Magistrate would now be empowered to commit any person to the Jail of Chingleput, to commit such person to any Jail within the Collectorate of Madras.

5. Provided also, that the provisions of Clause 5th of Section VIII. of Regulation XV. of 1803, of the Madras Code, shall be applicable to all Convicts on whom sentence of imprisonment shall have been passed by the said Superintendent of Police, or by any of the said Deputies in the exercise of the jurisdiction transferred to them by this Act.

—

Ordered, that the Draft now read, be published for general information.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India after the 19th day of September next.

LIGHT AT FALSE POINT—BAY OF BENGAL.

NOTICE.

REFERRING to the Notice published from this Office under date 19th July last, Notice is given that on the 1st day of March next a Light will be exhibited at False Point on a Tripod, in Latitude 20° 19′ 25″ N. and Longitude 86° 48′ 8″ E.

The Light will be exhibited from an elevation of about 65 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 15 ft above the surface of the Sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lantern to the top of the permanent Building. It will subsequently, viz. on and after the 1st March, 1838, be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 18 to 20 miles in clear weather, from the height of 15 feet from the surface of the Sea.

The Pilots' Station will be continued as heretofore, off Point Palmyras, during the S. W. Monsoon, that is from the 15th March to the 15th September, during which period the Pilot Vessels cruize during the day off the Point, anchoring during the night in a line East and West, in Latitude 20° 42′ to 20° 48′ N. with the Point bearing West to W. by S.; the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till day light.

Commanders, on making the Light on False Point, are recommended after bringing it to bear West in from 13 to 14 fathoms, to steer to the N. E. keeping in from 13 to 18 fathoms as the wind may hang to the Westward or Eastward, on no account coming under the former depth. In this track the Blue Light and Maroon abovementioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September, the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and will then be found in a line between Point Palmyras and the Floating Light at the entrance of the Eastern Channel. Vessels therefore about that period, if the wind hangs to the Eastward or has a threatening appearance, are recommended after leaving False Point on no account to approach Point Palmyras, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel, and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March the Pilot Vessels cruize during the day between Saugor Sand and the Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10′ North.

Vessels approaching either Station during the day, are requested to make for that Vessel on board of which they will see a large red Flag flying at the Main whenever they can do so without great inconvenience or delay. In the night during the N. E. Monsoon, that is from 15th September to 15th March, at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour, and in thick weather every half hour, and as before stated, at the Point Palmyras Station, during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without reference to turn or rotation, and that this latter is only allowed when no delay is occasioned thereby.

By Order of the Marine Board,

C. B. GREENLAW, *Secretary.*

4. The Stamp for all Letters or Packets, on which Postage has been paid, is an oblong, 1½ inch long by 1 inch wide, bearing the name of the Office and the word "Paid," and must also be stamped *red.*

7. When a Letter exceeds in weight a single tola, its weight, double, treble, &c. must be entered in writing on the face thereof, and on Banghy Parcels, the exact weight must in all cases be entered in writing on the same.

8. All Service, Soldiers or other Free Letters or Packets, received from Seaward at any General Post Office, are to be stamped with the Ship Letter Free Stamp. This Stamp is circular, 1½ inch in diameter, bearing the name of the General Post Office, the date of the month and year, and the words "Ship Letter Free" and must be stamped *red.*

9. All other Letters or Packets received from Seaward at any General Post Office, are to be stamped, if received by Ship, with the Ship Letter Bearing Stamp, and, if by a Government Steamer, with the Steam Letter Bearing Stamp. Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s.	d.		
		Per Company's Rupee for Advances made at..................	Bengal.
		Ditto...............Ditto...........	Madras.
		Ditto...............Ditto...........	Bombay.
		Per Spanish Dollar, Ditto......	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 4TH SEPTEMBER, 1837.

Resolution.—It appears to be on many accounts expedient, that, in a short time, the Governor General should visit the North Western Provinces of the Presidency of Fort William, unattended by any Member of the Council of India.

It is provided by Parliament (Section 70 Act 3 and 4 Wm. 4th Cap. 85,) that, on such occasions "it shall be lawful for the said Governor General "in Council, previously to the departure of the "said Governor General, to nominate some Mem-"ber of the Council of India to be President of "the said Council, in whom during the absence "of the said Governor General from the said "Presidency of Fort William in Bengal, the "powers of the said Governor General in assem-"blies of the said Council, shall be reposed."

It is also provided by Parliament that, "it shall "be lawful, in every such case for the said Gover-"nor General in Council, by a Law or Regulation "for that purpose to be made, to authorize the "Governor General alone to exercise all or any "of the powers which might be exercised by the "said Governor General in Council, except the "power of making Laws or Regulations."

His Lordship in Council has determined, in the exercise of the powers entrusted to him by Parliament, to pass a Legislative Act conferring all the executive powers of the Supreme Government on the Governor General during his absence. Though new in form, this arrangement is by no means new in substance. On the contrary, it has virtually existed whenever a Governor General has been separated from his Council; and the only novel circumstance is, that what on former occasions was effected by means of an understanding between the Members of the Government, will now, according to the directions of Parliament, be effected by a Legislative enactment; but the same understanding will yet exist, and the same mutual references be made upon matters of importance as have been hitherto found sufficient to facilitate the cordial co operation of the two authorities and to ensure harmony and confidence in the transaction of public affairs.

The business of the Legislative Department, during the absence of the Governor General, will be conducted in the manner prescribed by the Act of Parliament.—Drafts of Acts will be promulgated for general information by the authority of the President in Council; but none will be finally passed without the assent of the Governor General signified in writing.

The business of the Supreme Government in other departments, will be conducted according to arrangements to be agreed upon between the Governor General and the President in Council.

The business of the Government of Bengal will, during the absence of the Governor General, be conducted by a Deputy Governor.

The Lieutenant Governor of the N. W. Provinces has, to the great regret of His Lordship in Council, signified his intention to retire in a short time from the Public Service. It appears to His Lordship in Council that to appoint a Lieutenant Governor of those Provinces at a time when the Governor General is actually residing within them, would be to incur large expense without proportionably adding to the efficiency of the administration. His Lordship in Council is satisfied that he shall best conform to the spirit of the existing Acts of Parliament, and best consult the Public interests by taking the N. W. Provinces, after the departure of the Lieutenant Governor, into the immediate charge of the Supreme Government. The Governor General who will hold all the Executive powers of the Supreme Government, will himself, during his residence in those Provinces, perform the functions now performed by the Lieutenant Governor, in communication with the President in Council, in such mode as may be determined upon between the two authorities.

The following Draft of a proposed Act is accordingly published for general information.

ACT NO. —— OF 1837.

It is hereby enacted, that from the day on which it shall be notified by an Order of the Governor

General of India in Council published in the Official Gazette that the said Governor General has quitted his Council for the purpose of proceeding to the N. W Provinces, till the time at which the said Governor General shall, next after the said notification, rejoin his Council, the said Governor General shall have all the powers of Governor General in Council except the power of making Laws or Regulations.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 14th day of October next.

W. H. MACNAGHTEN,
Secy. to the Govt. of India.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 4TH SEPTEMBER, 1837.

The following Draft of a proposed Act, was read in Council for the first time, on the 4th September 1837:

ACT NO. —— OF 1837.

It is hereby enacted, that from the —— day of —— all Aumeens of Police, who have been or may be appointed according to Section XL., Regulation XI. of 1816, of the Madras Code, to act with the Police powers vested in Tuhsildars by that Regulation, shall possess all Police powers and Criminal Judicial powers which are vested in Tuhsildars within the Territories subject to the Presidency of Fort St. George by any Law or Regulation whatever, and shall be subject to all provisions to which, by any Law or Regulation, Tuhsildars are subject, in respect of any of those powers.

Ordered, that the Draft now read be published for general information

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India after the 20th day of October 1837.

W. H. MACNAGHTEN,
Secy. to the Govt. of India.

SUPPLEMENT TO

The Calcutta Gazette.

Published by Authority.

WEDNESDAY, SEPTEMBER 13, 1837.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 4TH SEPTEMBER, 1837.

Resolution.—It appears to be on many accounts expedient, that, in a short time, the Governor General should visit the North Western Provinces of the Presidency of Fort William, unattended by any Member of the Council of India.

It is provided by Parliament (Section 70 Act 3 and 4 Wm. 4th Cap. 85,) that, on such occasions "it shall be lawful for the said Governor General "in Council, previously to the departure of the "said Governor General, to nominate some Mem-"ber of the Council of India to be President of "the said Council, in whom during the absence "of the said Governor General from the said "Presidency of Fort William in Bengal, the "powers of the said Governor General in assem-"blies of the said Council, shall be reposed."

It is also provided by Parliament that, "it shall "be lawful, in every such case for the said Gover-"nor General in Council, by a Law or Regulation "for that purpose to be made, to authorize the "Governor General alone to exercise all or any "of the powers which might be exercised by the "said Governor General in Council, except the "power of making Laws or Regulations."

His Lordship in Council has determined, in the exercise of the powers entrusted to him by Parliament, to pass a Legislative Act conferring all the executive powers of the Supreme Government on the Governor General during his absence. Though new in form, this arrangement is by no means new in substance. On the contrary, it has virtually existed whenever a Governor General has been separated from his Council; and the only novel circumstance is, that what on former occasions was effected by means of an understanding between the Members of the Government, will now, according to the directions of Parliament, be effected by a Legislative enactment; but the same understanding will yet exist, and the same mutual references be made upon matters of importance as have been hitherto found sufficient to facilitate the cordial co operation of the two authorities and to ensure harmony and confidence in the transaction of public affairs.

The business of the Legislative Department, during the absence of the Governor General, will be conducted in the manner prescribed by the Act of Parliament.—Drafts of Acts will be promulgated for general information by the authority of the President in Council; but none will be finally passed without the assent of the Governor General signified in writing.

The business of the Supreme Government in other departments, will be conducted according to arrangements to be agreed upon between the Governor General and the President in Council.

The business of the Government of Bengal will, during the absence of the Governor General, be conducted by a Deputy Governor.

The Lieutenant Governor of the N. W. Provinces has, to the great regret of His Lordship in Council, signified his intention to retire in a short time from the Public Service. It appears to His Lordship in Council that to appoint a Lieutenant Governor of those Provinces at a time when the Governor General is actually residing within them, would be to incur large expense without proportionably adding to the efficiency of the administration. His Lordship in Council is satisfied that he shall best conform to the spirit of the existing Acts of Parliament, and best consult the Public interests by taking the N. W. Provinces, after the departure of the Lieutenant Governor, into the immediate charge of the Supreme Government. The Governor General who will hold all the Executive powers of the Supreme Government, will himself, during his residence in those Provinces, perform the functions now performed by the Lieutenant Governor, in communication with the President in Council, in such mode as may be determined upon between the two authorities.

The following Draft of a proposed Act is accordingly published for general information.

ACT No. —— OF 1837.

It is hereby enacted, that from the day on which it shall be notified by an Order of the Governor General of India in Council published in the Official Gazette that the said Governor General has quitted his Council for the purpose of proceeding to the N. W Provinces, till the time at which the said Governor General shall, next after the said notification, rejoin his Council, the said Governor General shall have all the powers of Governor General in Council except the power of making Laws or Regulations.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 14th day of October next.

W. H. MACNAGHTEN,
Secy. to the Govt. of India.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 4TH SEPTEMBER, 1837.

The following Draft of a proposed Act, was read in Council for the first time, on the 4th September 1837:

ACT NO. —— OF 1837.

It is hereby enacted, that from the —— day of —— all Aumeens of Police, who have been or may be appointed according to Section XL., Regulation XI. of 1816, of the Madras Code, to act with the Police powers vested in Tuhsildars by that Regulation, shall possess all Police powers and Criminal Judicial powers which are vested in Tuhsildars within the Territories subject to the Presidency of Fort St. George by any Law or Regulation whatever, and shall be subject to all provisions to which, by any Law or Regulation, Tuhsildars are subject, in respect of any of those powers.

Ordered, that the Draft now read be published for general information

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India after the 20th day of October 1837.

W. H. MACNAGHTEN,
Secy. to the Govt. of India.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 4TH SEPTEMBER, 1837.

The following Draft of a proposed Act was read in Council for the first time on the 4th September 1837:

ACT No. —— OF 1837.

It is hereby enacted, that so much of Section VII. Reg. X. of 1829, of the Bengal Code, as directs that the Officer to whom the management of the Stamp Duties may be transferred shall be a Covenanted Officer, be repealed.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 24th day of October next.

W. H. MACNAGHTEN,
Secy to the Govt. of India.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 4TH SEPTEMBER, 1837.

Resolution.—The attention of His Lordship in Council has lately been called to the Regulations of the Bengal Code, which positively enjoin the use of the Persian language in Judicial and Fiscal Proceedings.

His Lordship in Council is sensible that it would be in the highest degree inexpedient hastily to substitute any other language for that which has during a long course of years, been appropriated to the transaction of public business. He is satisfied that in many parts of the country a sudden and violent change would produce serious public inconvenience, and that it would reduce many old and useful servants of the public to distress such as no humane Government would willingly cause.

At the same time, His Lordship in Council strongly feels it to be just and reasonable that those Judicial and Fiscal Proceedings on which the dearest interest of the Indian people depend, should be conducted in a language which they understand. That this great reform must be gradual, that a considerable time must necessarily elapse before it can be carried into full effect, appears to His Lordship in Council to be an additional reason for commencing it without delay His Lordship in Council is therefore disposed to empower the Supreme Executive Government of India, and such subordinate authorities as may be thereunto appointed by the Supreme Government, to substitute the Vernacular languages of the country for the Persian in legal proceedings and in proceedings relating to the Revenue.

It is the intention of His Lordship in Council to delegate the powers given by this Act, for the present only to the Governor of Bengal and to the Lieut. Governor of the N. W. Provinces, and he has no doubt that those high authorities will exercise these powers with that caution which is required at the first introduction of extensive changes however salutary in an old and deeply rooted system.

The following Draft of a proposed Act is accordingly published for general information:

ACT No. ——— OF 1837.

I. It is hereby enacted, that from the day of it shall be lawful for the Governor General of India in Council, by an Order in Council, to dispense either generally, or within such local limits as may to him seem meet, with any provision of any Regulation of the Bengal Code which enjoins the use of the Persian language in any Judicial proceeding, or in any proceeding relating to the Revenue, and to prescribe the language and character to be used in such proceedings.

II. And it is hereby enacted, that from the said day it shall be lawful for the said Governor General of India in Council, by an Order in Council, to delegate all or any of the powers given to him by this Act, or any part thereof, to any subordinate authority under such restrictions as may to the said Governor General of India in Council seem meet.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 24th day of October next.

W. H. MACNAGHTEN,
Secy. to the Govt. of India.

any time to be subordinate or annexed thereto, a Court of Record, which should be called "The Court of Judicature of *Prince of Wales' Island, Singapore,* and *Malacca,*" and did thereby erect, create, and constitute the said Court of Judicature of *Prince of Wales' Island, Singapore,* and *Malacca,* to be a Court of Record, and that the said Court of Judicature should be a Court of Oyer and Terminer and Gaol Delivery in and for the said settlement of *Prince of Wales' Island, Singapore,* and *Malacca,* and the places then, or at any time thereafter, to be subordinate or annexed thereto; And did further will, ordain, and appoint, that the said Court of Judicature should consist of, and be holden before the Governor or President, and the Resident Councillor for the time being of the Station where the said Court should be held, as two of the Judges of the said Court, and before one other Judge, who should be called "The Recorder of *Prince of Wales' Island, Singapore,* and *Malacca,*" to be appointed as therein mentioned, and that such Court of Judicature should have such powers, jurisdictions, and authorities, as in the said Letters Patent are mentioned. And in the said Letters Patent it is provided, That nothing therein contained, or any act which should be done under the authority thereof, should extend, or be construed to extend, to prevent our said Royal Brother, his Heirs and Successors, upon the surrender thereof by the said Company or their Successors, or upon the petition of the said Company or their Successors to our said Royal Brother, his Heirs or Successors, without surrender thereof to repeal the said Letters Patent, or any part thereof, or to make such further or other provision by Letters Patent for the administration of justice, civil and criminal, within the said settlement of *Prince of Wales' Island, Singapore,* and *Malacca,* and the places then, or at any time thereafter, to be annexed thereto, as to our said Royal Brother, his Heirs and Successors, should seem fit, in as full and ample manner as if the said Letters Patent had not been made.

Recital of Charter of 26 March, 14 Geo. III. creating the Supreme Court of Judicature at Fort William in Bengal.

And whereas, by Letters Patent of our Royal Father, King *George* the Third, of glorious memory, under the Great Seal of *Great Britain,* bearing date at *Westminster,* the Twenty-sixth day of *March,* in the Fourteenth year of his reign, our said Royal Father, of his especial grace, certain knowledge, and mere motion, did, for Himself, his Heirs and Successors, grant, direct, ordain, and appoint, That there should be, within the factory of *Fort William* at *Calcutta* in *Bengal,* a Court of Record, which should be called "The Supreme Court of Judicature at *Fort William* in *Bengal;*" and he did thereby create, direct, and constitute the said Supreme Court of Judicature at *Fort William* in *Bengal* to be a Court of Record. And by the said Letters Patent our said Royal Father did, among other things, grant, ordain, establish, and appoint, that the said Supreme Court of Judicature at *Fort William* in *Bengal* should be a Court of Admiralty, in and for the provinces, countries, or districts of *Bengal, Bahar,* and *Orissa,* therein mentioned, and all other territories and islands adjacent thereunto, and which then were or ought to be dependent thereupon; And did thereby commit and grant to the said Supreme Court of Judicature at *Fort William* in *Bengal,* full power and authority to take cognizance of, hear, examine, try, and determine, all causes, civil, and maritime, and all pleas of contracts, debts, exchanges, policies of assurance, accounts, charter-parties, agreements, loading of ships, and all matters and contracts which in any manner whatsoever relate to freight, or money due for ships hired and let out, transport money, maritime usury or bottomry, or to extortions, trespasses, injuries, complaints, demands, and matters, civil and maritime, whatsoever, between merchants, owners, and proprietors of ships and vessels employed or used within the jurisdiction aforesaid, or between others contracted, done, had, or commenced in, upon, or by the sea or public rivers, or ports, creeks, harbours, and places overflown, within the ebbing and flowing of the sea and high-water-mark, within, about, and throughout the said three provinces, countries, or districts of *Bengal, Bahar,* and *Orissa,* and all the said territories or islands adjacent thereunto or dependent thereupon, the cognizance whereof did belong to the jurisdiction of the Admiralty, as the same was used and exercised in that part of *Great Britain* called *England,* together with all and singular their incidents, emergents, and dependencies, annexed and connexed causes whatsoever; and to proceed summarily therein, with all possible dispatch, according to the course of his Admiralty of that part of *Great Britain* called *England,* without the strict formalities of law, considering only the truth of the fact and the equity of the case.

And our said Royal Father did thereby further commit to the said Supreme Court of Judicature at *Fort William* in *Bengal,* full power and authority to inquire, hear, try, examine, and determine, by the oaths of honest and lawful men, being his British subjects resident in the town of *Calcutta,* therein-before mentioned, and not otherwise, all treasons, murders, piracies, robberies, felonies, maimings, forestallings, extortions, trespasses, misdemeanors, offences, excesses, and enormities, and maritime crimes whatsoever, according to the laws and customs of the Admiralty in that part of *Great Britain* called *England,* done, perpetrated, or committed upon the high seas, within the limits and jurisdiction therein-before mentioned, and to fine, imprison, correct, punish, chastise, and reform parties guilty, and all violators of the law, usurpers, delinquents, contumacious absenters, masters of ships, mariners, rowers, fishers, shipwrights, and other workmen exercising any kind of maritime affairs, according to the said civil and maritime laws, ordinances, and customs, and their respective demerits, and to deliver and discharge persons imprisoned in that behalf, who ought to be delivered, and to take recognizances, obligations, stipulations, and cautions, as well to his use as at the instance of other parties, and to put the same in execution, or to cause or command them to be executed, and also to arrest, or cause or command to be arrested, according to the civil law and the ancient customs of his High Court of Admiralty in that part of *Great Britain* called *England,* all ships, persons, things, goods, wares, and merchandizes, for the premises, and every of them, and for other causes whatsoever concerning the same, wheresoever they should be met with or found in or throughout the said districts and jurisdictions aforesaid, and to compel all manner of persons in that behalf, as the case should require, to appear and answer in the said Court, with power of using every temporal coercion, and inflicting mulcts and penalties according to the laws and customs aforesaid, and moreover to compel witnesses, in case they should withdraw themselves, for interest, fear, favour, or ill-will, or other cause whatsoever, to give evidence to the truth, in all and every the cause or causes above-mentioned, according to the exigencies of the law, and to proceed in such cause or causes according to the civil and maritime laws and customs, as well as of mere office, mixed or promoted at the instance of any party, as the case might require, and to promulge and interpose all manner of sentences and decrees, and put the same in execution, according to the course and order of the Admiralty, as the same was used then in that part of *Great Britain* called *England.*

Recital of 33 Geo. III. cap. 52, sec. 156.

And whereas, by an Act of Parliament made and passed in the Thirty-third year of the reign of His Majesty King *George* the Third, it was amongst other things enacted and declared, That the power and authority of the said Supreme Court of Judicature at *Fort William* in *Bengal,* granted to them by the said Charter of Justice, should extend and be extended to the high seas, and that the said Court should, by force and virtue of the

now-reciting Act, have full power and authority to inquire, hear, try, examine, and determine, by the oaths of honest and lawful men, being British subjects resident in the town of *Calcutta*, all treasons, murders, piracies, robberies, felonies, maimings, forestallings, extortions, trespasses, misdemeanors, offences, excesses, and enormities, and maritime causes whatsoever, according to the laws and customs of the Admiralty of *England*, done, perpetrated, or committed upon any of the high seas, and to fine, imprison, correct, punish, chastise, and reform parties guilty and violators of the laws, in like and as ample manner, to all intents and purposes, as the said Court might or could do, if the same were done, perpetrated, or committed within the limits prescribed by the said Charter of Justice, and not otherwise or in any other manner.

Recital of 53 Geo. III. cap. 155, sec. 110.

And whereas, by an Act of Parliament made and passed in the Fifty-third year of the reign of His said Majesty King *George* the Third, intituled, "An Act for continuing in the East-India Company for a further term the "possession of the British Territories in India, together with certain exclusive Privileges, for establishing further "regulations for the Government of the said Territories and the better administration of Justice within the "same, and for regulating the trade to and from the places within the limits of the said Company's Charter." After reciting that the Courts established by the said United Company had no jurisdiction over crimes maritime, and that doubts had been entertained, whether the Admiralty jurisdiction of His Majesty's Courts at *Calcutta, Madras*, and *Bombay*, extended to any persons but those who were amenable to their ordinary jurisdiction, by reason whereof failures of justice might arise, it was enacted, That it should and might be lawful for His Majesty's Courts at *Calcutta, Madras*, and *Bombay*, exercising Admiralty jurisdiction, to take cognizance of all crimes perpetrated on the high seas, by any person or persons whatsoever, in as full and ample a manner as any other Court of Admiralty jurisdiction established by His Majesty's authority in any colony or settlement whatsoever, belonging to the Crown of the said United Kingdom.

Recital of 6 and 7 Wm. IV. c. 53.

And whereas, by an Act of Parliament made and passed in the Seventh year of our reign, and intituled, "An Act for enabling His Majesty to grant "Admiralty jurisdiction to the Court of Judicature of *Prince of Wales' "Island, Singapore*, and *Malacca*," it is enacted, That it should and might be lawful for His Majesty, by Charter or Letters Patent under the great seal of the United Kingdom of *Great Britain* and *Ireland*, to grant and commit to the said Court of Judicature of *Prince of Wales' Island, Singapore*, and *Malacca*, powers and authorities for the exercise of Admiralty jurisdiction, to the same extent, in all respects, as His Majesty's Supreme Court of Judicature at *Fort William* in *Bengal* is now, by virtue of any Charter or Acts of Parliament, authorized to execute any Admiralty jurisdiction.

Court of Judicature at Prince of Wales' Island, Singapore, and Malacca, to be a Court of Admiralty.

Now know ye, That We, upon full consideration of the premises, and of our especial grace, certain knowledge, and mere motion, have thought fit to grant and commit, and by these presents We do accordingly, for Us, our Heirs and Successors, grant and commit to the said Court of Judicature at *Prince of Wales' Island, Singapore*, and *Malacca*, That the said Court of Judicature shall be a Court of Admiralty, within the settlement of *Prince of Wales' Island, Singapore*, and *Malacca*, and the places now or at any time to be subordinate, or dependant, or annexed thereto. And We do hereby commit and grant to the said Court of Judicature of *Prince of Wales' Island, Singapore*, and *Malacca*, full power and authority to take cognizance of, hear, examine, try, and determine all causes, civil and maritime, and all pleas of contracts, debts, exchanges, policies of assurance, accounts, charter-parties, agreements, loading of ships, and all matters and contracts, which, in any manner whatsoever, relate to freight or money due for ships hired and let out, transport money, maritime usury or bottomry, or to extortions, trespasses, injuries, complaints, demands, and matters, civil and maritime, whatsoever, between merchants, owners, and proprietors of ships and vessels, employed or used within the jurisdiction aforesaid, or between others contracted, done, had, or commenced in, upon, or by the sea, or public rivers, or ports, creeks, harbours, and places overflown with the ebbing and flowing of the sea and high-water mark, without, about, and throughout the settlement of *Prince of Wales' Island, Singapore*, and *Malacca*, and its dependencies, the cognizance whereof doth belong to the jurisdiction of the Admiralty, as the same is used and exercised in that part of the United Kingdom of *Great Britain* and *Ireland* called *England*, together with all and singular their incidents, emergents, and dependencies, annexed and connexed causes whatsoever, and to proceed summarily therein with all possible dispatch, according to the course of our Admiralty of that part of the said United Kingdom called *England*, without the strict formalities of Law, considering only the truth of the fact and the equity of the case.

FORT WILLIAM,
POLITICAL DEPARTMENT,
4TH SEPTEMBER, 1837.

Resolution.—The attention of His Lordship in Council has lately been called to the Regulations of the Bengal Code, which positively enjoin the use of the Persian language in Judicial and Fiscal Proceedings.

His Lordship in Council is sensible that it would be in the highest degree inexpedient hastily to substitute any other language for that which has during a long course of years, been appropriated to the transaction of public business. He is satisfied that in many parts of the country a sudden and violent change would produce serious public inconvenience, and that it would reduce many old and useful servants of the public to distress such as no humane Government would willingly cause.

At the same time, His Lordship in Council strongly feels it to be just and reasonable that those Judicial and Fiscal Proceedings on which the dearest interest of the Indian people depend, should be conducted in a language which they understand. That this great reform must be gradual, that a considerable time must necessarily elapse before it can be carried into full effect, appears to His Lordship in Council to be an additional reason for commencing it without delay. His Lordship in Council is therefore disposed to empower the Supreme Executive Government of India, and such subordinate authorities as may be thereunto appointed by the Supreme Government, to substitute the Vernacular languages of the country for the Persian in legal proceedings and in proceedings relating to the Revenue.

It is the intention of His Lordship in Council to delegate the powers given by this Act, for the present only to the Governor of Bengal and to the Lieut. Governor of the N. W. Provinces, and he has no doubt that those high authorities will exercise these powers with that caution which is required at the first introduction of extensive changes however salutary in an old and deeply rooted system.

The following Draft of a proposed Act is accordingly published for general information :

ACT NO. —— OF 1837.

I. It is hereby enacted, that from the day of it shall be lawful for the Governor General of India in Council, by an Order in Council, to dispense either generally, or within such local limits as may to him seem meet, with any provision of any Regulation of the Bengal Code which enjoins the use of the Persian language in any Judicial proceeding, or in any proceeding relating to the Revenue, and to prescribe the language and character to be used in such proceedings.

II. And it is hereby enacted, that from the said day it shall be lawful for the said Governor General of India in Council, by an Order in Council, to delegate all or any of the powers given to him by this Act, or any part thereof, to any subordinate authority under such restrictions as may to the said Governor General of India in Council seem meet.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 24th day of October next.

W. H. MACNAGHTEN,
Secy. to the Govt. of India.

FORT WILLIAM,

POLITICAL DEPARTMENT,

4TH SEPTEMBER, 1837.

Resolution.—The attention of His Lordship in Council has lately been called to the Regulations of the Bengal Code, which positively enjoin the use of the Persian language in Judicial and Fiscal Proceedings.

His Lordship in Council is sensible that it would be in the highest degree inexpedient hastily to substitute any other language for that which has during a long course of years, been appropriated to the transaction of public business. He is satisfied that in many parts of the country a sudden and violent change would produce serious public inconvenience, and that it would reduce many old and useful servants of the public to distress such as no humane Government would willingly cause.

At the same time, His Lordship in Council strongly feels it to be just and reasonable that those Judicial and Fiscal Proceedings on which the dearest interest of the Indian people depend, should be conducted in a language which they understand. That this great reform must be gradual, that a considerable time must necessarily elapse before it can be carried into full effect, appears to His Lordship in Council to be an additional reason for commencing it without delay. His Lordship in Council is therefore disposed to empower the Supreme Executive Government of India, and such subordinate authorities as may be thereunto appointed by the Supreme Government, to substitute the Vernacular languages of the country for the Persian in legal proceedings and in proceedings relating to the Revenue.

It is the intention of His Lordship in Council to delegate the powers given by this Act, for the present only to the Governor of Bengal and to the Lieut. Governor of the N. W. Provinces, and he has no doubt that those high authorities will exercise these powers with that caution which is required at the first introduction of extensive changes however salutary in an old and deeply rooted system.

The following Draft of a proposed Act is accordingly published for general information:

ACT No. —— OF 1837.

I. It is hereby enacted, that from the day of it shall be lawful for the Governor General of India in Council, by an Order in Council, to dispense either generally, or within such local limits as may to him seem meet, with any provision of any Regulation of the Bengal Code which enjoins the use of the Persian language in any Judicial proceeding, or in any proceeding relating to the Revenue, and to prescribe the language and character to be used in such proceedings.

II. And it is hereby enacted, that from the said day it shall be lawful for the said Governor General of India in Council, by an Order in Council, to delegate all or any of the powers given to him by this Act, or any part thereof, to any subordinate authority under such restrictions as may to the said Governor General of India in Council seem meet.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 24th day of October next.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 11TH SEPTEMBER, 1837.

The attention of the Governor General in Council has been called to the situation in which many of the Landed Proprietors in the British Settlements in the Straits are placed.

His Lordship in Council apprehends that within those Settlements Land can be lawfully bequeathed and inherited only according to the rules of English Law.

But it is certain that, in practice, the rules of English Law have been little regarded by a great part of the population. Land of freehold tenure has been equally divided between the Members of a family instead of descending to the heir-at-law. It has been bequeathed by Testaments not executed with the formalities of a devise. Emigrants from different Countries have introduced their own national usages, and the legality of those usages has not, as far as His Lordship in Council is informed, been publicly questioned.

His Lordship in Council is apprehensive that if any attempt were made to enforce the English Law of inheritance in a society in which such laxity and variety of practice have hitherto prevailed, great confusion, distress and insecurity would be the consequence.

His Lordship in Council has therefore determined to pass an Act, which may prevent all doubt as to the law for the future, and which may secure the present holders of Land in their possessions. He thinks it desirable that Land in the Eastern Settlements should henceforth be dealt with by the Courts as being, and as having always been of the nature of personal property. He proposes to confirm in their Estates all on whom the Estates of deceased persons have devolved either in the mode which has hitherto been strictly lawful, or in any of the modes which though not strictly lawful, have yet been popularly considered as lawful. Another proviso has been added for the purpose of securing those who having acquired Estates in any of the above mentioned modes have subsequently sold them, in the enjoyment of the purchase money.

In conformity with these views His Lordship in Council has passed the following Act:

ACT No. XX. OF 1837.

I. It is hereby enacted, that from the first day of October, 1837, all immoveable Property situate within the jurisdiction of the Court of Judicature of Prince of Wales' Island, Singapore and Malacca, shall, as far as regards the transmission of such property on the death and intestacy of any person having a beneficial interest in the same, or by the last Will of any such person, be taken to be, and to have been, of the nature of Chattels real and not of freehold.

II. Provided always, that in any suit at law or in equity which shall be brought for the recovery of such immoveable Property as is aforesaid, no advantage shall be taken of any defect of title arising out of the transmission of such property upon the death and intestacy of any person having a beneficial interest in the same, or by the last Will of any such person, if such transmission took place before the said first day of October, and if such transmission were according to the Rules which regulate the transmission of freehold property, or were according to the Law of the Nation to which the deceased person belonged, or took place with the acquiescence of all those to whom any interest in that property would, according to the Rules which regulate the transmission of Chattels real, have accrued upon the death of that person.

III. Provided also, that in all cases where such immoveable Property derived from a deceased person, shall have been, before the said first day of October conveyed for a valuable consideration by any person who would be entitled to convey the same according to the Rules which regulate the transmission of freehold property, or according to the law of the nation to which the deceased person belonged, the person who so conveyed shall be entitled to retain to his own use the consideration received for such conveyance.

FORT WILLIAM, *18th September*, 1837.

No. 198 of 1837.—In continuation of General Orders No. 195, of the 5th October 1836, the following paras. of a Letter No. 8, from the Honorable the Court of Directors in the Public Department, dated the 28th June last, are published in General Orders:

"Para. 1. In our Letter in the Military Department, dated the 1st of June, (No. 4) of 1836, we informed you, that His late Majesty's Government had consented to extend to the Retired Officers of our Army the same advantages which were enjoyed by His Majesty's Officers settling in the Colonies of Western Australia, New South Wales, and Van Dieman's Land.

2. We have now to communicate the concession to Retired Officers of our Navy of the same benefits to which Officers of the same rank and standing in Her Majesty's Navy are entitled in those Colonies; and further the extension of similar privileges to the Members of both Services settling in the British North American Colonies.

3. It is necessary, however, to state for the guidance of those who may be disposed to avail themselves of the last named privileges, that the Legislature of Upper Canada have in their last Session passed an Act for the Regulation of the System on which the Crown Lands are disposed of. In New Brunswick also, a Bill was passed by the Council and Assembly for restraining the free grant of Land, except in certain specified cases, and although this Bill was prevented by circumstances from becoming Law during that Session, it is the belief of Her Majesty's Colonial Authorities in this Country, that a similar Bill may, by this time, have been again passed and may have received the assent of the Lieutenant Governor.

4. Under the circumstances, and in reference to the probability that the other North American Colonies will follow the example of Upper Canada and New Brunswick, it has been suggested from the Colonial Department, that it will be necessary in communicating the concession of the above named privilege to the Officers of our Army and Navy, distinctly to explain to them, that their acquisition of Land in North America, on the specified conditions, is altogether dependent on the measures which the Legislatures of the respective Provinces may think proper to adopt on the general question, and that Her Majesty's Government can offer no guarantee for the permanency of the present system."

Recital of 33 Geo. III. cap. 52, sec. 156.

AND WHEREAS, by an Act of Parliament made and passed in the Thirty-third year of the reign of His Majesty King *George* the Third, it was amongst other things enacted and declared, That the power and authority of the said Supreme Court of Judicature at *Fort William* in *Bengal*, granted to them by the said Charter of Justice, should extend and be extended to the high seas, and that the said Court should, by force and virtue of the

now-reciting Act, have full power and authority to inquire, hear, try, examine, and determine, by the oaths of honest and lawful men, being British subjects resident in the town of *Calcutta*, all treasons, murders, piracies, robberies, felonies, maimings, forestallings, extortions, trespasses, misdemeanors, offences, excesses, and enormities, and maritime causes whatsoever, according to the laws and customs of the Admiralty of *England*, done, perpetrated, or committed upon any of the high seas, and to fine, imprison, correct, punish, chastise, and reform parties guilty and violators of the laws, in like and as ample manner, to all intents and purposes, as the said Court might or could do, if the same were done, perpetrated, or committed within the limits prescribed by the said Charter of Justice, and not otherwise or in any other manner.

And whereas, by an Act of Parliament made and passed in the Fifty-third year of the reign of His said Majesty King *George* the Third, intituled, "An Act for continuing in the East-India Company for a further term the "possession of the British Territories in India, together with certain exclusive Privileges, for establishing further "regulations for the Government of the said Territories and the better administration of Justice within the "same, and for regulating the trade to and from the places within the limits of the said Company's Charter." After reciting that the Courts established by the said United Company had no jurisdiction over crimes maritime, and that doubts had been entertained, whether the Admiralty jurisdiction of His Majesty's Courts at *Calcutta, Madras*, and *Bombay*, extended to any persons but those who were amenable to their ordinary jurisdiction, by reason whereof failures of justice might arise, it was enacted, That it should and might be lawful for His Majesty's Courts at *Calcutta, Madras*, and *Bombay*, exercising Admiralty jurisdiction, to take cognizance of all crimes perpetrated on the high seas, by any person or persons whatsover, in as full and ample a manner as any other Court of Admiralty jurisdiction established by His Majesty's authority in any colony or settlement whatsoever, belonging to the Crown of the said United Kingdom.

Recital of 6 and 7 Wm. IV. c. 53.

And whereas, by an Act of Parliament made and passed in the Seventh year of our reign, and intituled, "An Act for enabling His Majesty to grant "Admiralty jurisdiction to the Court of Judicature of *Prince of Wales' "Island, Singapore*, and *Malacca*," it is enacted, That it should and might be lawful for His Majesty, by Charter or Letters Patent under the great seal of the United Kingdom of *Great Britain* and *Ireland*, to grant and commit to the said Court of Judicature of *Prince of Wales' Island, Singapore*, and *Malacca*, powers and authorities for the exercise of Admiralty jurisdiction, to the same extent, in all respects, as His Majesty's Supreme Court of Judicature at *Fort William* in *Bengal* is now, by virtue of any Charter or Acts of Parliament, authorized to execute any Admiralty jurisdiction.

And We do hereby commit and grant to the said Court of Judicature of *Prince of Wales' Island, Singapore*, and *Malacca*, full power and authority to take cognizance of, hear, examine, try, and determine all causes, civil and maritime, and all pleas of contracts, debts, exchanges, policies of assurance, accounts, charter-parties, agreements, loading of ships, and all matters and contracts, which, in any manner whatsoever, relate to freight or money due for ships hired and let out, transport money, maritime usury or bottomry, or to extortions, trespasses, injuries, complaints, demands, and matters, civil and maritime, whatsoever, between merchants, owners, and proprietors of ships and vessels, employed or used within the jurisdiction aforesaid, or between others contracted, done, had, or commenced in, upon, or by the sea, or public rivers, or ports, creeks, harbours, and places overflown with the ebbing and flowing of the sea and high-water mark, without, about, and throughout the settlement of *Prince of Wales' Island, Singapore*, and *Malacca*, and its dependencies, the cognizance whereof doth belong to the jurisdiction of the Admiralty, as the same is used and exercised in that part of the United Kingdom of *Great Britain* and *Ireland* called *England*, together with all and singular their incidents, emergents, and dependencies, annexed and connexed causes whatsoever, and to proceed summarily therein with all possible dispatch, according to the course of our Admiralty of that part of the said United Kingdom called *England*, without the strict formalities of Law, considering only the truth of the fact and the equity of the case.

W. H. MACNAGHTEN,

Secy. to the Govt. of India.

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 11TH SEPTEMBER, 1837.

The attention of the Governor General in Council has been called to the situation in which many of the Landed Proprietors in the British Settlements in the Straits are placed.

His Lordship in Council apprehends that within those Settlements Land can be lawfully bequeathed and inherited only according to the rules of English Law.

But it is certain that, in practice, the rules of English Law have been little regarded by a great part of the population. Land of freehold tenure has been equally divided betwe n the Members of a family instead of descending to the heir-at-law. It has been bequeathed by Testaments not executed with the formalities of a devise. Emigrants from different Countries have introduced their own national usages, and the legality of those usages has not, as far as His Lordship in Council is informed, been publicly questioned.

His Lordship in Council is apprehensive that if any attempt were made to enforce the English Law of inheritance in a society in which such laxity and variety of practice have hitherto prevailed, great confusion, distress and insecurity would be the consequence.

His Lordship in Council has therefore determined to pass an Act, which may prevent all doubt as to the law for the future, and which may secure the present holders of Land in their possessions. He thinks it desirable that Land in the Eastern Settlements should henceforth be dealt with by the Courts as being, and as having always been of the nature of personal property. He proposes to confirm in their Estates all on whom the Estates of deceased persons have devolved either in the mode which has hitherto been strictly lawful, or in any of the modes which though not strictly lawful, have yet been popularly considered as lawful. Another proviso has been added for the purpose of securing those who having acquired Estates in any of the above mentioned modes have subsequently sold them, in the enjoyment of the purchase money.

In conformity with these views His Lordship in Council has passed the following Act:

ACT No. XX. OF 1837.

I. It is hereby enacted, that from the first day of October, 1837, all immoveable Property situate within the jurisdiction of the Court of Judicature of Prince of Wales' Island, Singapore and Malacca, shall, as far as regards the transmission of such property on the death and intestacy of any person having a beneficial interest in the same, or by the last Will of any such person, be taken to be, and to have been, of the nature of Chattels real and not of freehold.

II. Provided always, that in any suit at law or in equity which shall be brought for the recovery of such immoveable Property as is aforesaid, no advantage shall be taken of any defect of title arising out of the transmission of such property upon the death and intestacy of any person having a beneficial interest in the same, or by the last Will of any such person, if such transmission took place before the said first day of October, and if such transmission were according to the Rules which regulate the transmission of freehold property, or were according to the Law of the Nation to which the deceased person belonged, or took place with the acquiescence of all those to whom any interest in that property would, according to the Rules which regulate the transmission of Chattels real, have accrued upon the death of that person.

III Provided also, that in all cases where such immoveable Property derived from a deceased person, shall have been, before the said first day of October conveyed for a valuable consideration by any person who would be entitled to convey the same according to the Rules which regulate the transmission of freehold property, or according to the law of the nation to which the deceased person belonged, the person who so conveyed shall be entitled to retain to his own use the consideration received for such conveyance.

After reciting that the Courts established by the said United Company had no jurisdiction over crimes maritime, and that doubts had been entertained, whether the Admiralty jurisdiction of His Majesty's Courts at *Calcutta, Madras,* and *Bombay,* extended to any persons but those who were amenable to their ordinary jurisdiction, by reason whereof failures of justice might arise, it was enacted, That it should and might be lawful for His Majesty's Courts at *Calcutta, Madras,* and *Bombay,* exercising Admiralty jurisdiction, to take cognizance of all crimes perpetrated on the high seas, by any person or persons whatsoever, in as full and ample a manner as any other Court of Admiralty jurisdiction established by His Majesty's authority in any colony or settlement whatsoever, belonging to the Crown of the said United Kingdom.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 11TH SEPTEMBER, 1837.

The attention of the Governor General in Council has been called to the situation in which many of the Landed Proprietors in the British Settlements in the Straits are placed.

His Lordship in Council apprehends that within those Settlements Land can be lawfully bequeathed and inherited only according to the rules of English Law.

But it is certain that, in practice, the rules of English Law have been little regarded by a great part of the population. Land of freehold tenure has been equally divided between the Members of a family instead of descending to the heir-at-law. It has been bequeathed by Testaments not executed with the formalities of a devise. Emigrants from different Countries have introduced their own national usages, and the legality of those usages has not, as far as His Lordship in Council is informed, been publicly questioned.

His Lordship in Council is apprehensive that if any attempt were made to enforce the English Law of inheritance in a society in which such laxity and variety of practice have hitherto prevailed, great confusion, distress and insecurity would be the consequence.

His Lordship in Council has therefore determined to pass an Act, which may prevent all doubt as to the law for the future, and which may secure the present holders of Land in their possessions. He thinks it desirable that Land in the Eastern Settlements should henceforth be dealt with by the Courts as being, and as having always been of the nature of personal property. He proposes to confirm in their Estates all on whom the Estates of deceased persons have devolved either in the mode which has hitherto been strictly lawful, or in any of the modes which though not strictly lawful, have yet been popularly considered as lawful. Another proviso has been added for the purpose of securing those who having acquired Estates in any of the above mentioned modes have subsequently sold them, in the enjoyment of the purchase money.

In conformity with these views His Lordship in Council has passed the following Act:

ACT No. XX. OF 1837.

I. It is hereby enacted, that from the first day of October, 1837, all immoveable Property situate within the jurisdiction of the Court of Judicature of Prince of Wales' Island, Singapore and Malacca, shall, as far as regards the transmission of such property on the death and intestacy of any person having a beneficial interest in the same, or by the last Will of any such person, be taken to be, and to have been, of the nature of Chattels real and not of freehold.

II. Provided always, that in any suit at law or in equity which shall be brought for the recovery of such immoveable Property as is aforesaid, no advantage shall be taken of any defect of title arising out of the transmission of such property upon the death and intestacy of any person having a beneficial interest in the same, or by the last Will of any such person, if such transmission took place

before the said first day of October, and if such transmission were according to the Rules which regulate the transmission of freehold property, or were according to the Law of the Nation to which the deceased person belonged, or took place with the acquiescence of all those to whom any interest in that property would, according to the Rules which regulate the transmission of Chattels real, have accrued upon the death of that person.

III Provided also, that in all cases where such immoveable Property derived from a deceased person, shall have been, before the said first day of October conveyed for a valuable consideration by any person who would be entitled to convey the same according to the Rules which regulate the transmission of freehold property, or according to the law of the nation to which the deceased person belonged, the person who so conveyed shall be entitled to retain to his own use the consideration received for such conveyance.

FORT WILLIAM.
FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.		
	Per Company's Rupee for Advances made at....................	Bengal.
	Ditto...............Ditto............	Madras.
	Ditto...............Ditto............	Bombay.
	Per Spanish Dollar, Ditto......	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorised, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorised to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

THE 2D OCTOBER, 1837.

The Resolution and Draft of a proposed Act published for general information in the Official Gazette of the 2d August last, for increasing the powers and raising the allowances of the Subordinate Judicial Officers, and for introducing other improvements in the Department of Civil Justice, was read and re-considered on this date.

The following Act passed by the Right Hon'ble the Governor General of India in Council, is hereby promulgated for general information:

ACT No. XXV. OF 1837.

I. It is hereby enacted, in modification of Section XVIII. Regulation V. 1831 of the Bengal Code, that from the first day of November 1837, no Zillah or City Judge within the Territories subject to the Presidency of Fort William in Bengal, shall be precluded by reason of the amount or value of the property for the recovery of which a Suit is instituted, from referring that Suit to any Principal Sudder Ameen.

II. And it is hereby enacted, that so much of Clause Second, Section XXXI. Regulation VII. 1822, and Section XIX. Regulation VIII. 1831 of the Bengal Code, as provides that Suits of the description therein referred to, shall not be cognizable by, or referrible to any Sudder Ameen or Moonsiff, be repealed.

III. And it is hereby enacted, that it shall be competent to every Zillah or City Judge within the said Territories, to refer for trial and decision any Original Suit preferred under the Provisions of Clause First, Section XXX. Regulation II. 1819 of the Bengal Code, to any Principal Sudder Ameen, any thing in the existing Regulations to the contrary notwithstanding.

IV. And it is hereby enacted, that in all Suits exceeding the amount or value specified in Clause First, Section XVIII. Regulation V. 1831, which shall under the authority of Section I. of this Act, be referred to a Principal Sudder Ameen, the Appeal from the decision of such Principal Sudder Ameen shall be direct to the Court of Sudder Dewanny Adawlut, and shall be conducted in all respects according to the same rules as if it were an

Appeal from the decision of a Zillah Judge to the said Court of Sudder Dewanny Adawlut, and any application for a review of judgment on such decision shall be made by the said Principal Sudder Ameen directly to the said Court of Sudder Dewanny Adawlut, and shall be conducted in all respects as if it were an application for a review of a decision of a Zillah Judge.

V. And it is hereby enacted, that whenever a Zillah or City Judge within the said Territories in the exercise of the discretion vested in him by Section VII. Regulation V. 1831 of the Bengal Code, shall refer for trial to a Sudder Ameen or Principal Sudder Ameen, a Suit within the competency of a Moonsiff to decide, such Suit shall be subject to the same rules in regard to Stamp Duties, and to the same rules in regard to Appeal as the said Suit would have been subjected to had it been received and tried by the Moonsiff in the first instance.

VI. Provided always, that when any such Suit shall have been decided by a Principal Sudder Ameen, the Appeal from such decision shall lie to the Zillah or City Judge, and shall be tried by him only, and that the decision of the Zillah or City Judge on such Appeal, shall be final, anything in the existing Regulations to the contrary notwithstanding.

VII. And it is hereby enacted, that whenever a Zillah or City Judge within the said Territories shall refer for trial to a Principal Sudder Ameen a Suit within the competency of a Sudder Ameen to decide, such Suit shall be subject to the same rules in regard to Stamp Duties, and to the same rules in regard to Appeal, as the said Suit would have been subjected to, had it been referred to, and tried by, the Sudder Ameen in the first instance.

VIII. And it is hereby enacted, that it shall be competent to either of the Courts of Sudder Dewanny Adawlut within the Territories subject to the Presidency of Fort William in Bengal, by an Order under the signature of the Register of such Court, to authorize the Judge of any Zillah or City Court subordinate to such Court of Sudder Dewanny Adawlut to transfer to a Principal Sudder Ameen any *Civil proceedings*, whether miscellaneous or summary, which may be depending at the time when such Order is issued, or be thereafter instituted, in the Court of the said Zillah or City Judge, and all proceedings so transferred shall be disposed of by the said Principal Sudder Ameen according to the Rules prescribed in the Regulations for the guidance of the Zillah and City Judges in the like cases,—provided however that an Appeal from the order of the Principal Sudder Ameen in such cases shall lie in the first instance to the Zillah or City Judge, and specially to the Sudder Dewanny Adawlut.

IX. And it is hereby enacted, that Clause Second, Section II. Regulation VII. 1832, be repealed, and that in all cases in which an Appeal from the orders or decision of a Principal Sudder Ameen to a Zillah or City Judge is authorized by Law such Appeal shall not be received, unless the same be preferred within the period of thirty days from the date of the order or decision of the said Principal Sudder Ameen, to be calculated according to the rules prescribed in Clause Ten, Section VIII. Regulation XXVI. 1814, or unless it shall be proved, that the appellant was prevented by circumstances beyond his control from presenting his Appeal within the above mentioned period.

X. And it is hereby enacted, that Clause First, Section XXV. Regulation V. 1831 of the Bengal Code, be repealed.

XI. And it is hereby enacted, that the rule contained in the Second Clause of Section XXV. Regulation V. 1831, be extended to the Ministerial Officers of the Moonsiff's Courts.

Notice is hereby given, that under Instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.		
	Per Company's Rupee for Advances made at....................	Bengal.
	Ditto...............Ditto.............	Madras.
	Ditto...............Ditto.............	Bombay.
	Per Spanish Dollar, Ditto......	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed [illegible] their order; but persons desirous of effecting [illegible] necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury will [illegible] allowed to do so.

5th.—In case of [illegible] being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

The Resolution and Draft of a proposed Act published for general information in the Official Gazette of the 2d August last, for increasing the powers and raising the allowances of the Subordinate Judicial Officers, and for introducing other improvements in the Department of Civil Justice, was read and re-considered on this date.

The following Act passed by the Right Hon'ble the Governor General of India in Council, is hereby promulgated for general information :

ACT No. XXV. OF 1837.

I. It is hereby enacted, in modification of Section XVIII. Regulation V. 1831 of the Bengal Code, that from the first day of November 1837, no Zillah or City Judge within the Territories subject to the Presidency of Fort William in Bengal, shall be precluded by reason of the amount or value of the property for the recovery of which a Suit is instituted, from referring that Suit to any Principal Sudder Ameen.

II. And it is hereby enacted, that so much of Clause Second, Section XXXI. Regulation VII. 1822, and Section XIX. Regulation VIII 1831 of the Bengal Code, as provides that Suits of the description therein referred to, shall not be cognizable by, or referrible to any Sudder Ameen or Moonsiff, be repealed.

III. And it is hereby enacted, that it shall be competent to every Zillah or City Judge within the said Territories, to refer for trial and decision any Original Suit preferred under the Provisions of Clause First, Section XXX. V. And it is hereby enacted, that whenever a Zillah or City Judge within the said Territories in the exercise of the discretion vested in him by Section VII. Regulation V. 1831 of the Bengal Code, shall refer for trial to a Sudder Ameen or Principal Sudder Ameen, a Suit within the competency of a Moonsiff to decide, such Suit shall be subject to the same rules in regard to Stamp Duties, and to the same rules in regard to Appeal as the said Suit would have been subjected to had it been received and tried by the Moonsiff in the first instance.

VI. Provided always, that when any such Suit shall have been decided by a Principal Sudder Ameen, the Appeal from such decision shall lie to the Zillah or City Judge, and shall be tried by him only, and that the decision of the Zillah or City Judge on such Appeal, shall be final, anything in the existing Regulations to the contrary notwithstanding.

VII. And it is hereby enacted, that whenever a Zillah or City Judge within the said Territories shall refer for trial to a Principal Sudder Ameen a Suit within the competency of a Sudder Ameen to decide, such Suit shall be subject to the same rules in regard to Stamp Duties, and to the same rules in regard to Appeal, as the said Suit would have been subjected to, had it been referred to, and tried by, the Sudder Ameen in the first instance.

IX. And it is hereby enacted, that Clause Second, Section II. Regulation VII. 1832, be repealed, and that in all cases in which an Appeal from the orders or decision of a Principal Sudder Ameen to a Zillah or City Judge is authorized by Law such Appeal shall not be received, unless the same be preferred within the period of thirty days from the date of the order or decision of the said Principal Sudder Ameen, to be calculated according to the rules prescribed in Clause Ten, Section VIII. Regulation XXVI 1814, or unless it shall be proved, that the appellant was prevented by circumstances beyond his control from presenting his Appeal within the above mentioned period.

X. And it is hereby enacted, that Clause First, Section XXV. Regulation V. 1831 of the Bengal Code, be repealed.

XI And it is hereby enacted, that the rule contained in the Second Clause of Section XXV. Regulation V. 1831, be extended to the Ministerial Officers of the Moonsiff's Courts.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at.................. Bengal.
Ditto..................Ditto............ Madras.
Ditto...... ....Ditto............ Bombay.
Per Spanish Dollar, Ditto....... China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

FORT WILLIAM,
FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s.	*d.*		
		Per Company's Rupee for Advances made at..................	Bengal.
		Ditto...............Ditto............	Madras.
		Ditto...............Ditto............	Bombay.
		Per Spanish Dollar, Ditto......	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, *subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom* they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
30TH OCTOBER, 1837.

Read the following Extract from the Proceedings of Government in the Separate Department, dated 20th October 1837.

Resolution.—The Governor General of India in Council has always been desirous to assimilate the Duties levied on Internal and External Commerce at the several Presidencies of India, and, although circumstances compelled him to revise the Customs Duties of the Bengal Presidency before the enquiries instituted respecting the systems in force at the other Presidencies were sufficiently matured to enable him to make the measure general, it has been his wish to extend the same system to the Presidencies of Fort St. George and Bombay, as far as circumstances and the state of the Revenue might admit. But the result of the inquiries instituted showed that a much larger proportion of the Public Income of both those Presidencies was dependent on the Transit Duties, which it was proposed to abolish than had been the case in Bengal. The general Revenue of India moreover did not present the assurance of a confirmed surplus sufficient to enable the Governor General in Council to deal so liberally in the grant of relief from vexatious local Imposts as he wished. His Lordship in Council felt consequently the necessity of pausing before at once determining upon an entire assimilation of the systems of the three Presidencies, in order that the opportunity might be afforded of soliciting from the Hon'ble Court of Directors, the necessary authority to take measures attended with a sacrifice of important Items of the Public Income, and that the interval might be employed in seeking the means of replacing some portion at least of the Revenue proposed to be abandoned. The enquiries instituted through the Local Government and through the Customs Committee sitting in Calcutta, have for some time been completed for the Bombay Presidency, and the Governor General of India in Council has had the means of estimating the financial effect of the different measures proposed for its relief. The local duties were there various and irregular, and in some instances more than ordinarily vexatious and burthensome; but the Governor General of India in Council could not, without consulting the Local Authorities upon the specific provisions of the Laws required, take upon himself to lay before the Legislative Council Drafts of Acts to give effect to the measures intended, and the references made to Bombay for this purpose have led to much unexpected delay. It has been determined to relieve the Bombay Presidency from the imposts which were considered most injurious to commerce or most harassing to the population. Much has already been done with this view, and a means has been found of replacing some portion of the Revenue which it has so been determined to abandon by fixing the consolidated duty on Salt at Bombay on a footing higher than heretofore, but still considerably below the most favorable rate in force under the Madras Presidency.

The Governor General of India in Council has the prospect of a present surplus in the general Revenue of India, which, though produced from sources not of assured permanency, warrants nevertheless his submitting to some immediate sacrifice, in reliance upon the prosperous results to be expected under the encouragement afforded to production and commerce by light duties, and by the removal of all vexatious obstructions to internal communication.

Having therefore recently received the wider discretion solicited from the Hon'ble Court of Directors, in respect to the abandonment of existing sources of the public Revenue, the Governor General of India in Council has resolved no longer to delay the abolition of all Inland Customs Duties under the Bombay Presidency, and the substitution for them of an Excise Duty on Salt at the rate of 8 annas per Indian maund, which as before observed, is less than the lowest rate levied under the Madras Presidency, and it has been determined to introduce at the same time an amended Schedule of Sea Customs Duties corresponding in all essential points with that established for Bengal by Act No. XIV. of 1835, to be enforced uniformly at all the Stations and Ports under the Bombay Presidency. The general Duties intended to be laid upon unenumerated articles are the same as those of Bengal, viz. three and a half per cent upon Imports and three per cent upon Exports, and the same Drawback of seven-eighths will be allowed on re-exportation. But the Governor General of India in Council would, at the same time, place it on record that the very moderate general duty laid at present upon Imports has been adopted at both Presidencies only temporarily and experimentally.

In Bombay as well as in Bengal the Duty Schedules must be considered open to early though cautious and temperate revision. For the rates of duty on Imports may be subjected to increase should the Government of India deem it necessary to remit its export duty upon any staple articles, and the rates of duty in both Schedules may require to be enhanced if the condition of the Finances of India should compel the Government to seek fresh sources of income, when, as is hoped may shortly be the case, it shall be able to extend to the Madras Presidency the full measure of relief conceded to Bengal and Bombay, and to introduce there the same Schedule of Sea Customs Duties accompanied with the same entire abandonment of the Inland Customs Duties.

The measures to be adopted for the reform of the system in force in the Presidency of Fort St. George have not yet been brought to maturity. But in the mean time the Governor General of India in Council has resolved to submit to the Legislative Council of India the following two Drafts of Acts which it is proposed to pass for the Bombay Presidency.

The advanced period of the season, and recent advices from the Government of Bombay urging the immediate establishment of the new duties upon Salt, have induced the Governor General of India in Council to propose that the law prepared upon that subject should be passed without the delay of the usual notice, a measure which may be adopted with the less reluctance because the authorities of Bombay have had the provisions in substance for several months under their consideration.

It is the hope of the Governor General in Council that the new duties upon Sea Customs will also be brought into operation within the Bombay Presidency by the 15th of January next.

(Signed) H. T. PRINSEP,
Secy. to Government.

Read and considered the Drafts of Act received with the above Resolution.

Read a further Extract from the proceedings of Government in the Separate Department dated 28th October, with copy of a letter from the Secretary to Government at Bombay dated 14th of that month and enclosures, and with a revised Draft of Act for imposing a duty on Salt in the Bombay Presidency, prepared in consequence of the receipt of that dispatch.

Ordered, that the revised Draft of Act be forwarded to the Right Honorable the Governor General of India,

and that the consideration of it be resumed on the receipt of the written opinion of the Governor General thereupon.

Offg. Secy. to the Govt. of India.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

8TH NOVEMBER, 1837.

Read again the following Draft of Act for regulating the Customs of the Bombay Presidency.

ACT No. of 1837.

I. It is hereby enacted, that from the 15th January, 1838, all Regulations of the Bombay Code passed before the year 1827 and now in force, with the exception of Sections I., II., and III. Regulation VI., 1799, and of Clause 2, Section VII., Regulation IX., 1800, and of Sections XIV., XVII., XX., XXI., and XXV., Regulation I., of 1805, and of the whole of Regulations II., 1810 and VI., 1814, shall be repealed.

II. And it is hereby enacted, that Chapters I., II., VI., VIII., and IX., of Regulation XX., 1827 of the said Code, together with the Appendices A, B, C, E, H, I, J, K of that Regulation, also Regulation II., 1831, Regulation XIII., 1831, Regulation I., 1832, Regulation IV., 1833 and Regulation IV., 1834 of the said Code, and all such parts of any Regulations of the said Code as prescribe the levy of Transit or Inland Customs Duties, or as require the payment of any fee whatever on account of any vessel which may enter any port in the territories subject to the Bombay Presidency, and likewise the provisions of any kind contained in those or in any other Regulations, for fixing the amount of duty to be levied on Goods imported or exported by Sea at any place within the limits of the Bombay Presidency, or the drawback payable on the same, shall be repealed.

III. Provided always, that nothing contained in the two preceding Sections of this Act shall be construed to prevent the levy of any Town Duty, or of any Municipal tax, or of any toll on any bridge, road, canal, or causeway for repair and maintenance of the same; or of any fee for the erection and maintenance of light houses.

IV. And it is hereby enacted, that Duties of Customs shall be levied on Goods imported by Sea into any place in the territories subordinate to the Government of the Presidency of Bombay, after the said 15th January next, according to the rates specified in Schedule A annexed to this Act, and with the exceptions specified therein, and the said Schedule with the Notes attached thereto shall be taken to be a part of this Act.

V. And it is hereby further enacted, that Duties of Customs shall be levied upon Country Goods exported by Sea from any ports of the Bombay Presidency after the said 15th January next according to the rates specified in Schedule B annexed to this Act, with the exceptions therein specified, and the said Schedule with the Notes attached thereto shall also be taken to be a part of this Act.

VI. Provided however that the ships of any European Nation having firman privileges in the port of Surat, shall not be subject to further duties of import or export than may be prescribed by their firmans respectively, any thing in the Schedules or in this Act notwithstanding.

VII. And it is hereby enacted, that Duties of Customs shall be levied on Goods passing by land into or out of Foreign European Settlements, situated on the line of coast within the limits of the Presidency of Bombay at the rates prescribed in the Schedules of this Act, for Goods imported or exported on Foreign bottoms at any British port in that Presidency.

VIII. And it is hereby enacted, that it shall be lawful for the Governor in Council of the Presidency of Bombay to declare by notice to be published in the Gazette of that Presidency, that the territory of any Native Chief, not subject to the jurisdiction of the Courts and Civil Authorities of that Presidency shall be deemed to be foreign territory, and to declare Goods passing into or out of such territory liable either to the duty fixed for British or for Foreign bottoms as the said Governor in Council may think fit.

IX. And it is hereby enacted, that for the levy of Duties of Customs as above provided on Goods exported by land to or imported by land from such Foreign territories Customs' Chokees may be established at such places as may be determined by the said Governor in Council, and every Officer at every such Chokee shall have power to detain Goods passing into or out of any such Foreign territory, and to examine and ascertain the quantities and kinds thereof, and such Goods shall not be allowed to pass across the frontier line out of or into the territory of the East India Company until the owner or person in charge thereof shall produce and deliver a certificate shewing that the Customs duty leviable thereupon has been paid in full.

X. And it is hereby enacted that it shall be lawful for the said Governor in Council to appoint such Officers as he may think fit to receive money on account of Customs duties and to grant certificates of the payment thereof, and that such a certificate being delivered to any Chokee Officer shall entitle Goods to cross the frontier into or out of the East India Company's territories, provided that the Goods correspond in description with the specification thereof contained in such certificate, and that the certificate shew the entire amount of duty leviable on those Goods to have been duly paid. And if upon examination the Goods brought to any Chokee be found not to correspond with the specification entered in the certificate presented with the same, the difference shall be noted on the face of the certificate, and if the payment of duty certified therein shall not cover the entire amount of duty leviable on the Goods as ascertained at such examination, the Goods shall be detained until a further certificate for the difference shall be produced.

XI. And it is hereby enacted, that the said Governor in Council shall give public notice in the official Gazette of the Presidency of Bombay of the appointment of every Officer appointed to receive Customs duties on Goods crossing the land frontier of the said Foreign territories, and the Officers so appointed shall on receipt of money tendered as Customs duty be bound to give to any Merchant or other person applying for the same a certificate of payment, and to enter therein the specification of Goods with the values and description thereof according to the statement furnished by the person so applying, provided only that the proper duty leviable thereupon according to the descriptions and values stated be covered by the payment made.

XII. And it is hereby enacted, that no certificate shall be received at any Chokee that shall bear date more than thirty days before the date when the Goods arrive at the Chokee. Provided however that any person who has taken out a certificate from any authorized receiver of Customs duties shall at any time within the said period of thirty days on satisfying such receiver that such certificate has not been used and on delivering up the original be entitled to receive a renewed certificate, with a fresh date, without further payment of duty.

XIII. XXIII. And it is hereby enacted, that the market value for assessment of duties on *ad valorem* Goods shall be declared by the owner, consignee or exporter, or by the agent or factor for any of these respectively, upon the face of the application to be given in by him in writing for the passing of the Goods through the Custom House, and the value so declared shall include the packages or materials in which the Goods are contained, and the application shall truly set forth the name of the ship in which the Goods have been imported or are to be exported, the name of the master of the said ship, the colours under which the said ship sails, the number, description, marks, and contents of the packages and the Country in which the Goods were produced.

Provided however, that nothing herein contained shall be construed to prevent the Collector of Customs from permitting at his discretion the Master of any vessel to amend obvious errors or to supply omissions from accident or inadvertence by furnishing an amended or supplemental manifest.

XXXII. And it is hereby enacted, that there shall in every port of the Bombay Presidency be one or more places appointed for the landing and shipment of Goods, and Goods shall not be landed at any other place without the special order in writing of the Collector of Customs for the port, and if any Goods be landed, or an attempt be made to land any Goods at any other than the said authorized places without such order they shall be seized and confiscated.

XXXIII. And it is hereby enacted, that if the Governor in Council shall see fit for the security of Customs at any port to maintain special establishments of boats for the landing and shipping of merchandize, or to license and register the cargo boats plying in any ports then after due notification thereof, it shall not be lawful for any person to convey Goods to or from any vessel, in such port otherwise than in the boats so authorized and prescribed, except under special permit from the Collector of Customs at the port, and any Goods that may be found on board of other boats than those so authorized for the port shall be liable to be seized by any Officer of Customs and shall be liable to confiscation.

XXXIV. And it is hereby enacted, that when the Governor in Council of the Presidency of Bombay shall see fit to maintain at any port an establishment of officers to be sent on board of vessels to watch their unlading and lading, then after due notification shall have been given that such establishment is so maintained at any port the Collector of Customs at that port shall have power at his discretion to send one or more officers of such establishment to remain on board of any vessel in such port by night and by day until the vessel shall leave the port or it shall be otherwise ordered by the Collector.

XXXV. And it is hereby enacted, that any Master of such vessel at such port who shall refuse to receive such officer with one servant on board when such officer shall be so deputed as above provided, or shall not afford such officer and such servant suitable shelter and sleeping accommodation while on board, and likewise furnish them with a due allowance of fresh water if necessary and with the means of cooking on board, shall be liable to fine not exceeding the sum of one hundred Rupees for each day during which such officer and servant shall not be received and provided with suitable shelter and accommodation.

XXXVI. And it is hereby enacted, that whenever a Collector of Customs shall see cause to direct that any vessel shall be searched he shall issue his warrant or written order for such search addressed to any officer under his authority and upon production of such order the officer bearing it shall be competent to require any cabins, lockers, or bulkheads to be opened in his presence, and if they be not opened upon his requisition to break the same open, and any Goods that may be found concealed, and that shall not be duly accounted for to the satisfaction of the Collector of Customs shall be liable to confiscation, and any Master or person in charge of a vessel, who shall resist such officer or refuse to allow the vessel to be searched when so ordered by the Collector of Customs, shall be liable upon conviction for every such offence to a fine of one thousand Rupees.

XXXVII. And it is hereby enacted, that every Master of a vessel who shall remove from such vessel or put on board thereof any Goods, or cause or suffer any Goods to be removed from thence or put on board thereof between sunset and sunrise or on any day when the Custom House is closed for business without leave in writing obtained from the Collector of Customs, shall be punished with a fine not exceeding five hundred Rupees.

XXXVIII. And it is hereby enacted, that no cargo boat laden with Goods intended for exportation by sea shall make fast to or lie alongside of any vessel on board of which there shall be a Customs Officer stationed unless there shall be on board the boat, or have been received by the said Customs Officer a Custom House permit or order for the shipment of the Goods, and the Goods on board of any boat that may so be alongside or be made fast to a vessel, if such Goods be not covered by a Custom House pass accompanying them, or previously received by the Customs Officer on board, the said vessel shall be liable to confiscation.

XXXIX. And it is hereby enacted, that when Goods shall be sent from on board of any vessel having a Customs Officer on board for the purpose of being landed and passed for importation there shall be sent with each boat load or other separate despatch a boat note, specifying the number of packages, and the marks and numbers or other description thereof, and such boat note shall be signed by an Officer of the vessel and likewise by the Customs Officer on board, and if any imported Goods be found in a boat proceeding to land from such a vessel without a boat note, or if being accompanied by a boat note they be found out of the proper track between the ship and the proper place of landing, the boat containing such Goods may be detained by any Officer of Customs duly authorized by the Collector, and unless the cause of deviation be explained to the satisfaction of the Collector of Customs, the Goods shall be liable to confiscation.

XL. And it is hereby enacted, that when Goods shall be brought to be passed through the Custom House either for importation or exportation by sea, if the packages in which the same may be contained shall be found not to correspond with the description of them given in the application for passing them through the Custom House, or if the contents thereof be found not to have been correctly described in regard to sort, quality, or quantity, or if any Goods not stated in the application be found concealed in or mixed up with the specified articles, all such packages with the whole of the Goods contained therein, shall be liable to confiscation.

XLI. And it is hereby enacted, that if any person after Goods have been landed and before they have been passed through the Custom House, removes or attempts to remove them with the intention of defrauding the revenue, the Goods shall be liable to confiscation unless it shall be proved to the satisfaction of the Collector of Customs that the removal was not sanctioned by the owner or by any person having an interest in or power over the Goods.

XLII And it is hereby enacted, that it shall be lawful for the Collector of Customs, whenever he shall see fit, to require that Goods brought by sea and stowed in bulk shall be weighed or measured on board ship before being sent to land and to levy duty according to the result of such weighing or measurement.

XLIII. And it is hereby enacted, that on application by the exporter of any Salt that has paid the Excise duty fixed by Act No. XXVII. of this year, a certificate shall be granted by the Collector of Customs at the place of export, under authority of which certificate the quantity of Salt specified therein shall be landed at any other port of the said Presidency of Bombay, and shall be passed from such port into the interior without the levy of any further duty either of Excise or of Customs.

XLIV. And it is hereby enacted, that when a Customs Officer shall be sent on board of any vessel to superintend the delivery of cargo, twenty days, exclusive of Sundays and Holidays, shall be allowed for the discharge of the import cargo of vessels not exceeding six hundred tons burthen, and thirty days, exclusive of Sundays and Holidays, for the discharge of the import cargo of vessels exceeding that burthen, and the said periods shall be calculated from the day when the Customs Officer first went on board. And if the whole cargo be not discharged by the expiration of the abovementioned periods, the Master shall be charged with the wages of such Officer, and other expenses for any further period that such Officer may be detained on board. And if the owners, importers, or consignees do not bring their Goods to land within the periods above fixed, it shall be the duty of the Master so to do.

XLV. And it is hereby enacted, that when there shall be no Customs Officer sent aboard vessels discharging cargo, it shall be lawful for the Collector of Customs to fix a period, not being less than twenty days, for the discharge thereof and clearance of the vessel inwards; and if any Goods remain on board after the time so fixed or after the time allowed in the last preceding Section of this Act, the Collector may order the same to be landed and warehoused for the security of the duties chargeable thereon, and of any freight and primage and other demands that may be due thereon, giving his receipt to the Master for the same. Provided always, that in all cases it shall be lawful for the Collector or other Officer in charge of the Custom House, with the consent of the Master of the vessel, to cause any packages to be brought on shore and to be deposited in the Government Warehouses for the security of the duties and charges thereon, although twenty days may not have expired from the entry of such vessel; and in case any Goods brought to land from any vessel be not claimed and cleared from the Custom House within three months from the date of entry of the ship in which such Goods were imported, it shall be competent to the Collector to sell the same on account of the duties and other charges due thereon, and the balance remaining after deducting the said duties and charges shall be held in deposit and paid to the Owner on application.

XLVI. And it is hereby enacted, that when a Customs Officer shall be sent on board of any vessel discharging cargo, a further period of fifteen days, Sundays and Holidays excluded, beyond the twenty days above specified, shall be allowed for putting on board export cargo if the vessel shall not exceed six hundred tons burthen, and twenty days if it exceed that burthen, when the lading and unlading thereof shall be continuous, and the Master or Commander shall in such case not be charged with the wages and expenses of the Customs Officer on board until after the expiration of such additional period. And if a vessel having discharged its import cargo shall be laid up, the Customs Officer on board shall certify that no Goods remain on board except necessary stores and articles for use, and when a vessel so laid up shall be entered at the Custom House for receipt of export cargo a Customs Officer shall be sent on board, and if the said last mentioned Officer shall certify that no Goods are on board except as above excepted, twenty days, exclusive of Sundays and Holidays, as above, shall be allowed from the date of such certificate for the lading outwards of a vessel not exceeding six hundred tons, and thirty days for

vessels exceeding that burthen, after which periods respectively the Master shall be charged with the wages and expenses of the Customs Officer on board to the date of the vessel's sailing from the port.

XLVII. And it is hereby enacted, that when upon application from the Master of any vessel the Customs Officer shall be removed from on board thereof under the provisions to that effect contained in the last preceding Section of this Act, if the Master of such vessel shall before a Customs Officer have again been placed in such vessel, put on board of such vessel, or cause or suffer to be put on board of such vessel any Goods whatever, such Master shall be punished with a fine, not exceeding one thousand Rupees, and the Goods shall be liable to be re-landed for examination at the expence of the shippers upon requisition to that effect from the Collector of Customs.

XLVIII. And it is hereby enacted, that upon any Goods liable to duty that may be passed through the Custom House for shipment, the application for which shall be presented after port clearance shall have been taken out, double of the prescribed duty shall in all cases be levied, and if the Goods be free or have already paid import duty, or have been imported free under certificate, five per cent. upon the market value shall be levied thereon, or if the same be imported Goods entitled to drawback the drawback shall be forfeited, but no separate duty shall be levied on drawback Goods.

XLIX. And it is hereby enacted, that when a vessel having cleared out from any port shall put back from stress of weather, or it shall for any damage or from other cause be necessary that the cargo of a vessel that has cleared out shall be unshipped or relanded, a Customs Officer shall be sent to watch the vessel and take charge of the cargo during such relanding or removal from on board, and the Goods on board such vessel shall not be allowed to be transhipped or re-exported free of duty by reason of the previous settlement of duty at the time of first export unless the Goods shall be lodged in such place as shall be allowed by the Collector of Customs, and shall remain while on land, or while on board of any other vessel under special charge of the Officers of Customs until the time of re-export, and all charges attending such custody shall be borne by the exporter. Provided however that in all cases of return to port after port clearance, on account of damage or for stress of weather, it shall be lawful for the Owner, or for the Master to enter the vessel and land the cargo under the rules for the importation af Goods, and the export duty shall in that case be refunded and the amount paid in drawback be reclaimed, and if Goods on account of which drawback has been paid be not found on board the vessel, the Master shall be liable to a fine not exceeding the entire value thereof unless he account for them to the satisfaction of the Collector of Customs.

L. And it is hereby enacted, that when Goods shall be re-landed before the lading of any vessel is complete and before port clearance has been granted, the duty levied upon such Goods shall be returned to the exporter, but no refund shall be made of duty paid on the export of any Goods after port clearance shall have been granted for the vessel on which the Goods were exported, unless the vessel shall have put back for stress of weather or for damage, and the Goods shall have been relanded under the rule contained in the last preceding Section of this Act.

LI. And it is hereby enacted, that Pattamars, Dhonies, Botellos, and other small craft from the Maldive or Laccadive islands, or from the Native Ports of Kattywar, Cutch and Scinde, shall be treated in the ports of the Bombay Presidency like the coasting craft of the British territory, provided that they conform to such special regulations as to the place of anchoring and mode of landing and shipping Goods as may be made by the Governor in Council of Bombay for such vessels in the several ports of the Bombay Presidency.

LII. And it is hereby enacted, that no drawback shall be allowed on Goods shipped on such Native craft as are described in the last preceding Section of this Act.

LIII. And it is hereby enacted, that Goods exported in the same vessels if manifested for re-export, shall not be subject to import or export duty, and if any Goods brought to any port in any vessel be transhipped in such port, they shall in all cases be subject to the same duty as if they had been landed and passed through the Custom House for re-exportation in the vessel into which they may be transhipped.

LIV. And it is hereby enacted, that no transhipment shall be made of any Goods except under special order in writing from the Collector of Customs of the port, and an Officer of Customs shall in all cases be deputed to superintend the removal of the Goods from vessel to vessel.

LV. And it is hereby enacted, that at every port subordinate to the Bombay Presidency, the port of Bombay excepted, an anchorage fee shall be levied once at each port according to the burthen on all Country craft above the burthen of (100) one hundred maunds, at the rates hereinunder specified.

LVIII. And it is hereby enacted, that it shall be lawful for any Collector of Customs, or other Officer who may be authorized to adjudicate Customs cases, if he shall decide that a seizure of Goods made under the authority of this Act was vexatious and unnecessary to adjudge damages to be paid to the proprietor by the Customs Officer who made such vexatious seizure, besides ordering the immediate release of the Goods; and if the proprietor accept such damages no action shall thereafter lie against the Officer of Customs in any Court of Justice on account of such seizure: and if such adjudicating Officer shall decide that the seizure was warranted, but shall deem that the penalty of confiscation is unduly severe, it shall be lawful for him to mitigate the same to the extent of the levy of double duty. and if the said Officer shall adjudge confiscation, it shall further be lawful for him to order that from the proceeds of the sale of the Goods, a proportion not exceeding one-half shall be distributed in rewards amongst such Officers as he shall deem entitled thereto, and in such proportion as he may direct to each respectively.

LXIII. FORT WILLIAM, LEGISLATIVE DEPARTMENT,

30TH OCTOBER, 1837.

Read the following Extract from the Proceedings of Government in the Separate Department, dated 20th October 1837.

Resolution.—The Governor General of India in Council has always been desirous to assimilate the Duties levied on Internal and External Commerce at the several Presidencies of India, and, although circumstances compelled him to revise the Customs Duties of the Bengal Presidency before the enquiries instituted respecting the systems in force at the other Presidencies were sufficiently matured to enable him to make the measure general, it has been his wish to extend the same system to the Presidencies of Fort St. George and Bombay, as far as circumstances and the state of the Revenue might admit. But the result of the inquiries instituted showed that a much larger proportion of the Public Income of both those Presidencies was dependent on the Transit Duties, which it was proposed to abolish than had been the case in Bengal. The general Revenue of India moreover did not present the assurance of a confirmed surplus sufficient to enable the Governor General in Council to deal so liberally in the grant of relief from vexatious local Imposts as he wished. His Lordship in Council felt consequently the necessity of pausing before at once determining upon an entire assimilation of the systems of the three Presidencies, in order that the opportunity might be afforded of soliciting from the Hon'ble Court of Directors, the necessary authority to take measures attended with a sacrifice of important Items of the Public Income, and that the interval might be employed in seeking the means of replacing some portion at least of the Revenue proposed to be abandoned. The enquiries instituted through the Local Government and through the Customs Committee sitting in Calcutta, have for some time been completed for the Bombay Presidency, and the Governor General of India in Council has had the means of estimating the financial effect of the different measures proposed for its relief. The local duties were there various and irregular, and in some instances more than ordinarily vexatious and burthensome; but the Governor General of India in Council could not, without consulting the Local Authorities upon the specific provisions of the Laws required, take upon himself to lay before the Legislative Council Drafts of Acts to give effect to the measures intended, and the references made to Bombay for this purpose have led to much unexpected delay. It has been determined to relieve the Bombay Presidency from the imposts which were considered most injurious to commerce or most harassing to the population. Much has already been done with this view, and a means has been found of replacing some portion of the Revenue which it has so been determined to abandon by fixing the consolidated duty on Salt at Bombay on a footing higher than heretofore, but still considerably below the most favorable rate in force under the Madras Presidency.

The Governor General of India in Council has the prospect of a present surplus in the general Revenue of India, which, though produced from sources not of assured permanency, warrants nevertheless his submitting to some immediate sacrifice, in reliance upon the prosperous results to be expected under the encouragement afforded to production and commerce by light duties, and by the removal of all vexatious obstructions to internal communication.

Having therefore recently received the wider discretion solicited from the Hon'ble Court of Directors, in respect to the abandonment of existing sources of the public Revenue, the Governor General of India in Council has resolved no longer to delay the abolition of all Inland Customs Duties under the Bombay Presidency, and the substitution for them of an Excise Duty on Salt at the rate of 8 annas per Indian maund, which as before observed, is less than the lowest rate levied under the Madras Presidency, and it has been determined to introduce at the same time an amended Schedule of Sea Customs Duties corresponding in all essential points with that established for Bengal by Act No. XIV. of 1835, to be enforced uniformly at all the Stations and Ports under the Bombay Presidency. The general Duties intended to be laid upon unenumerated articles are the same as those of Bengal, viz. three and a half per cent upon Imports and three per cent upon Exports, and the same Drawback of seven-eighths will be allowed on re-exportation. But the Governor General of India in Council would, at the same time, place it on record that the very moderate general duty laid at present upon Imports has been adopted at both Presidencies only temporarily and experimentally.

In Bombay as well as in Bengal the Duty Schedules must be considered open to early though cautious and temperate revision. For the rates of duty on Imports may be subjected to increase should the Government of India deem it necessary to remit its export duty upon any staple articles, and the rates of duty in both Schedules may require to be enhanced if the condition of the Finances of India should compel the Government to seek fresh sources of income, when, as is hoped may shortly be the case, it shall be able to extend to the Madras Presidency the full measure of relief conceded to Bengal and Bombay, and to introduce there the same Schedule of Sea Customs Duties accompanied with the same entire abandonment of the Inland Customs Duties.

The measures to be adopted for the reform of the system in force in the Presidency of Fort St. George have not yet been brought to maturity. But in the mean time the Governor General of India in Council has resolved to submit to the Legislative Council of India the following two Drafts of Acts which it is proposed to pass for the Bombay Presidency.

The advanced period of the season, and recent advices from the Government of Bombay urging the immediate establishment of the new duties upon Salt, have induced the Governor General of India in Council to propose that the law prepared upon that subject should be passed without the delay of the usual notice, a measure which may be adopted with the less reluctance because the authorities of Bombay have had the provisions in substance for several months under their consideration.

It is the hope of the Governor General in Council that the new duties upon Sea Customs will also be brought into operation within the Bombay Presidency by the 15th of January next.

(Signed) H. T. PRINSEP,

Secy. to Government.

Read and considered the Drafts of Act received with the above Resolution.

Read a further Extract from the proceedings of Government in the Separate Department dated 28th October, with copy of a letter from the Secretary to Government at Bombay dated 14th of that month and enclosures, and with a revised Draft of Act for imposing a duty on Salt in the Bombay Presidency, prepared in consequence of the receipt of that dispatch.

Ordered, that the revised Draft of Act be forwarded to the Right Honorable the Governor General of India,

and that the consideration of it be resumed on the receipt of the written opinion of the Governor General thereupon.

IV. And it is hereby enacted, that Duties of Customs shall be levied on Goods imported by Sea into any place in the territories subordinate to the Government of the Presidency of Bombay, after the said 15th January next, according to the rates specified in Schedule A annexed to this Act, and with the exceptions specified therein, and the said Schedule with the Notes attached thereto shall be taken to be a part of this Act.

XIV. And it is hereby enacted, that Goods which may be passed or which an attempt may be made to pass across any frontier guarded by Chokees between sunset and sunrise, or in a clandestine manner, shall be seized and confiscated.

XV. And it is hereby enacted, that any Chokee Officer who shall permit Goods to pass across the frontier when not covered by a sufficient certificate, or who shall permit Goods to pass by any prohibited route, or who shall wrongfully detain Goods for which there shall be produced a sufficient certificate, shall be liable on conviction, before the Collector of Customs, to imprisonment for a term not exceeding six months, and to a fine not exceeding five hundred Rupees, commutable if not paid to imprisonment for a further period of six months.

XVII. And it is hereby enacted, that all Goods imported by Sea into any port of the Presidency of Bombay from any Foreign European Settlement in India, or from any Native State, the Inland trade of which has been declared by the Governor in Council of the Presidency of Bombay, under Section VIII. of this Regulation, to be subject to the duties levied on Foreign bottoms, shall be liable to the same duties as are imposed by Schedule A on imports on Foreign bottoms.

XVIII. And it is hereby enacted, that no Goods whatsoever entered in either of the Schedules of this Act, as liable to duty, shall be exempted from the payment of such duty or of any part thereof, except under special order from the Governor in Council of the Presidency of Bombay. XIX. Provided always, that when Goods are imported at any port of the Bombay Presidency from any other port in that Presidency under certificate that the export duty specified in Schedule B has been duly paid thereon, or that there has been a re-export, and that the Import duty specified in Schedule A has been duly paid, the said Goods shall be admitted to free entry.

XX. Provided also, that when duties of Customs shall have been paid on any Goods at any port in any part of the territories of the East India Company not subject to the Presidency of Bombay, and when such Goods shall subsequently be imported at any port of the Presidency of Bombay, credit shall be given at such last mentioned port for the sum that may be proved by the production of due certificates to have been so paid.

XXI. XXIII. And it is hereby enacted, that the market value for assessment of duties on *ad valorem* Goods shall be declared by the owner, consignee or exporter, or by the agent or factor for any of these respectively, upon the face of the application to be given in by him in writing for the passing of the Goods through the Custom House, and the value so declared shall include the packages or materials in which the Goods are contained, and the application shall truly set forth the name of the ship in which the Goods have been imported or are to be exported, the name of the master of the said ship, the colours under which the said ship sails, the number, description, marks, and contents of the packages and the Country in which the Goods were produced.

Provided however, that nothing herein contained shall be construed to prevent the Collector of Customs from permitting at his discretion the Master of any vessel to amend obvious errors or to supply omissions from accident or inadvertence by furnishing an amended or supplemental manifest.

XXXII. And it is hereby enacted, that there shall in every port of the Bombay Presidency be one or more places appointed for the landing and shipment of Goods, and Goods shall not be landed at any other place without the special order in writing of the Collector of Customs for the port, and if any Goods be landed, or an attempt be made to land any Goods at any other than the said authorized places without such order they shall be seized and confiscated.

XXXIII. And it is hereby enacted, that if the Governor in Council shall see fit for the security of Customs at any port to maintain special establishments of boats for the landing and shipping of merchandize, or to license and register the cargo boats plying in any ports then after due notification thereof, it shall not be lawful for any person to convey Goods to or from any vessel, in such port otherwise than in the boats so authorized and prescribed, except under special permit from the Collector of Customs at the port, and any Goods that may be found on board of other boats than those so authorized for the port shall be liable to be seized by any Officer of Customs and shall be liable to confiscation.

XXXIV. And it is hereby enacted, that when the Governor in Council of the Presidency of Bombay shall see fit to maintain at any port an establishment of officers to be sent on board of vessels to watch their unlading and lading, then after due notification shall have been given that such establishment is so maintained at any port the Collector of Customs at that port shall have power at his discretion to send one or more officers of such establishment to remain on board of any vessel in such port by night and by day until the vessel shall leave the port or it shall be otherwise ordered by the Collector.

XXXV. And it is hereby enacted, that any Master of such vessel at such port who shall refuse to receive such officer with one servant on board when such officer shall be so deputed as above provided, or shall not afford such officer and such servant suitable shelter and sleeping accommodation while on board, and likewise furnish them with a due allowance of fresh water if necessary and with the means of cooking on board, shall be liable to fine not exceeding the sum of one hundred Rupees for each day during which such officer and servant shall not be received and provided with suitable shelter and accommodation.

XXXVI. And it is hereby enacted, that whenever a Collector of Customs shall see cause to direct that any vessel shall be searched he shall issue his warrant or written order for such search addressed to any officer under his authority and upon production of such order the officer bearing it shall be competent to require any cabins, lockers, or bulkheads to be opened in his presence, and if they be not opened upon his requisition to break the same open, and any Goods that may be found concealed, and that shall not be duly accounted for to the satisfaction of the Collector of Customs shall be liable to confiscation, and any Master or person in charge of a vessel, who shall resist such officer or refuse to allow the vessel to be searched when so ordered by the Collector of Customs, shall be liable upon conviction for every such offence to a fine of one thousand Rupees.

XXXVII. And it is hereby enacted, that every Master of a vessel who shall remove from such vessel or put on board thereof any Goods, or cause or suffer any Goods to be removed from thence or put on board thereof between sunset and sunrise or on any day when the Custom House is closed for business without leave in writing obtained from the Collector of Customs, shall be punished with a fine not exceeding five hundred Rupees.

XXXVIII. And it is hereby enacted, that no cargo boat laden with Goods intended for exportation by sea shall make fast to or lie alongside of any vessel on board of which there shall be a Customs Officer stationed unless there shall be on board the boat, or have been received by the said Customs Officer a Custom House permit or order for the shipment of the Goods, and the Goods on board of any boat that may so be alongside or be made fast to a vessel, if such Goods be not covered by a Custom House pass accompanying them, or previously received by the Customs Officer on board, the said vessel shall be liable to confiscation.

XXXIX. And it is hereby enacted, that when Goods shall be sent from on board of any vessel having a Customs Officer on board for the purpose of being landed and passed for importation there shall be sent with each boat load or other separate despatch a boat note, specifying the number of packages, and the marks and numbers or other description thereof, and such boat note shall be signed by an Officer of the vessel and likewise by the Customs Officer on board, and if any imported Goods be found in a boat proceeding to land from such a vessel without a boat note, or if being accompanied by a boat note they be found out of the proper track between the ship and the proper place of landing, the boat containing such Goods may be detained by any Officer of Customs duly authorized by the Collector, and unless the cause of deviation be explained to the satisfaction of the Collector of Customs, the Goods shall be liable to confiscation.

XL. And it is hereby enacted, that when Goods shall be brought to be passed through the Custom House either for importation or exportation by sea, if the packages in which the same may be contained shall be found not to correspond with the description of them given in the application for passing them through the Custom House, or if the contents thereof be found not to have been correctly described in regard to sort, quality, or quantity, or if any Goods not stated in the application be found concealed in or mixed up with the specified articles, all such packages with the whole of the Goods contained therein, shall be liable to confiscation.

XLI. And it is hereby enacted, that if any person after Goods have been landed and before they have been passed through the Custom House, removes or attempts to remove them with the intention of defrauding the revenue, the Goods shall be liable to confiscation unless it shall be proved to the satisfaction of the Collector of Customs that the removal was not sanctioned by the owner or by any person having an interest in or power over the Goods.

XLII. And it is hereby enacted, that it shall be lawful for the Collector of Customs, whenever he shall see fit, to require that Goods brought by sea and stowed in bulk shall be weighed or measured on board ship before being sent to land and to levy duty according to the result of such weighing or measurement.

XLIII. And it is hereby enacted, that on application by the exporter of any Salt that has paid the Excise duty fixed by Act No. XXVII. of this year, a certificate shall be granted by the Collector of Customs at the place of export, under authority of which certificate the quantity of Salt specified therein shall be landed at any other port of the said Presidency of Bombay, and shall be passed from such port into the interior without the levy of any further duty either of Excise or of Customs.

XLIV. And it is hereby enacted, that when a Customs Officer shall be sent on board of any vessel to superintend the delivery of cargo, twenty days, exclusive of Sundays and Holidays, shall be allowed for the discharge of the import cargo of vessels not exceeding six hundred tons burthen, and thirty days, exclusive of Sundays and Holidays, for the discharge of the import cargo of vessels exceeding that burthen, and the said periods shall be calculated from the day when the Customs Officer first went on board. And if the whole cargo be not discharged by the expiration of the abovementioned periods, the Master shall be charged with the wages of such Officer, and other expenses for any further period that such Officer may be detained on board. And if the owners, importers, or consignees do not bring their Goods to land within the periods above fixed, it shall be the duty of the Master so to do.

XLV. And it is hereby enacted, that when there shall be no Customs Officer sent aboard vessels discharging cargo, it shall be lawful for the Collector of Customs to fix a period, not being less than twenty days, for the discharge thereof and clearance of the vessel inwards; and if any Goods remain on board after the time so fixed or after the time allowed in the last preceding Section of this Act, the Collector may order the same to be landed and warehoused for the security of the duties chargeable thereon, and of any freight and primage and other demands that may be due thereon, giving his receipt to the Master for the same. Provided always, that in all cases it shall be lawful for the Collector or other Officer in charge of the Custom House, with the consent of the Master of the vessel, to cause any packages to be brought on shore and to be deposited in the Government Warehouses for the security of the duties and charges thereon, although twenty days may not have expired from the entry of such vessel; and in case any Goods brought to land from any vessel be not claimed and cleared from the Custom House within three months from the date of entry of the ship in which such Goods were imported, it shall be competent to the Collector to sell the same on account of the duties and other charges due thereon, and the balance remaining after deducting the said duties and charges shall be held in deposit and paid to the Owner on application.

XLVI. And it is hereby enacted, that when a Customs Officer shall be sent on board of any vessel discharging cargo, a further period of fifteen days, Sundays and Holidays excluded, beyond the twenty days above specified, shall be allowed for putting on board export cargo if the vessel shall not exceed six hundred tons burthen, and twenty days if it exceed that burthen, when the lading and unlading thereof shall be continuous, and the Master or Commander shall in such case not be charged with the wages and expenses of the Customs Officer on board until after the expiration of such additional period. And if a vessel having discharged its import cargo shall be laid up, the Customs Officer on board shall certify that no Goods remain on board except necessary stores and articles for use, and when a vessel so laid up shall be entered at the Custom House for receipt of export cargo a Customs Officer shall be sent on board, and if the said last mentioned Officer shall certify that no Goods are on board except as above excepted, twenty days, exclusive of Sundays and Holidays, as above, shall be allowed from the date of such certificate for the lading outwards of a vessel not exceeding six hundred tons, and thirty days for

vessels exceeding that burthen, after which periods respectively the Master shall be charged with the wages and expenses of the Customs Officer on board to the date of the vessel's sailing from the port.

XLVII. And it is hereby enacted, that when upon application from the Master of any vessel the Customs Officer shall be removed from on board thereof under the provisions to that effect contained in the last preceding Section of this Act, if the Master of such vessel shall before a Customs Officer have again been placed in such vessel, put on board of such vessel, or cause or suffer to be put on board of such vessel any Goods whatever, such Master shall be punished with a fine, not exceeding one thousand Rupees, and the Goods shall be liable to be re-landed for examination at the expence of the shippers upon requisition to that effect from the Collector of Customs.

XLVIII. And it is hereby enacted, that upon any Goods liable to duty that may be passed through the Custom House for shipment, the application for which shall be presented after port clearance shall have been taken out, double of the prescribed duty shall in all cases be levied, and if the Goods be free or have already paid import duty, or have been imported free under certificate, five per cent. upon the market value shall be levied thereon, or if the same be imported Goods entitled to drawback the drawback shall be forfeited, but no separate duty shall be levied on drawback Goods.

XLIX. And it is hereby enacted, that when a vessel having cleared out from any port shall put back from stress of weather, or it shall for any damage or from other cause be necessary that the cargo of a vessel that has cleared out shall be unshipped or relanded, a Customs Officer shall be sent to watch the vessel and take charge of the cargo during such relanding or removal from on board, and the Goods on board such vessel shall not be allowed to be transhipped or re-exported free of duty by reason of the previous settlement of duty at the time of first export unless the Goods shall be lodged in such place as shall be allowed by the Collector of Customs, and shall remain while on land, or while on board of any other vessel under special charge of the Officers of Customs until the time of re-export, and all charges attending such custody shall be borne by the exporter. Provided however that in all cases of return to port after port clearance, on account of damage or for stress of weather, it shall be lawful for the Owner, or for the Master to enter the vessel and land the cargo under the rules for the importation af Goods, and the export duty shall in that case be refunded and the amount paid in drawback be reclaimed, and if Goods on account of which drawback has been paid be not found on board the vessel, the Master shall be liable to a fine not exceeding the entire value thereof unless he account for them to the satisfaction of the Collector of Customs.

L. And it is hereby enacted, that when Goods shall be re-landed before the lading of any vessel is complete and before port clearance has been granted, the duty levied upon such Goods shall be returned to the exporter, but no refund shall be made of duty paid on the export of any Goods after port clearance shall have been granted for the vessel on which the Goods were exported, unless the vessel shall have put back for stress of weather or for damage, and the Goods shall have been relanded under the rule contained in the last preceding Section of this Act.

LI. And it is hereby enacted, that Pattamars, Dhonies, Botellos, and other small craft from the Maldive or Laccadive islands, or from the Native Ports of Kattywar, Cutch and Scinde, shall be treated in the ports of the Bombay Presidency like the coasting craft of the British territory, provided that they conform to such special regulations as to the place of anchoring and mode of landing and shipping Goods as may be made by the Governor in Council of Bombay for such vessels in the several ports of the Bombay Presidency.

LII. And it is hereby enacted, that no drawback shall be allowed on Goods shipped on such Native craft as are described in the last preceding Section of this Act.

LIII. And it is hereby enacted, that Goods exported in the same vessels if manifested for re-export, shall not be subject to import or export duty, and if any Goods brought to any port in any vessel be transhipped in such port, they shall in all cases be subject to the same duty as if they had been landed and passed through the Custom House for re-exportation in the vessel into which they may be transhipped.

LIV. And it is hereby enacted, that no transhipment shall be made of any Goods except under special order in writing from the Collector of Customs of the port, and an Officer of Customs shall in all cases be deputed to superintend the removal of the Goods from vessel to vessel.

LV. And it is hereby enacted, that at every port subordinate to the Bombay Presidency, the port of Bombay excepted, an anchorage fee shall be levied once at each port according to the burthen on all Country craft above the burthen of (100) one hundred maunds, at the rates hereinunder specified.

LVIII. And it is hereby enacted, that it shall be lawful for any Collector of Customs, or other Officer who may be authorized to adjudicate Customs cases, if he shall decide that a seizure of Goods made under the authority of this Act was vexatious and unnecessary to adjudge damages to be paid to the proprietor by the Customs Officer who made such vexatious seizure, besides ordering the immediate release of the Goods; and if the proprietor accept such damages no action shall thereafter lie against the Officer of Customs in any Court of Justice on account of such seizure: and if such adjudicating Officer shall decide that the seizure was warranted, but shall deem that the penalty of confiscation is unduly severe, it shall be lawful for him to mitigate the same to the extent of the levy of double duty: and if the said Officer shall adjudge confiscation, it shall further be lawful for him to order that from the proceeds of the sale of the Goods, a proportion not exceeding one-half shall be distributed in rewards amongst such Officers as he shall deem entitled thereto, and in such proportion as he may direct to each respectively.

MARINE DEPARTMENT.

Notification.—The Mint Engineer having reported that such progress has been made in the repair of the shaft of the Honourable Company's Steamer *Berenice* as to render it but little doubtful that the Vessel will be ready for sea on the 30th of November next, notice is hereby given, that it is the intention of the Right Honourable the Governor in Council, that the *Berenice* shall take her departure from hence to Suez on that day, and even if any failure should occur in the casting of the remaining pieces required to finish the repairs, an event which the greatest care and skill cannot always prevent, it is more than probable that the *Atalanta* will return in sufficient time to be despatched in her stead.

By Order, &c.

WEDNESDAY, NOVEMBER 22, 1837.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

30TH OCTOBER, 1837.

Read the following Extract from the Proceedings of Government in the Separate Department, dated 20th October 1837.

Resolution.—The Governor General of India in Council has always been desirous to assimilate the Duties levied on Internal and External Commerce at the several Presidencies of India, and, although circumstances compelled him to revise the Customs Duties of the Bengal Presidency before the enquiries instituted respecting the systems in force at the other Presidencies were sufficiently matured to enable him to make the measure general, it has been his wish to extend the same system to the Presidencies of Fort St. George and Bombay, as far as circumstances and the state of the Revenue might admit. But the result of the inquiries instituted showed that a much larger proportion of the Public Income of both those Presidencies was dependent on the Transit Duties, which it was proposed to abolish than had been the case in Bengal. The general Revenue of India moreover did not present the assurance of a confirmed surplus sufficient to enable the Governor General in Council to deal so liberally in the grant of relief from vexatious local Imposts as he wished. His Lordship in Council felt consequently the necessity of pausing before at once determining upon an entire assimilation of the systems of the three Presidencies, in order that the opportunity might be afforded of soliciting from the Hon'ble Court of Directors, the necessary authority to take measures attended with a sacrifice of important Items of the Public Income, and that the interval might be employed in seeking the means of replacing some portion at least of the Revenue proposed to be abandoned. The enquiries instituted through the Local Government and through the Customs Committee sitting in Calcutta, have for some time been completed for the Bombay Presidency, and the Governor General of India in Council has had the means of estimating the financial effect of the different measures proposed for its relief. The local duties were there various and irregular, and in some instances more than ordinarily vexatious and burthensome; but the Governor General of India in Council could not, without consulting the Local Authorities upon the specific provisions of the Laws required, take upon himself to lay before the Legislative Council Drafts of Acts to give effect to the measures intended, and the references made to Bombay for this purpose have led to much unexpected delay. It has been determined to relieve the Bombay Presidency from the imposts which were considered most injurious to commerce or most harassing to the population. Much has already been done with this view, and a means has been found of replacing some portion of the Revenue which it has so been determined to abandon by fixing the consolidated duty on Salt at Bombay on a footing higher than heretofore, but still considerably below the most favorable rate in force under the Madras Presidency.

The Governor General of India in Council has the prospect of a present surplus in the general Revenue of India, which, though produced from sources not of assured permanency, warrants nevertheless his submitting to some immediate sacrifice, in reliance upon the prosperous results to be expected under the encouragement afforded to production and commerce by light duties, and by the removal of all vexatious obstructions to internal communication.

Having therefore recently received the wider discretion solicited from the Hon'ble Court of Directors, in respect to the abandonment of existing sources of the public Revenue, the Governor General of India in Council has resolved no longer to delay the abolition of all Inland Customs Duties under the Bombay Presidency, and the substitution for them of an Excise Duty on Salt at the rate of 8 annas per Indian maund, which as before observed, is less than the lowest rate levied under the Madras Presidency, and it has been determined to introduce at the same time an amended Schedule of Sea Customs Duties corresponding in all essential points with that established for Bengal by Act No. XIV. of 1835, to be enforced uniformly at all the Stations and Ports under the Bombay Presidency. The general Duties intended to be laid upon unenumerated articles are the same as those of Bengal, viz. three and a half per cent upon Imports and three per cent upon Exports, and the same Drawback of seven-eighths will be allowed on re-exportation. But the Governor General of India in Council would, at the same time, place it on record that the very moderate general duty laid at present upon Imports has been adopted at both Presidencies only temporarily and experimentally.

In Bombay as well as in Bengal the Duty Schedules must be considered open to early though cautious and temperate revision. For the rates of duty on Imports may be subjected to increase should the Government of India deem it necessary to remit its export duty upon any staple articles, and the rates of duty in both Schedules may require to be enhanced, if the condition of the Finances of India should compel the Government to seek fresh sources of income, when, as is hoped may shortly be the case, it shall be able to extend to the Madras Presidency the full measure of relief conceded to Bengal and Bombay, and to introduce there the same Schedule of Sea Customs Duties accompanied with the same entire abandonment of the Inland Customs Duties.

The measures to be adopted for the reform of the system in force in the Presidency of Fort St. George have not yet been brought to maturity. But in the mean time the Governor General of India in Council has resolved to submit to the Legislative Council of India the following two Drafts of Acts which it is proposed to pass for the Bombay Presidency.

The advanced period of the season, and recent advices from the Government of Bombay urging the immediate establishment of the new duties upon Salt, have induced the Governor General of India in Council to propose that the law prepared upon that subject should be passed without the delay of the usual notice, a measure which may be adopted with the less reluctance because the authorities of Bombay have had the provisions in substance for several months under their consideration.

It is the hope of the Governor General in Council that the new duties upon Sea Customs will also be brought into operation within the Bombay Presidency by the 15th of January next.

(Signed) H. T. PRINSEP,

Secy. to Government.

Read and considered the Drafts of Act received with the above Resolution.

Read a further Extract from the proceedings of Government in the Separate Department dated 28th October, with copy of a letter from the Secretary to Government at Bombay dated 14th of that month and enclosures, and with a revised Draft of Act for imposing a duty on Salt in the Bombay Presidency, prepared in consequence of the receipt of that dispatch.

Ordered, that the revised Draft of Act be forwarded to the Right Honorable the Governor General of India,

and that the consideration of it be resumed on the receipt of the written opinion of the Governor General thereupon.

FORT WILLIAM, LEGISLATIVE DEPARTMENT,

8TH NOVEMBER, 1837.

Read again the following Draft of Act for regulating the Customs of the Bombay Presidency.

ACT No. of 1837.

I. It is hereby enacted, that from the 15th January, 1838, all Regulations of the Bombay Code passed before the year 1827 and now in force, with the exception of Sections I., II., and III., Regulation VI., 1799, and of Clause 2, Section VII., Regulation IX., 1800, and of Sections XIV., XVII., XX., XXI., and XXV., Regulation I., of 1805, and of the whole of Regulations II., 1810 and VI., 1814, shall be repealed.

II. And it is hereby enacted, that Chapters I., II., VI., VIII., and IX., of Regulation XX., 1827 of the said Code, together with the Appendices A, B, C, E, H, I, J, K of that Regulation, also Regulation II., 1831, Regulation XIII., 1831, Regulation I., 1832, Regulation IV., 1833 and Regulation IV., 1834 of the said Code, and all such parts of any Regulations of the said Code as prescribe the levy of Transit or Inland Customs Duties, or as require the payment of any fee whatever on account of any vessel which may enter any port in the territories subject to the Bombay Presidency, and likewise the provisions of any kind contained in those or in any other Regulations, for fixing the amount of duty to be levied on Goods imported or exported by Sea at any place within the limits of the Bombay Presidency, or the drawback payable on the same, shall be repealed.

III. Provided always, that nothing contained in the two preceding Sections of this Act shall be construed to prevent the levy of any Town Duty, or of any Municipal tax, or of any toll on any bridge, road, canal, or causeway for repair and maintenance of the same; or of any fee for the erection and maintenance of light houses.

IV. And it is hereby enacted, that Duties of Customs shall be levied on Goods imported by Sea into any place in the territories subordinate to the Government of the Presidency of Bombay, after the said 15th January next, according to the rates specified in Schedule A annexed to this Act, and with the exceptions specified therein, and the said Schedule, with the Notes attached thereto shall be taken to be a part of this Act.

V. And it is hereby further enacted, that Duties of Customs shall be levied upon Country Goods exported by Sea from any ports of the Bombay Presidency after the said 15th January next according to the rates specified in Schedule B annexed to this Act, with the exceptions therein specified, and the said Schedule with the Notes attached thereto shall also be taken to be a part of this Act.

VI. Provided however, that the ships of any European Nation having firman privileges in the port of Surat, shall not be subject to further duties of import or export than may be prescribed by their firmans respectively, any thing in the Schedules or in this Act notwithstanding.

VII. And it is hereby enacted, that Duties of Customs shall be levied on Goods passing by land into or out of Foreign European Settlements, situated on the line of coast within the limits of the Presidency of Bombay at the rates prescribed in the Schedules of this Act, for Goods imported or exported on Foreign bottoms at any British port in that Presidency.

VIII. And it is hereby enacted, that it shall be lawful for the Governor in Council of the Presidency of Bombay to declare by notice to be published in the Gazette of that Presidency, that the territory of any Native Chief, not subject to the jurisdiction of the Courts and Civil Authorities of that Presidency shall be deemed to be foreign territory, and to declare Goods passing into or out of such territory liable either to the duty fixed for British or for Foreign bottoms as the said Governor in Council may think fit.

IX. And it is hereby enacted, that for the levy of Duties of Customs as above provided on Goods exported by land to or imported by land from such Foreign territories Customs' Chokees may be established at such places as may be determined by the said Governor in Council, and every Officer at every such Chokee shall have power to detain Goods passing into or out of any such Foreign territory, and to examine and ascertain the quantities and kinds thereof, and such Goods shall not be allowed to pass across the frontier line out of or into the territory of the East India Company until the owner or person in charge thereof shall produce and deliver a certificate shewing that the Customs duty leviable thereupon has been paid in full.

X. XXIII. And it is hereby enacted, that the market value for assessment of duties on *ad valorem* Goods shall be declared by the owner, consignee or exporter, or by the agent or factor for any of these respectively, upon the face of the application to be given in by him in writing for the passing of the Goods through the Custom House, and the value so declared shall include the packages or materials in which the Goods are contained, and the application shall truly set forth the name of the ship in which the Goods have been imported or are to be exported, the name of the master of the said ship, the colours under which the said ship sails, the number, description, marks, and contents of the packages and the Country in which the Goods were produced.

XXXVI. And it is hereby enacted, that whenever a Collector of Customs shall see cause to direct that any vessel shall be searched he shall issue his warrant or written order for such search addressed to any officer under his authority and upon production of such order the officer bearing it shall be competent to require any cabins, lockers, or bulkheads to be opened in his presence, and if they be not opened upon his requisition to break the same open, and any Goods that may be found concealed, and that shall not be duly accounted for to the satisfaction of the Collector of Customs shall be liable to confiscation, and any Master or person in charge of a vessel, who shall resist such officer or refuse to allow the vessel to be searched when so ordered by the Collector of Customs, shall be liable upon conviction for every such offence to a fine of one thousand Rupees.

XXXVII. And it is hereby enacted, that every Master of a vessel who shall remove from such vessel or put on board thereof any Goods, or cause or suffer any Goods to be removed from thence or put on board thereof between sunset and sunrise or on any day when the Custom House is closed for business without leave in writing obtained from the Collector of Customs, shall be punished with a fine not exceeding five hundred Rupees.

And it is hereby enacted, that no cargo boat laden with Goods intended for exportation by sea shall make fast to or lie alongside of any vessel on board of which there shall be a Customs Officer stationed unless there shall be on board the boat, or have been received by the said Customs Officer a Custom House permit or order for the shipment of the Goods, and the Goods on board of any boat that may so be alongside or be made fast to a vessel, if such Goods be not covered by a Custom House pass accompanying them, or previously received by the Customs Officer on board, the said vessel shall be liable to confiscation.

XXXIX. And it is hereby enacted, that when Goods shall be sent from on board of any vessel having a Customs Officer on board for the purpose of being landed and passed for importation there shall be sent with each boat load or other separate despatch a boat note, specifying the number of packages, and the marks and numbers or other description thereof, and such boat note shall be signed by an Officer of the vessel and likewise by the Customs Officer on board, and if any imported Goods be found in a boat proceeding to land from such a vessel without a boat note, or if being accompanied by a boat note they be found out of the proper track between the ship and the proper place of landing, the boat containing such Goods may be detained by any Officer of Customs duly authorized by the Collector, and unless the cause of deviation be explained to the satisfaction of the Collector of Customs, the Goods shall be liable to confiscation.

XL. And it is hereby enacted, that when Goods shall be brought to be passed through the Custom House either for importation or exportation by sea, if the packages in which the same may be contained shall be found not to correspond with the description of them given in the application for passing them through the Custom House, or if the contents thereof be found not to have been correctly described in regard to sort, quality, or quantity, or if any Goods not stated in the application be found concealed in or mixed up with the specified articles, all such packages with the whole of the Goods contained therein, shall be liable to confiscation.

XLI. And it is hereby enacted, that if any person after Goods have been landed and before they have been passed through the Custom House, removes or attempts to remove them with the intention of defrauding the revenue, the Goods shall be liable to confiscation unless it shall be proved to the satisfaction of the Collector of Customs that the removal was not sanctioned by the owner or by any person having an interest in or power over the Goods.

XLII. And it is hereby enacted, that it shall be lawful for the Collector of Customs, whenever he shall see fit, to require that Goods brought by sea and stowed in bulk shall be weighed or measured on board ship before being sent to land, and to levy duty according to the result of such weighing or measurement.

XLIII. And it is hereby enacted, that on application by the exporter of any Salt that has paid the Excise duty fixed by Act No. XXVII. of this year, a certificate shall be granted by the Collector of Customs at the place of export, under authority of which certificate the quantity of Salt specified therein shall be landed at any other port of the said Presidency of Bombay, and shall be passed from such port into the interior without the levy of any further duty either of Excise or of Customs.

XLIV. And it is hereby enacted, that when a Customs Officer shall be sent on board of any vessel to superintend the delivery of cargo, twenty days, exclusive of Sundays and Holidays, shall be allowed for the discharge of the import cargo of vessels not exceeding six hundred tons burthen, and thirty days, exclusive of Sundays and Holidays, for the discharge of the import cargo of vessels exceeding that burthen, and the said periods shall be calculated from the day when the Customs Officer first went on board. And if the whole cargo be not discharged by the expiration of the abovementioned periods, the Master shall be charged with the wages of such Officer, and other expenses for any further period that such Officer may be detained on board. And if the owners, importers, or consignees do not bring their Goods to land within the periods above fixed, it shall be the duty of the Master so to do.

XLV. And it is hereby enacted, that when there shall be no Customs Officer sent aboard vessels discharging cargo, it shall be lawful for the Collector of Customs to fix a period, not being less than twenty days, for the discharge thereof and clearance of the vessel inwards; and if any Goods remain on board after the time so fixed or after the time allowed in the last preceding Section of this Act, the Collector may order the same to be landed and warehoused for the security of the duties chargeable thereon, and of any freight and primage and other demands that may be due thereon, giving his receipt to the Master for the same. Provided always, that in all cases it shall be lawful for the Collector or other Officer in charge of the Custom House, with the consent of the Master of the vessel, to cause any packages to be brought on shore and to be deposited in the Government Warehouses for the security of the duties and charges thereon, although twenty days may not have expired from the entry of such vessel; and in case any Goods brought to land from any vessel be not claimed and cleared from the Custom House within three months from the date of entry of the ship in which such Goods were imported, it shall be competent to the Collector to sell the same on account of the duties and other charges due thereon, and the balance remaining after deducting the said duties and charges shall be held in deposit and paid to the Owner on application.

XLVI. And it is hereby enacted, that when a Customs Officer shall be sent on board of any vessel discharging cargo, a further period of fifteen days, Sundays and Holidays excluded, beyond the twenty days above specified, shall be allowed for putting on board export cargo if the vessel shall not exceed six hundred tons burthen, and twenty days if it exceed that burthen, when the lading and unlading thereof shall be continuous, and the Master or Commander shall in such case not be charged with the wages and expenses of the Customs Officer on board until after the expiration of such additional period. And if a vessel having discharged its import cargo shall be laid up, the Customs Officer on board shall certify that no Goods remain on board except necessary stores and articles for use, and when a vessel so laid up shall be entered at the Custom House for receipt of export cargo a Customs Officer shall be sent on board, and if the said last mentioned Officer shall certify that no Goods are on board except as above excepted, twenty days, exclusive of Sundays and Holidays, as above, shall be allowed from the date of such certificate for the lading outwards of a vessel not exceeding six hundred tons, and thirty days for

vessels exceeding that burthen, after which periods respectively the Master shall be charged with the wages and expenses of the Customs Officer on board to the date of the vessel's sailing from the port.

XLVII. And it is hereby enacted, that when upon application from the Master of any vessel the Customs Officer shall be removed from on board thereof under the provisions to that effect contained in the last preceding Section of this Act, if the Master of such vessel shall before a Customs Officer have again been placed in such vessel, put on board of such vessel, or cause or suffer to be put on board of such vessel any Goods whatever, such Master shall be punished with a fine, not exceeding one thousand Rupees, and the Goods shall be liable to be re-landed for examination at the expence of the shippers upon requisition to that effect from the Collector of Customs.

XLVIII. And it is hereby enacted, that upon any Goods liable to duty that may be passed through the Custom House for shipment, the application for which shall be presented after port clearance shall have been taken out, double of the prescribed duty shall in all cases be levied, and if the Goods be free or have already paid import duty, or have been imported free under certificate, five per cent. upon the market value shall be levied thereon, or if the same be imported Goods entitled to drawback the drawback shall be forfeited, but no separate duty shall be levied on drawback Goods.

XLIX. And it is hereby enacted, that when a vessel having cleared out from any port shall put back from stress of weather, or it shall for any damage or from other cause be necessary that the cargo of a vessel that has cleared out shall be unshipped or relanded, a Customs Officer shall be sent to watch the vessel and take charge of the cargo during such relanding or removal from on board, and the Goods on board such vessel shall not be allowed to be transhipped or re-exported free of duty by reason of the previous settlement of duty at the time of first export unless the Goods shall be lodged in such place as shall be allowed by the Collector of Customs, and shall remain while on land, or while on board of any other vessel under special charge of the Officers of Customs until the time of re-export, and all charges attending such custody shall be borne by the exporter. Provided however that in all cases of return to port after port clearance, on account of damage or for stress of weather, it shall be lawful for the Owner, or for the Master to enter the vessel and land the cargo under the rules for the importation af Goods, and the export duty shall in that case be refunded and the amount paid in drawback be reclaimed, and if Goods on account of which drawback has been paid be not found on board the vessel, the Master shall be liable to a fine not exceeding the entire value thereof unless he account for them to the satisfaction of the Collector of Customs.

L. And it is hereby enacted, that when Goods shall be re-landed before the lading of any vessel is complete and before port clearance has been granted, the duty levied upon such Goods shall be returned to the exporter, but no refund shall be made of duty paid on the export of any Goods after port clearance shall have been granted for the vessel on which the Goods were exported, unless the vessel shall have put back for stress of weather or for damage, and the Goods shall have been relanded under the rule contained in the last preceding Section of this Act.

LI. And it is hereby enacted, that Pattamars, Dhonies, Botellos, and other small craft from the Maldive or Laccadive islands, or from the Native Ports of Kattywar, Cutch and Scinde, shall be treated in the ports of the Bombay Presidency like the coasting craft of the British territory, provided that they conform to such special regulations as to the place of anchoring and mode of landing and shipping Goods as may be made by the Governor in Council of Bombay for such vessels in the several ports of the Bombay Presidency.

LII. And it is hereby enacted, that no drawback shall be allowed on Goods shipped on such Native craft as are described in the last preceding Section of this Act.

LIII. And it is hereby enacted, that Goods exported in the same vessels if manifested for re-export, shall not be subject to import or export duty, and if any Goods brought to any port in any vessel be transhipped in such port, they shall in all cases be subject to the same duty as if they had been landed and passed through the Custom House for re-exportation in the vessel into which they may be transhipped.

LIV. And it is hereby enacted, that no transhipment shall be made of any Goods except under special order in writing from the Collector of Customs of the port, and an Officer of Customs shall in all cases be deputed to superintend the removal of the Goods from vessel to vessel.

LV. And it is hereby enacted, that at every port subordinate to the Bombay Presidency, the port of Bombay excepted, an anchorage fee shall be levied once at each port according to the burthen on all Country craft above the burthen of (100) one hundred maunds, at the rates hereinunder specified.

LVIII. And it is hereby enacted, that it shall be lawful for any Collector of Customs, or other Officer who may be authorized to adjudicate Customs cases, if he shall decide that a seizure of Goods made under the authority of this Act was vexatious and unnecessary to adjudge damages to be paid to the proprietor by the Customs Officer who made such vexatious seizure, besides ordering the immediate release of the Goods; and if the proprietor accept such damages no action shall thereafter lie against the Officer of Customs in any Court of Justice on account of such seizure: and if such adjudicating Officer shall decide that the seizure was warranted, but shall deem that the penalty of confiscation is unduly severe, it shall be lawful for him to mitigate the same to the extent of the levy of double duty, and if the said Officer shall adjudge confiscation, it shall further be lawful for him to order that from the proceeds of the sale of the Goods, a proportion not exceeding one-half shall be distributed in rewards amongst such Officers as he shall deem entitled thereto, and in such proportion as he may direct to each respectively.

IV. And it is hereby enacted, that no such Permit shall be granted, unless the contract of service shall be made determinable on the expiration of one term of not more than five years, to be reckoned from the date of the contract, or of successive terms, none of which shall exceed five years; and unless such contract shall contain a stipulation that such Native shall be conveyed back to the port at which he is embarked, free of charge to himself, at the expiration of his service.

No. 2 Report of the Examination of such Opium.

12th. The Public are hereby informed, that in providing the Investment of the Behar and Benares Opium for the Year 1836 37, the same precautions have been taken as those which have been observed during past Years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of Leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the Weight of the Drug when packed at Behar and Benares, and a Statement of the average Weight of Six Chests from each Dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium.

13th. Four Chests of Behar and Benares Opium which have been reserved from the provision of the two preceding years, will be shewn to the Purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

14th. The Public are hereby informed, that in addition to the quantity abovementioned, the following quantities of Behar and Benares Opium will be brought to Sale this year at the dates specified, viz.

	Chests.
On or about the 2d February, say	2,300
On or about the 20th April, say	4,000
On or about the 20th May, say	2,000
On or about the 25th June, say	3,800
Total in addition to the 7,000 Chests to be Sold on 2d January, 1838, about Chests	12,100

But it is hereby further notified, that under the 6th Article of the Convention between Great Britain and France, dated the 7th March, 1815, quoted below, the Agents in India of His Majesty the King of the French, or Persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for Sale at the five Sales, in the months of February, April, May and June, 1838, there shall be delivered to them at the average of the particular Sale or Sales, to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 Chests;

Behar, ...	248
Benares, ..	52
Total	300

the Agents of the French Government must make Requisition for the whole of the Opium required by them during the year within 30 days after the publication of this Advertisement, specifying the particular Sale or Sales from which the quantity of Opium is intended to be taken. If the Agents of the French Government shall not make the Requisitions for Opium within the time abovementioned, the entire quantity of about 19,100 Chests of Behar and Benares Opium as above estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for Sale at each or any of the five Sales abovementioned, but shall not pay for it within the prescribed period of payment, the Governor of Bengal reserves to himself the right of disposing of the Opium, which the French Authorities may so fail to pay for, either

by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above refered to. } Article 6th.—" With regard to the Trade in Opium, it is agreed between the High Contracting Parties, that at each of the Periodical Sales of that Article, there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the Persons duly appointed by them, the number of chests so applied for provided that such supply shall not exceed Three Hundred Chests in each year and the price for the same be determined by the average rate at which Opium shall have been Sold at every such Periodical Sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty, within the usual period of delivery, the quantity so applied for, shall nevertheless be considered as so much in reduction of the Three Hundred Chests herein beforementioned, the requisitions for Opium as aforesaid, are to be addressed to the Governor General at Calcutta, within thirty days after notice of the intended Sales shall have been published in the Government Gazette."

By Order of the Board of Customs, Salt and Opium, the 16th November, 1837,

S. G. PALMER, *Actg. Secretary.*

SUPPLEMENT TO

The Calcutta Gazette.

Published by Authority.

WEDNESDAY, NOVEMBER 29, 1837.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
30TH OCTOBER, 1837.

Read the following Extract from the Proceedings of Government in the Separate Department, dated 20th October 1837.

Resolution.—The Governor General of India in Council has always been desirous to assimilate the Duties levied on Internal and External Commerce at the several Presidencies of India, and, although circumstances compelled him to revise the Customs Duties of the Bengal Presidency before the enquiries instituted respecting the systems in force at the other Presidencies were sufficiently matured to enable him to make the measure general, it has been his wish to extend the same system to the Presidencies of Fort St. George and Bombay, as far as circumstances and the state of the Revenue might admit. But the result of the inquiries instituted showed that a much larger proportion of the Public Income of both those Presidencies was dependent on the Transit Duties, which it was proposed to abolish than had been the case in Bengal. The general Revenue of India moreover did not present the assurance of a confirmed surplus sufficient to enable the Governor General in Council to deal so liberally in the grant of relief from vexatious local Imposts as he wished. His Lordship in Council felt consequently the necessity of pausing before at once determining upon an entire assimilation of the systems of the three Presidencies, in order that the opportunity might be afforded of soliciting from the Hon'ble Court of Directors, the necessary authority to take measures attended with a sacrifice of important Items of the Public Income, and that the interval might be employed in seeking the means of replacing some portion at least of the Revenue proposed to be abandoned. The enquiries instituted through the Local Government and through the Customs Committee sitting in Calcutta, have for some time been completed for the Bombay Presidency, and the Governor General of India in Council has had the means of estimating the financial effect of the different measures proposed for its relief. The local duties were there various and irregular, and in some instances more than ordinarily vexatious and burthensome; but the Governor General of India in Council could not, without consulting the Local Authorities upon the specific provisions of the Laws required, take upon himself to lay before the Legislative Council Drafts of Acts to give effect to the measures intended, and the references made to Bombay for this purpose have led to much unexpected delay. It has been determined to relieve the Bombay Presidency from the imposts which were considered most injurious to commerce or most harassing to the population. Much has already been done with this view, and a means has been found of replacing some portion of the Revenue which it has so been determined to abandon by fixing the consolidated duty on Salt at Bombay on a footing higher than heretofore, but still considerably below the most favorable rate in force under the Madras Presidency.

The Governor General of India in Council has the prospect of a present surplus in the general Revenue of India, which, though produced from sources not of assured permanency, warrants nevertheless his submitting to some immediate sacrifice, in reliance upon the prosperous results to be expected under the encouragement afforded to production and commerce by light duties, and by the removal of all vexatious obstructions to internal communication.

Having therefore recently received the wider discretion solicited from the Hon'ble Court of Directors, in respect to the abandonment of existing sources of the public Revenue, the Governor General of India in Council has resolved no longer to delay the abolition of all Inland Customs Duties under the Bombay Presidency, and the substitution for them of an Excise Duty on Salt at the rate of 8 annas per Indian maund, which as before observed, is less than the lowest rate levied under the Madras Presidency, and it has been determined to introduce at the same time an amended Schedule of Sea Customs Duties corresponding in all essential points with that established for Bengal by Act No. XIV. of 1835, to be enforced uniformly at all the Stations and Ports under the Bombay Presidency. The general Duties intended to be laid upon unenumerated articles are the same as those of Bengal, viz. three and a half per cent upon Imports and three per cent upon Exports, and the same Drawback of seven-eighths will be allowed on re-exportation. But the Governor General of India in Council would, at the same time, place it on record that the very moderate general duty laid at present upon Imports has been adopted at both Presidencies only temporarily and experimentally.

In Bombay as well as in Bengal the Duty Schedules must be considered open to early though cautious and temperate revision. For the rates of duty on Imports may be subjected to increase should the Government of India deem it necessary to remit its export duty upon any staple articles, and the rates of duty in both Schedules may require to be enhanced if the condition of the Finances of India should compel the Government to seek fresh sources of income, when, as is hoped may shortly be the case, it shall be able to extend to the Madras Presidency the full measure of relief conceded to Bengal and Bombay, and to introduce there the same Schedule of Sea Customs Duties accompanied with the same entire abandonment of the Inland Customs Duties.

The measures to be adopted for the reform of the system in force in the Presidency of Fort St. George have not yet been brought to maturity. But in the mean time the Governor General of India in Council has resolved to submit to the Legislative Council of India the following two Drafts of Acts which it is proposed to pass for the Bombay Presidency.

The advanced period of the season, and recent advices from the Government of Bombay urging the immediate establishment of the new duties upon Salt, have induced the Governor General of India in Council to propose that the law prepared upon that subject should be passed without the delay of the usual notice, a measure which may be adopted with the less reluctance because the authorities of Bombay have had the provisions in substance for several months under their consideration.

It is the hope of the Governor General in Council that the new duties upon Sea Customs will also be brought into operation within the Bombay Presidency by the 15th of January next.

Secy. to Government.

Read and considered the Drafts of Act received with the above Resolution.

Read a further Extract from the proceedings of Government in the Separate Department dated 28th October, with copy of a letter from the Secretary to Government at Bombay dated 14th of that month and enclosures, and with a revised Draft of Act for imposing a duty on Salt in the Bombay Presidency, prepared in consequence of the receipt of that dispatch.

Ordered, that the revised Draft of Act be forwarded to the Right Honorable the Governor General of India,

and that the consideration of it be resumed on the receipt of the written opinion of the Governor General thereupon.

II. And it is hereby enacted, that Chapters I., II., VI., VIII., and IX., of Regulation XX., 1827 of the said Code, together with the Appendices A, B, C, E, H, I, J, K of that Regulation, also Regulation II., 1831, Regulation XIII., 1831, Regulation I., 1832, Regulation IV., 1833 and Regulation IV., 1834 of the said Code, and all such parts of any Regulations of the said Code as prescribe the levy of Transit or Inland Customs Duties, or as require the payment of any fee whatever on account of any vessel which may enter any port in the territories subject to the Bombay Presidency, and likewise the provisions of any kind contained in those or in any other Regulations, for fixing the amount of duty to be levied on Goods imported or exported by Sea at any place within the limits of the Bombay Presidency, or the drawback payable on the same, shall be repealed.

III. Provided always, that nothing contained in the two preceding Sections of this Act shall be construed to prevent the levy of any Town Duty, or of any Municipal tax, or of any toll on any bridge, road, canal, or causeway for repair and maintenance of the same; or of any fee for the erection and maintenance of light houses.

IV. And it is hereby enacted, that Duties of Customs shall be levied on Goods imported by Sea into any place in the territories subordinate to the Government of the Presidency of Bombay, after the said 15th January next, according to the rates specified in Schedule A annexed to this Act, and with the exceptions specified therein, and the said Schedule with the Notes attached thereto shall be taken to be a part of this Act.

V. And it is hereby further enacted, that Duties of Customs shall be levied upon Country Goods exported by Sea from any ports of the Bombay Presidency after the said 15th January next according to the rates specified in Schedule B annexed to this Act, with the exceptions therein specified, and the said Schedule with the Notes attached thereto shall also be taken to be a part of this Act.

VI. Provided however that the ships of any European Nation having firman privileges in the port of Surat, shall not be subject to further duties of import or export than may be prescribed by their firmans respectively, any thing in the Schedules or in this Act notwithstanding.

VII. And it is hereby enacted, that Duties of Customs shall be levied on Goods passing by land into or out of Foreign European Settlements, situated on the line of coast within the limits of the Presidency of Bombay at the rates prescribed in the Schedules of this Act, for Goods imported or exported on Foreign bottoms at any British port in that Presidency.

VIII. And it is hereby enacted, that it shall be lawful for the Governor in Council of the Presidency of Bombay to declare by notice to be published in the Gazette of that Presidency, that the territory of any Native Chief, not subject to the jurisdiction of the Courts and Civil Authorities of that Presidency shall be deemed to be foreign territory, and to declare Goods passing into or out of such territory liable either to the duty fixed for British or for Foreign bottoms as the said Governor in Council may think fit.

IX. And it is hereby enacted, that for the levy of Duties of Customs as above provided on Goods exported by land to or imported by land from such Foreign territories Customs' Chokees may be established at such places as may be determined by the said Governor in Council, and every Officer at every such Chokee shall have power to detain Goods passing into or out of any such Foreign territory, and to examine and ascertain the quantities and kinds thereof, and such Goods shall not be allowed to pass across the frontier line out of or into the territory of the East India Company until the owner or person in charge thereof shall produce and deliver a certificate shewing that the Customs duty leviable thereupon has been paid in full.

X. And it is hereby enacted that it shall be lawful for the said Governor in Council to appoint such Officers as he may think fit to receive money on account of Customs duties and to grant certificates of the payment thereof, and that such a certificate being delivered to any Chokee Officer shall entitle Goods to cross the frontier into or out of the East India Company's territories, provided that the Goods correspond in description with the specification thereof contained in such certificate, and that the certificate shew the entire amount of duty leviable on those Goods to have been duly paid. And if upon examination the Goods brought to any Chokee be found not to correspond with the specification entered in the certificate presented with the same, the difference shall be noted on the face of the certificate, and if the payment of duty certified therein shall not cover the entire amount of duty leviable on the Goods as ascertained at such examination, the Goods shall be detained until a further certificate for the difference shall be produced.

XI. And it is hereby enacted, that the said Governor in Council shall give public notice in the official Gazette of the Presidency of Bombay of the appointment of every Officer appointed to receive Customs duties on Goods crossing the land frontier of the said Foreign territories, and the Officers so appointed shall on receipt of money tendered as Customs duty be bound to give to any Merchant or other person applying for the same a certificate of payment, and to enter therein the specification of Goods with the values and description thereof according to the statement furnished by the person so applying, provided only that the proper duty leviable thereupon according to the descriptions and values stated be covered by the payment made.

XII. And it is hereby enacted, that no certificate shall be received at any Chokee that shall bear date more than thirty days before the date when the Goods arrive at the Chokee. Provided however that any person who has taken out a certificate from any authorized receiver of Customs duties shall at any time within the said period of thirty days on satisfying such receiver that such certificate has not been used and on delivering up the original be entitled to receive a renewed certificate, with a fresh date, without further payment of duty.

XIII. And it is hereby enacted, that it shall be lawful for the said Governor in Council to prescribe by public notice in the official Gazette of the Presidency of Bombay by what routes Goods shall be allowed to pass into or out of any such Foreign territory, as is described in Sections VII. and VIII. of this Act, and after such notice shall be given, Goods which may be brought to any Chokee established on other routes or passes than those so prescribed shall, if provided with a certificate, be sent back, and if not provided with a certificate shall be detained and shall be liable to confiscation by the Collector of Customs, unless the person in charge thereof shall be able to satisfy the said Collector that his carrying them by that route was from ignorance or accident.

XIV. And it is hereby enacted, that Goods which may be passed or which an attempt may be made to pass across any frontier guarded by Chokees between sunset and sunrise, or in a clandestine manner, shall be seized and confiscated.

XV. And it is hereby enacted, that any Chokee Officer who shall permit Goods to pass across the frontier when not covered by a sufficient certificate, or who shall permit Goods to pass by any prohibited route, or who shall wrongfully detain Goods for which there shall be produced a sufficient certificate, shall be liable on conviction, before the Collector of Customs, to imprisonment for a term not exceeding six months, and to a fine not exceeding five hundred Rupees, commutable if not paid to imprisonment for a further period of six months.

XVI. And it is hereby enacted, that if any Chokee Officer shall needlessly and vexatiously injure Goods under the pretence of examination, or in the course of his examination such Officer shall, on conviction before the Collector of Customs, or before any Magistrate or Joint Magistrate, be liable to imprisonment for a term not exceeding six months, and to fine not exceeding five hundred Rupees, commutable if not paid to imprisonment for a further period of six months.

XVII. And it is hereby enacted, that all Goods imported by Sea into any port of the Presidency of Bombay from any Foreign European Settlement in India, or from any Native State, the Inland trade of which has been declared by the Governor in Council of the Presidency of Bombay, under Section VIII. of this Regulation, to be subject to the duties levied on Foreign bottoms, shall be liable to the same duties as are imposed by Schedule A on imports on Foreign bottoms.

XVIII. And it is hereby enacted, that no Goods whatsoever entered in either of the Schedules of this Act, as liable to duty, shall be exempted from the payment of such duty or of any part thereof, except under special order from the Governor in Council of the Presidency of Bombay. Provided always that it shall and may be lawful for the Collector of Customs, or other Officer in charge of a Custom House, to pass free of duty any Baggage in actual use at his direction, and if any person shall apply to have Goods passed as such Baggage the Collector acting under the orders of the Government shall determine whether they be Baggage in actual use or Goods subject to duty under the provisions of this Act.

XIX. Provided always, that when Goods are imported at any port of the Bombay Presidency from any other port in that Presidency under certificate that the export duty specified in Schedule B has been duly paid thereon, or that there has been a re-export, and that the Import duty specified in Schedule A has been duly paid, the said Goods shall be admitted to free entry.

XX. Provided also, that when duties of Customs shall have been paid on any Goods at any port in any part of the territories of the East India Company not subject to the Presidency of Bombay, and when such Goods shall subsequently be imported at any port of the Presidency of Bombay, credit shall be given at such last mentioned port for the sum that may be proved by the production of due certificates to have been so paid.

XXI. And it is hereby enacted, that it shall be lawful for the Governor in Council of the Presidency of Bombay from time to time by notice in the Official Gazette of that Presidency, to fix a value for any article or number of articles liable to *ad valorem* duty, and the value so fixed for such articles shall till altered by a similar notice, be taken to be the value of such articles for the purpose of levying duty on the same.

XXII. And it is hereby enacted, that when Goods liable to duty for which a value has not been fixed by such a notice as is above directed, or for which a fixed duty has not been declared by the Schedules annexed to this Act, are brought to any Custom House in the Presidency of Bombay, for the purpose of being passed for importation or exportation, the duty leviable on such Goods shall be levied *ad valorem*, that is to say, according to the market value of such goods at the place and time of importation or exportation as the case may be.

XXIII. And it is hereby enacted, that the market value for assessment of duties on *ad valorem* Goods shall be declared by the owner, consignee or exporter, or by the agent or factor for any of these respectively, upon the face of the application to be given in by him in writing for the passing of the Goods through the Custom House, and the value so declared shall include the packages or materials in which the Goods are contained, and the application shall truly set forth the name of the ship in which the Goods have been imported or are to be exported, the name of the master of the said ship, the colours under which the said ship sails, the number, description, marks, and contents of the packages and the Country in which the Goods were produced.

XXIV. And it is hereby enacted, that every such declaration when duly signed shall be submitted to the Officer of Customs appointed to appraise Goods at the Custom House, and if it shall appear to him that the same is correct he shall countersign it as admitted; but if any part or the whole of the Goods shall seem to him to be undervalued in such declaration, he shall report the same to the Collector of Customs who shall have power to take the Goods or any part thereof as purchased for the Government at the price so declared, and whenever the Collector of Customs shall so take Goods for the Government payment thereof shall be made to the consignee or importer, if the goods be imported Goods within fifteen days from the date of the declaration, the amount of Import duty leviable thereon being first deducted, and if the Goods be intended for exportation the entire value as declared shall be paid without deduction on account of Customs duty.

XXV. And it is hereby enacted, that it shall be lawful for the Governor in Council of the Presidency of Bombay to declare by public notice in the official Gazette of that Presidency what places within the same shall be ports for the landing and shipment of merchandise, and any Goods that may be landed, or which an attempt may be made to land at any other port than such as shall be so declared shall be seized and confiscated.

XXVI. And it is hereby enacted, that when any vessel shall arrive in any port of the Presidency of Bombay the Master shall deliver a true manifest of the cargo on board made out according to the form annexed to this Act and marked C, to the first person duly empowered to receive such manifest that may come on board, and if no such person shall have come on board before the anchor of the said vessel is dropped then the manifest shall be forwarded to land on board of the first boat that leaves the vessel after dropping anchor, and if the port be up a river or at a distance from the land first made, then it shall be lawful for the said Governor in Council, by an order published in the official Gazette of the Presidency, to fix a place in any such river or port beyond which place it shall not be lawful for any inward bound vessel, except such Country Craft as are described in Section L. of this Act to pass until the Master shall have forwarded in such manner as may be ordered by the said Governor in Council such a manifest as is required by this Act.

XXVII. And it is hereby enacted, that if the manifest so delivered by the Master shall not contain a full and true specification of all the Goods imported in the vessel the said Master shall be liable to a fine of one thousand Rupees, and any Goods or Packages that may be found on board in excess of the manifest so delivered, or differing in quality or kind, or in marks and numbers from the specification contained therein shall be liable to be seized by any Customs Officer and confiscated, or to be charged with such increased duties as may be determined by the Collector of Customs under the orders of Government.

XXVIII. And it is hereby enacted, that if any inward bound vessel shall remain outside or below the place that may be fixed by the said Governor in Council for the first delivery of manifests, the Master shall deliver a manifest as hereinbefore prescribed, to the first person duly empowered to receive such manifest that may come on board, and if any vessel entering a port for which there is a Custom House established, shall lie at anchor therein for the space of twenty four hours the Master whereof shall refuse to deliver the said manifest in the manner above prescribed, he shall for such refusal be liable to fine not exceeding one thousand Rupees, and no entry or port clearance shall be given for such vessel until the fine is paid.

XXIX. And it is hereby enacted, that no vessel shall be allowed to break bulk until a manifest as required by this Act, and another copy thereof to be presented at the time of applying for entry inwards if so required by the Collector of Customs shall have been received by the said Collector, nor until order shall have been given by the said Collector for the discharge of the cargo, and that the said Collector may further refuse to give such order if he shall see fit until any port clearances, cocketts or other papers known to be granted at the places from which the vessel is stated to have come shall likewise be delivered to him.

XXX. And it is hereby enacted, that no Goods shall be allowed to leave any vessel or to be put on board thereof until entry of the vessel shall have been duly made in the Custom House of the port, and until order shall have been given for discharge of the cargo thereof as above provided, and it shall be the duty of every Customs Officer to seize as contraband any Goods which have been removed or put on board of any vessel in contravention of the above provision, or which any attempt shall have been made to remove from or to put on board of any vessel in contravention of the above provision. And after entry of the vessel at the Custom House in due form such part of the cargo as may not be declared for re-exportation in the same vessel shall be sent to land and export cargo shall be laden on board according to the forms and rules that may be prescribed for the port by this Act, or by order of the Governor in Council of the Presidency of Bombay, and if an attempt be made to land or put on board Goods or Merchandize in contravention of the forms and rules so prescribed the Goods shall be liable to seizure and confiscation.

XXXI. And it is hereby enacted, that if Goods entered in the manifest of a vessel shall not be found on board that vessel, or if the quantity found be short and the deficiency be not duly accounted for, or if Goods sent out of the vessel be not landed at the Custom House, or at such other place as the Collector of Customs shall have prescribed, the Master shall be liable to a penalty not exceeding five hundred rupees for every missing or deficient package of unknown value, and for twice the amount of duty chargeable on the Goods deficient and unaccounted for, if the duty can be ascertained. Provided however, that nothing herein contained shall be construed to prevent the Collector of Customs from permitting at his discretion the Master of any vessel to amend obvious errors or to supply omissions from accident or inadvertence by furnishing an amended or supplemental manifest.

XXXII. And it is hereby enacted, that there shall in every port of the Bombay Presidency be one or more places appointed for the landing and shipment of Goods, and Goods shall not be landed at any other place without the special order in writing of the Collector of Customs for the port, and if any Goods be landed, or an attempt be made to land any Goods at any other than the said authorised places without such order they shall be seized and confiscated.

XXXIII. And it is hereby enacted, that if the Governor in Council shall see fit for the security of Customs at any port to maintain special establishments of boats for the landing and shipping of merchandize, or to license and register the cargo boats plying in any ports then after due notification thereof, it shall not be lawful for any person to convey Goods to or from any vessel, in such port otherwise than in the boats so authorized and prescribed, except under special permit from the Collector of Customs at the port, and any Goods that may be found on board of other boats than those so authorized for the port shall be liable to be seized by any Officer of Customs and shall be liable to confiscation.

XXXIV. And it is hereby enacted, that when the Governor in Council of the Presidency of Bombay shall see fit to maintain at any port an establishment of officers to be sent on board of vessels to watch their unlading and lading, then after due notification shall have been given that such establishment is so maintained at any port the Collector of Customs at that port shall have power at his discretion to send one or more officers of such establishment to remain on board of any vessel in such port by night and by day until the vessel shall leave the port or it shall be otherwise ordered by the Collector.

XXXV. And it is hereby enacted, that any Master of such vessel at such port who shall refuse to receive such officer with one servant on board when such officer shall be so deputed as above provided, or shall not afford such officer and such servant suitable shelter and sleeping accommodation while on board, and likewise furnish them with a due allowance of fresh water if necessary and with the means of cooking on board, shall be liable to fine not exceeding the sum of one hundred Rupees for each day during which such officer and servant shall not be received and provided with suitable shelter and accommodation.

XXXVI. And it is hereby enacted, that whenever a Collector of Customs shall see cause to direct that any vessel shall be searched he shall issue his warrant or written order for such search addressed to any officer under his authority and upon production of such order the officer bearing it shall be competent to require any cabins, lockers, or bulkheads to be opened in his presence, and if they be not opened upon his requisition to break the same open, and any Goods that may be found concealed, and that shall not be duly accounted for to the satisfaction of the Collector of Customs shall be liable to confiscation, and any Master or person in charge of a vessel, who shall resist such officer or refuse to allow the vessel to be searched when so ordered by the Collector of Customs, shall be liable upon conviction for every such offence to a fine of one thousand Rupees.

XXXVII. And it is hereby enacted, that every Master of a vessel who shall remove from such vessel or put on board thereof any Goods, or cause or suffer any Goods to be removed from thence or put on board thereof between sunset and sunrise or on any day when the Custom House is closed for business without leave in writing obtained from the Collector of Customs, shall be punished with a fine not exceeding five hundred Rupees.

XXXVIII. And it is hereby enacted, that no cargo boat laden with Goods intended for exportation by sea shall make fast to or lie alongside of any vessel on board of which there shall be a Customs Officer stationed unless there shall be on board the boat, or have been received by the said Customs Officer a Custom House permit or order for the shipment of the Goods, and the Goods on board of any boat that may so be alongside or be made fast to a vessel, if such Goods be not covered by a Custom House pass accompanying them, or previously received by the Customs Officer on board, the said vessel shall be liable to confiscation.

XXXIX. And it is hereby enacted, that when Goods shall be sent from on board of any vessel having a Customs Officer on board for the purpose of being landed and passed for importation there shall be sent with each boat load or other separate despatch a boat note, specifying the number of packages, and the marks and numbers or other description thereof, and such boat note shall be signed by an Officer of the vessel and likewise by the Customs Officer on board, and if any imported Goods be found in a boat proceeding to land from such a vessel without a boat note, or if being accompanied by a boat note they be found out of the proper track between the ship and the proper place of landing, the boat containing such Goods may be detained by any Officer of Customs duly authorized by the Collector, and unless the cause of deviation be explained to the satisfaction of the Collector of Customs, the Goods shall be liable to confiscation.

XL. And it is hereby enacted, that when Goods shall be brought to be passed through the Custom House either for importation or exportation by sea, if the packages in which the same may be contained shall be found not to correspond with the description of them given in the application for passing them through the Custom House, or if the contents thereof be found not to have been correctly described in regard to sort, quality, or quantity, or if any Goods not stated in the application be found concealed in or mixed up with the specified articles, all such packages with the whole of the Goods contained therein, shall be liable to confiscation.

XLI. And it is hereby enacted, that if any person after Goods have been landed and before they have been passed through the Custom House, removes or attempts to remove them with the intention of defrauding the revenue, the Goods shall be liable to confiscation unless it shall be proved to the satisfaction of the Collector of Customs that the removal was not sanctioned by the owner or by any person having an interest in or power over the Goods.

XLII. And it is hereby enacted, that it shall be lawful for the Collector of Customs, whenever he shall see fit, to require that Goods brought by sea and stowed in bulk shall be weighed or measured on board ship before being sent to land and to levy duty according to the result of such weighing or measurement.

XLIII. And it is hereby enacted, that on application by the exporter of any Salt that has paid the Excise duty fixed by Act No. XXVII. of this year, a certificate shall be granted by the Collector of Customs at the place of export, under authority of which certificate the quantity of Salt specified therein shall be landed at any other port of the said Presidency of Bombay, and shall be passed from such port into the interior without the levy of any further duty either of Excise or of Customs.

XLIV. And it is hereby enacted, that when a Customs Officer shall be sent on board of any vessel to superintend the delivery of cargo, twenty days, exclusive of Sundays and Holidays, shall be allowed for the discharge of the import cargo of vessels not exceeding six hundred tons burthen, and thirty days, exclusive of Sundays and Holidays, for the discharge of the import cargo of vessels exceeding that burthen, and the said periods shall be calculated from the day when the Customs Officer first went on board. And if the whole cargo be not discharged by the expiration of the abovementioned periods, the Master shall be charged with the wages of such Officer, and other expenses for any further period that such Officer may be detained on board. And if the owners, importers, or consignees do not bring their Goods to land within the periods above fixed, it shall be the duty of the Master so to do.

XLV. And it is hereby enacted, that when there shall be no Customs Officer sent aboard vessels discharging cargo, it shall be lawful for the Collector of Customs to fix a period, not being less than twenty days, for the discharge thereof and clearance of the vessel inwards; and if any Goods remain on board after the time so fixed or after the time allowed in the last preceding Section of this Act, the Collector may order the same to be landed and warehoused for the security of the duties chargeable thereon, and of any freight and primage and other demands that may be due thereon, giving his receipt to the Master for the same. Provided always, that in all cases it shall be lawful for the Collector or other Officer in charge of the Custom House, with the consent of the Master of the vessel, to cause any packages to be brought on shore and to be deposited in the Government Warehouses for the security of the duties and charges thereon, although twenty days may not have expired from the entry of such vessel; and in case any Goods brought to land from any vessel be not claimed and cleared from the Custom House within three months from the date of entry of the ship in which such Goods were imported, it shall be competent to the Collector to sell the same on account of the duties and other charges due thereon, and the balance remaining after deducting the said duties and charges shall be held in deposit and paid to the Owner on application.

XLVI. And it is hereby enacted, that when a Customs Officer shall be sent on board of any vessel discharging cargo, a further period of fifteen days, Sundays and Holidays excluded, beyond the twenty days above specified, shall be allowed for putting on board export cargo if the vessel shall not exceed six hundred tons burthen, and twenty days if it exceed that burthen, when the lading and unlading thereof shall be continuous, and the Master or Commander shall in such case not be charged with the wages and expenses of the Customs Officer on board until after the expiration of such additional period. And if a vessel having discharged its import cargo shall be laid up, the Customs Officer on board shall certify that no Goods remain on board except necessary stores and articles for use, and when a vessel so laid up shall be entered at the Custom House for receipt of export cargo a Customs Officer shall be sent on board, and if the said last mentioned Officer shall certify that no Goods are on board except as above excepted, twenty days, exclusive of Sundays and Holidays, as above, shall be allowed from the date of such certificate for the lading outwards of a vessel not exceeding six hundred tons, and thirty days for

vessels exceeding that burthen, after which periods respectively the Master shall be charged with the wages and expenses of the Customs Officer on board to the date of the vessel's sailing from the port.

XLVII. And it is hereby enacted, that when upon application from the Master of any vessel the Customs Officer shall be removed from on board thereof under the provisions to that effect contained in the last preceding Section of this Act, if the Master of such vessel shall before a Customs Officer have again been placed in such vessel, put on board of such vessel, or cause or suffer to be put on board of such vessel any Goods whatever, such Master shall be punished with a fine, not exceeding one thousand Rupees, and the Goods shall be liable to be re-landed for examination at the expence of the shippers upon requisition to that effect from the Collector of Customs.

XLVIII. And it is hereby enacted, that upon any Goods liable to duty that may be passed through the Custom House for shipment, the application for which shall be presented after port clearance shall have been taken out, double of the prescribed duty shall in all cases be levied, and if the Goods be free or have already paid import duty, or have been imported free under certificate, five per cent. upon the market value shall be levied thereon, or if the same be imported Goods entitled to drawback the drawback shall be forfeited, but no separate duty shall be levied on drawback Goods.

XLIX. And it is hereby enacted, that when a vessel having cleared out from any port shall put back from stress of weather, or it shall for any damage or from other cause be necessary that the cargo of a vessel that has cleared out shall be unshipped or relanded, a Customs Officer shall be sent to watch the vessel and take charge of the cargo during such relanding or removal from on board; and the Goods on board such vessel shall not be allowed to be transhipped or re-exported free of duty by reason of the previous settlement of duty at the time of first export unless the Goods shall be lodged in such place as shall be allowed by the Collector of Customs, and shall remain while on land, or while on board of any other vessel under special charge of the Officers of Customs until the time of re-export, and all charges attending such custody shall be borne by the exporter. Provided however that in all cases of return to port after port clearance, on account of damage or for stress of weather, it shall be lawful for the Owner, or for the Master to enter the vessel and land the cargo under the rules for the importation af Goods, and the export duty shall in that case be refunded and the amount paid in drawback be reclaimed, and if Goods on account of which drawback has been paid be not found on board the vessel, the Master shall be liable to a fine not exceeding the entire value thereof unless he account for them to the satisfaction of the Collector of Customs.

L. And it is hereby enacted, that when Goods shall be re-landed before the lading of any vessel is complete and before port clearance has been granted, the duty levied upon such Goods shall be returned to the exporter, but no refund shall be made of duty paid on the export of any Goods after port clearance shall have been granted for the vessel on which the Goods were exported, unless the vessel shall have put back for stress of weather or for damage, and the Goods shall have been relanded under the rule contained in the last preceding Section of this Act.

LI. And it is hereby enacted, that Pattamars, Dhonies, Botellos, and other small craft from the Maldive or Laccadive islands, or from the Native Ports of Kattywar, Cutch and Scinde, shall be treated in the ports of the Bombay Presidency like the coasting craft of the British territory, provided that they conform to such special regulations as to the place of anchoring and mode of landing and shipping Goods as may be made by the Governor in Council of Bombay for such vessels in the several ports of the Bombay Presidency.

LII. And it is hereby enacted, that no drawback shall be allowed on Goods shipped on such Native craft as are described in the last preceding Section of this Act.

LIII. And it is hereby enacted, that Goods exported in the same vessels if manifested for re-export, shall not be subject to import or export duty, and if any Goods brought to any port in any vessel be transhipped in such port, they shall in all cases be subject to the same duty as if they had been landed and passed through the Custom House for re-exportation in the vessel into which they may be transhipped.

LIV. And it is hereby enacted, that no transhipment shall be made of any Goods except under special order in writing from the Collector of Customs of the port, and an Officer of Customs shall in all cases be deputed to superintend the removal of the Goods from vessel to vessel.

FORT WILLIAM,
GENERAL DEPARTMENT, 26TH JUNE 1832.

ALL Public Officers of Government sending Advertisements to the *Calcutta Gazette* for publication, are hereby directed to make them as short as possible, and to specify always how many times the Advertisement shall be repeated.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, *Secy. to the Govt.*

FORT WILLIAM.
FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

Notice is hereby given, that under instructions just received from the Honourable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.			
	Per Company's Rupee for Advances made at		Bengal.
	Ditto	Ditto	Madras.
	Ditto	Ditto	Bombay.
	Per Spanish Dollar, Ditto		China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the *Bill, for* the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.		
	Per Company's Rupee for Advances made at....................	Bengal.

	Per Spanish Dollar, Ditto......	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorised, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

The Public are hereby informed, that in providing the Investment of the Behar and Benares Opium for the Year 1836-37, the same precautions have been taken as those which have been observed during past Years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of Leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the Weight of the Drug when packed at Behar and Benares, and a Statement of the average Weight of Six Chests from each Dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium.

13th. Four Chests of Behar and Benares Opium which have been reserved from the provision of the two preceding years, will be shewn to the Purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

14th. The Public are hereby informed, that in addition to the quantity abovementioned, the following quantities of Behar and Benares Opium will be brought to Sale this year at the dates specified, viz.

	Chests.

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

No. 88.

FORT WILLIAM, GENERAL DEPARTMENT,

THE 13TH DECEMBER, 1837.

The following Extracts from a Letter from the Secretary of the Admiralty to Admiral the Hon'ble Sir Robert Stopford at Malta, dated 26th July 1837, apprizing him of a new arrangement about to be made for the periodical arrival and departure of the Mediterranean Packets, is published for general information.

"I am commanded by my Lords Commissioners of "the Admiralty to acquaint you that their Lordships "have entered into a contract for the conveyance of "the Mediterranean Mail Bags to Gibraltar, and that "Her Majesty's Packets running direct from this "Country to Malta will be discontinued after the 1st "August next, but that as the communication to "Malta will be henceforward more frequent, some "of the Steam Vessels now employed in the convey-"ance of the Mediterranean Mails from England to "Malta, Corfu and Alexandria, are to be retained "in the Mediterranean for carrying on the service "there.

"It is the intention of my Lords that a commu-"nication once a fortnight should be maintained "between Gibraltar and Malta; once a fortnight "between Malta and Corfu, and once a month be-"tween Malta and Alexandria.

"Two Steam Vessels will suffice for the first and "one for each of the latter services. It is the in-"tention of my Lords that Malta should be the ren-"dezvous of those Vessels.

"A Steam Vessel will leave Falmouth every "Monday and reach Gibraltar in nine days,—that "is every Tuesday night or Wednesday morning.

Malta. Gibraltar. "It is the intention of my Lords allowing "six days for the voyage from "Malta to Gibraltar, that one "of Her Majesty's Steam Vessels "should leave Malta every alternate Thursday so "as to reach Gibraltar at the same time as the "Steam Vessel from England on the Tuesday night "or Wednesday morning, remaining there twenty-"four or thirty-six hours, if so much can be allow-"ed, and returning to Malta so as to reach that "place on the Tuesday following.

"The Second Packet will leave Malta for Gibral-"tar the ensuing Thursday and pursue the same "course. Each Packet will be absent thirteen "days, and then remain fifteen days in Harbour.

Malta. Corfu. "A Steam Packet will leave Malta in the same "manner for Corfu on every al-"ternate Thursday, leaving an in-"terval of a day between the ar-"rival of the Packet from Gibraltar and the start-"ing of the Packet for Corfu. She will pursue "the same course as is now done, and remaining "five days at Corfu, return in time to leave a day's "interval at Malta, before the departure of the "next Packet for Gibraltar.

Malta, Alexandria and Beyrout. "After an interval of two days from the arrival "at Malta of the Packet from "Gibraltar, bringing the Mail "which is to leave Falmouth on "the First Monday in September, "a Steam Packet will proceed to Alexandria, re-"main there one day, then proceed to Beyrout, re-"main there two days, return to Alexandria, re-"main there six days, and then return to Malta "where she will be expected to arrive so as to "leave two days interval between the starting of the "next Packet for Gibraltar.

"The stay of six days at Alexandria is given to "allow for the uncertainty of the arrival of the "Indian Mail by the Red Sea.

Repairs. "It is presumed that the time of five days at "Corfu will enable the Packet "running to that place to per-"form the ordinary repairs of which she may stand "in need; she will be at most seven days at sea "out of every fourteen.

"The Alexandrian Packet will have time during "her six days at Alexandria for the same purpose, "or during the three days she will remain at Malta, "but as she will be sixteen days at sea out of "twenty-eight, and may therefore occasionally "stand in need of further repair, one of the Malta "or Gibraltar Steamers should from time to time "be substituted for her, by which means she will "be enabled to remain sixteen days in Harbour at "Malta after proceeding once to Gibraltar, so that "it may be presumed any necessary repairs may be "performed there.

"My Lords think it only necessary to add that "you will of course employ the most powerful "Steamers between Malta and Gibraltar and be-"tween Malta and Alexandria. The precise time "of starting, and all minor points of this descrip-"tion are left to your discretion, and my Lords "desire that you will report to them the directions "which you give upon this subject."

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 11TH DECEMBER, 1837.

The following Draft of a proposed Act was read in Council for the first time on the 11th December, 1837:

ACT NO. —— OF 1837.

I. It is hereby enacted in modification of the Rules contained in Chapter VIII. Regulation XVII. of 1827 of the Bombay Code, that in the Territories subject to the Presidency of Bombay, all disputes regarding the possession of land, or of the wuttuns of hereditary district or village officers, whether derived from the land or not, where such possession is claimed on the ground of inheritance, will, gift or contract, shall be tried in the Courts of Adawlut and Courts subordinate thereto, and not in the Courts of Revenue.

II. Provided always, that where a claim is made to the immediate occupancy of land in cultivation or to trees at the time yielding fruit, or to crops on the ground, every such claim shall be summarily tried by the Revenue Authorities, and the party in favour of whom the decision is, shall continue in possession till ejected in due course of law.

III. Provided also, that nothing contained in this Act shall be held to interfere with the jurisdiction defined in Clauses 2, 3, 4 and 5 of Section XXXI. Regulation XVII. of 1827 of the aforesaid Code, which shall continue to be exercised by the Revenue Courts.

IV. And it is hereby enacted, that if a suit be presented in the Court of a Judge, or Collector, which such Judge or Collector shall not deem within his jurisdiction, the party presenting such suit shall be referred by the Court in which it may be first presented to that in which, in the opinion of such Court, the jurisdiction lies, and the latter Court shall, in the event of its doubting its jurisdiction in the case, refer the question of jurisdiction to the Sudder Dewannee Adawlut, whose decision on the point shall be final.

V. And it is hereby enacted, that if a suit be presented in any Court subordinate to the Court of a Judge or Collector, which suit such subordinate Court shall not deem to be within its jurisdiction, such subordinate Court shall submit the case to the Judge's or Collector's Court to which such subordinate Court is subordinate; and if the superior Court to which the case is so submitted shall be of opinion that such subordinate Court has jurisdiction in the case, such superior Court shall direct such subordinate Court to proceed with the case; and if such superior Court shall be of opinion that such subordinate Court has not jurisdiction in the case such superior Court shall proceed in the manner directed in the last preceding Section.

VI. And it is hereby enacted, that whenever a Court of Adawlut or a Revenue Court shall have entered on its file, under this Act, a suit in which it has not jurisdiction, it shall be competent to the Sudder Dewannee Adawlut, either on a reference from the Judge or Collector (as the case may be,) or on application from the parties, to direct that the suit be transferred with all the proceedings which may have taken place therein up to the period of transfer, to the Court possessing jurisdiction, which shall proceed therewith as if the suit had been originally filed in that Court.

VII. And it is hereby enacted, that when any Court trying an appeal finds that the action was originally brought and decided in a Revenue Court, when it ought to have been brought and decided in a Court of Adawlut, or Court subordinate thereto, or, that the action was originally brought and decided in a Court of Adawlut, or a Court subordinate thereto, when it ought to have been brought and decided in a Revenue Court, the Court trying the appeal, shall, instead of quashing the whole proceedings, annul only the decree, and refer the suit to be tried in the Court to which the jurisdiction properly belongs, without further costs of Stamps to the parties, except on new exhibits if any such should be allowed to be filed, and the Court trying any such case referred under the foregoing Section shall take further pleadings, exhibits, and evidence only if it deem such necessary, and shall pass a new decree, but if an appeal be made from such new decree by the party originally bringing the appeal, then the decree of the Court trying such new appeal shall be passed without the cost of a new Stamp on the petition of appeal to that party.

VIII. And it is hereby enacted, that all original suits and appeals relating to any of the subjects enumerated in Sections I. and II. of this Act, which may be depending in the Revenue Courts, shall be forthwith transferred to the Courts of Adawlut, and in all cases where the right of appeal may now be open, the appeal shall be brought to the Court to which, under the rules of this Act such appeal shall lie.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the first day of February, 1838.

CONSIDERABLE misapprehension prevailing as to what articles are comprized in the term "Baggage in use" and so entitled to Free duty—It is hereby declared, that the term applies solely to Wearing Apparel, second hand or in use, Cabin Furniture and trifling Personal Property, all in use and accompanying the Proprietor.

The Tidewaiter on board each Vessel, after satisfying himself by inspection that Baggage as above defined, has been in use, will pass direct from the Ship.

Fresh Millinery, Saddlery, Musical Instruments, Guns, Pistols, Carriages, Wines, Spirits, Plate, Glass, Crockery, &c. not used, [although for personal use and not brought for sale] are liable to Duty; all packages containing such articles as well as all closed packages whatever the contents may be stated to be, must be sent to the Custom House at the expense of the Proprietor for examination and levy of Duty, unless the Proprietor can produce to the Tidewaiter a Custom House Permit or Pass particularly specifying such packages.

Passengers whose Baggage may have been forwarded to the Custom House, are requested to apply in writing to the Collector of Customs at the Custom House for a Permit; such application should contain the number of packages and the contents and value of each.

Personal applications cannot be attended to.

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.

Whereas there was this day read at the Board a Report from the Lords of the Committee of the whole Council in the words following, viz.

"In pursuance of your Majesty's Order in Council bearing date the 21st day of this instant, July, directing a Committee of the whole Council to meet and settle what alterations it may be necessary to make in the Royal Arms in consequence of the demise of His late Most Sacred Majesty, whereupon the German Dominions of His late Majesty devolved upon His Royal Highness the Duke of Cumberland now Ernest Augustus King of Hanover, the Lords of the Committee have this day met and been attended by Deputy Garter King of Arms and Richmond and York Heralds, who having submitted to their Lordships a Drawing of the Royal Arms wherein the Shield or Inescocheon of Pretence representing the Arms of His late Majesty's German Dominions and ensigned by the Royal Crown of Hanover are omitted, and the Shield left to contain the Armorial Ensigns of the United Kingdom only as the Arms of Dominion, as in the Drawing hereunto annexed, and their Lordships approving of the said Drawing do agree humbly to lay the same before your Majesty, in order to receive your Majesty's Royal Pleasure thereupon.

And the Committee are further of opinion, that in the Great Seal of the United Kingdom and in all the Seals of Office Stamps, Coins or Instruments, where Your Majesty's present Arms are now used, the alteration above proposed should be observed, and also in Your Majesty's Standard, and in the Badges, &c., for the Kings of Arms, and in the several Ornaments of Your Majesty's State in Parliament or elsewhere.

And the Lords of the Committee further submit their opinion, that it may be expedient, that Your Majesty's Pleasure touching the said alteration should be signified by Your Majesty's Principal Secretary of State for the Home Department to the Captain General of all and singular Your Majesty's Land Forces, to the Commissioners for executing the Office of Lord High Treasurer of Great Britain. FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

The 11th December, 1837.

The following Draft of a proposed Act was read in Council for the first time on the 11th December, 1837:

Act No. —— of 1837.

I. It is hereby enacted in modification of the Rules contained in Chapter VIII. Regulation XVII. of 1827 of the Bombay Code, that in the Territories subject to the Presidency of Bombay, all disputes regarding the possession of land, or of the wuttuns of hereditary district or village officers, whether derived from the land or not, where such possession is claimed on the ground of inheritance, will, gift or contract, shall be tried in the Courts of Adawlut and Courts subordinate thereto, and not in the Courts of Revenue.

II. Provided always, that where a claim is made to the immediate occupancy of land in cultivation or to trees at the time yielding fruit, or to crops on the ground, every such claim shall be summarily tried by the Revenue Authorities, and the party in favour of whom the decision is, shall continue in possession till ejected in due course of law.

III. Provided also, that nothing contained in this Act shall be held to interfere with the jurisdiction defined in Clauses 2, 3, 4 and 5 of Section XXXI. Regulation XVII. of 1827 of the aforesaid Code, which shall continue to be exercised by the Revenue Courts.

IV. And it is hereby enacted, that if a suit be presented in the Court of a Judge, or Collector, which such Judge or Collector shall not deem within his jurisdiction, the party presenting such suit shall be referred by the Court in which it may be first presented to that in which, in the opinion of such Court, the jurisdiction lies, and the latter Court shall, in the event of its doubting its jurisdiction in the case, refer the question of jurisdiction to the Sudder Dewannee Adawlut, whose decision on the point shall be final.

V. And it is hereby enacted, that if a suit be presented in any Court subordinate to the Court of a Judge or Collector, which suit such subordinate Court shall not deem to be within its jurisdiction, such subordinate Court shall submit the case to the Judge's or Collector's Court to which such subordinate Court is subordinate; and if the superior Court to which the case is so submitted shall be of opinion that such subordinate Court has jurisdiction in the case, such superior Court shall direct such subordinate Court to proceed with the case; and if such superior Court shall be of opinion that such subordinate Court has not jurisdiction in the case such superior Court shall proceed in the manner directed in the last preceding Section.

VI. And it is hereby enacted, that whenever a Court of Adawlut or a Revenue Court shall have entered on its file, under this Act, a suit in which it has not jurisdiction, it shall be competent to the Sudder Dewannee Adawlut, either on a reference from the Judge or Collector (as the case may be,) or on application from the parties, to direct that the suit be transferred with all the proceedings which may have taken place therein up to the period of transfer, to the Court possessing jurisdiction, which shall proceed therewith as if the suit had been originally filed in that Court.

VII. And it is hereby enacted, that when any Court trying an appeal finds that the action was originally brought and decided in a Revenue Court, when it ought to have been brought and decided in a Court of Adawlut, or Court subordinate thereto, or, that the action was originally brought and decided in a Court of Adawlut, or a Court subordinate thereto, when it ought to have been brought and decided in a Revenue Court, the Court trying the appeal, shall, instead of quashing the whole proceedings, annul only the decree, and refer the suit to be tried in the Court to which the jurisdiction properly belongs, without further costs of Stamps to the parties, except on new exhibits if any such should be allowed to be filed, and the Court trying any such case referred under the foregoing Section shall take further pleadings, exhibits, and evidence only if it deem such necessary, and shall pass a new decree, but if an appeal be made from such new decree by the party originally bringing the appeal, then the decree of the Court trying such new appeal shall be passed without the cost of a new Stamp on the petition of appeal to that party.

VIII. And it is hereby enacted, that all original suits and appeals relating to any of the subjects enumerated in Sections I. and II. of this Act, which may be depending in the Revenue Courts, shall be forthwith transferred to the Courts of Adawlut, and in all cases where the right of appeal may now be open, the appeal shall be brought to the Court to which, under the rules of this Act such appeal shall lie.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the first day of February, 1838.

FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandize of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve; and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.		
	Per Company's Rupee for Advances made at..................	Bengal.
	Ditto..............Ditto..........	Madras.
	Ditto..............Ditto..........	Bombay.
	Per Spanish Dollar, Ditto......	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor, and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, *on payment of the Bills; and with whom* they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the *Sea risk; as the East India Company will not undertake to effect any Insurance upon them.*

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 11TH DECEMBER, 1837.

The following Draft of a proposed Act was read in Council for the first time on the 11th December, 1837:

ACT No. —— OF 1837.

I. It is hereby enacted in modification of the Rules contained in Chapter VIII. Regulation XVII. of 1827 of the Bombay Code, that in the Territories subject to the Presidency of Bombay, all disputes regarding the possession of land, or of the wuttuns of hereditary district or village officers, whether derived from the land or not, where such possession is claimed on the ground of inheritance, will, gift or contract, shall be tried in the Courts of Adawlut and Courts subordinate thereto, and not in the Courts of Revenue.

II. Provided always, that where a claim is made to the immediate occupancy of land in cultivation or to trees at the time yielding fruit, or to crops on the ground, every such claim shall be summarily tried by the Revenue Authorities, and the party in favour of whom the decision is, shall continue in possession till ejected in due course of law.

III. Provided also, that nothing contained in this Act shall be held to interfere with the jurisdiction defined in Clauses 2, 3, 4 and 5 of Section XXXI. Regulation XVII. of 1827 of the aforesaid Code, which shall continue to be exercised by the Revenue Courts.

IV. And it is hereby enacted, that if a suit be presented in the Court of a Judge, or Collector, which such Judge or Collector shall not deem within his jurisdiction, the party presenting such suit shall be referred by the Court in which it may be first presented to that in which, in the opinion of such Court, the jurisdiction lies, and the latter Court shall, in the event of its doubting its jurisdiction in the case, refer the question of jurisdiction to the Sudder Dewannee Adawlut, whose decision on the point shall be final.

V. And it is hereby enacted, that if a suit be presented in any Court subordinate to the Court of a Judge or Collector, which suit such subordinate Court shall not deem to be within its jurisdiction, such subordinate Court shall submit the case to the Judge's or Collector's Court to which such subordinate Court is subordinate; and if the superior Court to which the case is so submitted shall be of opinion that such subordinate Court has jurisdiction in the case, such superior Court shall direct such subordinate Court to proceed with the case; and if such superior Court shall be of opinion that such subordinate Court has not jurisdiction in the case such superior Court shall proceed in the manner directed in the last preceding Section.

VI. And it is hereby enacted, that whenever a Court of Adawlut or a Revenue Court shall have entered on its file, under this Act, a suit in which it has not jurisdiction, it shall be competent to the Sudder Dewannee Adawlut, either on a reference from the Judge or Collector (as the case may be,) or on application from the parties, to direct that the suit be transferred with all the proceedings which may have taken place therein up to the period of transfer, to the Court possessing jurisdiction, which shall proceed therewith as if the suit had been originally filed in that Court.

VII. And it is hereby enacted, that when any Court trying an appeal finds that the action was originally brought and decided in a Revenue Court, when it ought to have been brought and decided in a Court of Adawlut, or Court subordinate thereto, or, that the action was originally brought and decided in a Court of Adawlut, or a Court subordinate thereto, when it ought to have been brought and decided in a Revenue Court, the Court trying the appeal, shall, instead of quashing the whole proceedings, annul only the decree, and refer the suit to be tried in the Court to which the jurisdiction properly belongs, without further costs of Stamps to the parties, except on new exhibits if any such should be allowed to be filed, and the Court trying any such case referred under the foregoing Section shall take further pleadings, exhibits, and evidence only if it deem such necessary, and shall pass a new decree, but if an appeal be made from such new decree by the party originally bringing the appeal, then the decree of the Court trying such new appeal shall be passed without the cost of a new Stamp on the petition of appeal to that party.

VIII. And it is hereby enacted, that all original suits and appeals relating to any of the subjects enumerated in Sections I and II. of this Act, which may be depending in the Revenue Courts, shall be forthwith transferred to the Courts of Adawlut, and in all cases where the right of appeal may now be open, the appeal shall be brought to the Court to which, under the rules of this Act such appeal shall lie.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the first day of February, 1838.

The first Lot of which will be sold to the highest bidder with the option as already provided.

12th. The following Papers, together with Samples of the Opium to be sold, will be exhibited for inspection on the day of Sale, or may be seen previously to that date, by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 2 Report of the Examination of such Opium.

13th. The Public are hereby informed, that in providing the Investment of the Behar and Benares Opium for the Year 1836-37, the same precautions have been taken as those which have been observed during past Years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of Leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the Weight of the Drug when packed at Behar and Benares, and a Statement of the average Weight of Six Chests from each Dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium.

Article of the Convention above refered to. Article 6th.—"With regard to the Trade in Opium, it is agreed between the High Contracting Parties, that at each of the Periodical Sales of that Article, there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the Persons duly appointed by them, the number of chests so applied for provided that such supply shall not exceed Three Hundred Chests in each year and the price for the same be determined by the average rate at which Opium shall have been sold at every such Periodical Sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty, within the usual period of delivery, the quantity so applied for, shall nevertheless be considered as so much in reduction of the Three Hundred Chests herein beforementioned, the requisitions for Opium as aforesaid, are to be addressed to the Governor General at Calcutta, within thirty days after notice of the intended Sales shall have been published in the Government Gazette."

The Purchaser of any Lot shall have the option of immediately naming and purchasing any number of Lots of the same description of Opium of the numbers next following the Lot first purchased, and not exceeding Forty-nine in addition to the Lot first purchased, making a total of Fifty Lots. And for the Lots so purchased, the purchaser shall Deposit 1,000 Rs. per Lot, and pay the same price per Chest as that for which he purchased the first Lot, under the present Conditions of Sale; and if at the conclusion of the first division of the Sale in which the Behar Opium is always sold, there is not a sufficient number of Lots of that Opium to complete the Fifty as above, the party who has exercised the option will be entitled to as many Lots, short of Fifty, as shall remain; but the option will not be renewed to the same party on the second division of the Behar Opium being put up for Sale. The first Lot of which will be sold to the highest bidder with the option as already provided.

12th. The following Papers, together with Samples of the Opium to be sold, will be exhibited for inspection on the day of Sale, or may be seen previously to that date, by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

An account of the Weight of the Drug when packed at Behar and Benares, and a Statement of the average Weight of Six Chests from each Dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium.

14th. Four Chests of Behar and Benares Opium which have been reserved from the provision of the two preceding years, will be shewn to the Purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

15th. The Public are hereby informed, that in addition to the quantity abovementioned, the following quantities of Behar and Benares Opium will be brought to Sale this year at the dates specified, viz.

The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

The first Lot of which will be sold to the highest bidder with the option as already provided.

If the Agents of the French Government shall not make the Requisitions for Opium within the time abovementioned, the entire quantity of about 19,100 Chests of Behar and Benares Opium as above estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for Sale at each or any of the five Sales abovementioned, but shall not pay for it within the prescribed period of payment, the Governor of Bengal reserves to himself the right of disposing of the Opium, which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above refered to. Article 6th.—" With regard to the Trade in Opium, it is agreed between the High Contracting Parties, that at each of the Periodical Sales of that Article, there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the Persons duly appointed by them, the number of chests so applied for provided that such supply shall not exceed Three Hundred Chests in each year and the price for the same be determined by the average rate at which Opium shall have been Sold at every such Periodical Sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty, within the usual period of delivery, the quantity so applied for, shall nevertheless be considered as so much in reduction of the Three Hundred Chests herein beforementioned, the requisitions for Opium as aforesaid, are to be addressed to the Governor General at Calcutta, within thirty days after notice of the intended Sales shall have been published in the Government Gazette."

By Order of the Board of Customs, Salt and Opium, the 10th November, 1837,

SUPPLEMENT TO

The Calcutta Gazette.

Published by Authority.

SATURDAY, DECEMBER 30, 1837.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 29TH DECEMBER, 1837.

The following Regulation, made by the Hon'ble Court of Directors, under the authority given to them by the Act of the 37th George III. Cap. 117, is published for general information, by the Orders of the Hon'ble the President of the Council of India in Council:

Preamble. Whereas by a Regulation for rescinding and re-enacting with modifications the provisions contained in Regulation VII. 1818, for regulating the Trade of Foreign Nations with the Ports and Settlements of the British Nation in the East Indies, made and passed by the Court of Directors of the East India Company on the 12th of August 1829, and which was promulgated by the Governor General in Council on the 26th January 1830, by the Governor in Council of Fort St. George on the 3d of June 1831, and by the Governor in Council of Bombay on the 31st of March 1830, it was declared:

1st. That Foreign European Ships belonging to any State or Country whether having a Settlement of its own in the East Indies or not, and Ships belonging to the Empire of Brazil, so long as such States, Countries, and Empire respectively should remain in amity with His Majesty, might freely enter the British Sea Ports and Harbours in the East Indies, whether they came directly from their own Country, or from any of the Ports or Places in the East Indies, they should be hospitably received, and should have liberty to trade there in Imports and Exports conformably to the Regulations established in such places, provided that it should not be lawful for the said Ships, in time of War between the British Government and any State or Power whatever, to export from the said British Territories, without the special permission of the British Government, any Military Stores or Naval Stores, Saltpetre or Grain. The said Ships might also be cleared out for any Port or Place in the East Indies, but if cleared out for Europe, or for any Port in the Empire of Brazil, they should be cleared out direct for the Country to which such Ship should respectively belong.

2dly. That the Trade between the British Possessions in India and the United States of America should be continued to be regulated by the Convention of Commerce between Great Britain and the United States of America, signed at London the 3d day of July 1815.

3dly. That nothing in the said Regulation should be construed to affect the provisions contained in the then existing Regulations for defining the duties to which the trade of Foreign Nations was and should be subject at the Ports and Settlements of the British Nation in the East Indies.

And whereas doubts have arisen how far the terms of the said recited Regulation would permit any Foreign Ships to carry Goods, not their original Cargo, from one Port to another, or to carry on the coasting or country trade.

And whereas it is expedient that such doubts should be removed, and also that the liberty of trading with the said Ports and Settlements should be extended to the Ships of some Foreign Countries not mentioned in the said Regulation, the Court of Directors of the said Company, by virtue of the powers granted to them by the Act passed in the 37th year of the Reign of His late Majesty King George the Third, entitled "An Act for regulating "the trade to be carried on with the British Possessions in India by the Ships of Nations in amity "with His Majesty," have rescinded so much of the said Regulation as is hereinbefore recited, and in lieu thereof have framed the following Regulation.

Foreign Ships belonging to any State or Country in Europe, or in America, so long as such States or Countries respectively remain in amity with His Majesty, may freely enter the British Sea Ports and Harbours in the East Indies, whether they come directly from their own Country or from any other place, and shall be there hospitably received. And such Ships shall have liberty to import into such Sea Ports, from their own respective Countries, Goods the produce of their Countries; and to export Goods from such Sea Ports to any Foreign Country whatever, conformably to the Regulations established, or to be established, in such Sea Ports. Provided, that it shall not be lawful for the said Ships, in time of War between the British Government and any State or Power whatsoever, to export from the said British Territories, without the special permission of the British Government, any Military or Naval Stores, Saltpetre, or Grain; nor to receive Goods on board at one British Port of India to be conveyed to another British Port of India on Freight or otherwise; but nevertheless the original inward Cargoes of such Ships may be discharged at different British Ports, and the outward Cargoes of such Ships may be laden at different British Ports, for their Foreign destinations.

Offg. Secy. to Govt. of India.
